And now I must close. Pardon me for giving you so much to thrash over, but I know you are deeply interested in this work, and from what you have already done that you feel that "State's" work is your work.

In a few more days I will endeavor to outline for the fellows something of my life during the past few months, and above all that of the school.

Sincerely,  
G. Weidman Groff.

From President Edmunds.
