Hugh McAllister Beaver Day.

The services in chapel last Sunday were, indeed, dignified and impressive. The committee in charge had the program well arranged and very interesting. The singing of

of Hugh Beaver's favorite hymns was impressive and the remarks of Dr. Gill concerning his life here at State were made in a very interesting and uplifting manner. That he was a model student and a loyal and true college man in all branches of its life was made very evident.

Prof. Green of West Chester, in his address, delivered a masterful eulogy on the life of his close friend, Hugh Beaver. His address is being printed and will be kept permanently in the Y. M. C. A. room as a model and as an inspiration for the best there is in life.

General and Mrs. Beaver were the guests of the day which was set aside in memory of their son, and through the efforts of the student committee flowers were placed upon the grave at Bellefonte.

Dormitory Rooms Chosen.

It is said that the present method of choosing rooms, that is, according to the order of classes and drawn numbers, will probably be a permanent thing. In McAllister Hall the number of students placed is one hundred and thirty, of which eighty-two are seniors, while in Main there have been one hundred and ninety placed with fourteen seniors. There are seven men signed in McAllister who have not as yet selected their room-mates while in Main there are fourteen such. Thus it is seen that there is a majority of seniors concentrated in the "Hall" which cannot help but be a good thing for the college.

Interclass League.

A typographical error in last week's issue of the Collegian placed the Sophomores in last place in the final league standing. The corrected standing is as follows:

	Won	Lost	Percentage
Freshmen	7	2	.777
Juniors	5	4	.555
Sophomores	4	5	.444
Seniors	2	7	.222

Class Day Exercises.

Arrangements are now complete for the Class Day exercises. They will be held on the front campus down near College avenue where there is a natural amphitheatre. The band will play the overture at one thirty, which selection will be followed by the farewell address given by Karl Marsh. Clarence Henry is to deliver the pipe oration, at the close of which the band will render another selection. The customary presentations will be in the hands of H. H. Acheson, when the class will join in the singing of the class song. The seniors are then to repair to the tower of the Armory at which point the ivy oration will be heard from A. A. Berland.

Commencement Visitors:

Most of the trustees will be present for Commencement. We shall also have with us the Hon. Alison O. Smith, '79, President Judge of the Clearfield Judicial District; Mr. J. C. Roberts of the U. S. Geological Survey, who is to speak at the dedication of the new museum of the School of Mines and Metallurgy; Speaker John F. Cox, of Homestead, Pa.; and Mr. Cyrus L. Fox and his wife. Mr. Fox is connected with the Department of Agriculture, Division of Zoology, at Harrisburg, and was at one time on our Board of Trustees.

The Thespians.

The play cast has been hard at the work rehearsing "King Popocatepillar VII." Mr. Downing, the coach is not in town at present but will be on hand to put on the finishing touches before the play goes on. It is practically the same as it was at the former production, and we all know, therefore that it is sure to be a great success. The Thespians have elected the following officers for next year: President, W. H. Foster; Assistant Manager, H. R. Moffitt; Secretary, J. A. Hassler; Treasurer, Professor J. H. Frizzell.
