

instill into the new material the true Penn State spirit.

The schedule as arranged by Manager McKee for this season follows:

Sept 25—Bellefonte Academy at State (probably.)

Oct. 2—Grove City at State.

Oct. 9—Carlisle Indians at Wilkes-Barre.

Oct. 16—Geneva at State.

Oct. 23—Pennsylvania at Philadelphia.

Oct. 30—Lafayette at Altoona (place not finally settled.)

Nov. 6—Bucknell at Lewisburg.

Nov. 13—West Virginia at State.

Nov. 25 (Thanksgiving)—Pittsburg at Pittsburg.

The Bellefonte Academy management appears to be unwilling to have their team come here this Saturday for a practice game but in such a case the varsity will work against the scrubs in what should be an interesting argument. Last year the Academy boys won 6 to 5 at State in the opening game yet no such result is anticipated this season if the teams should meet. The place for the Lafayette game is still unsettled; however, there is a strong sentiment here to have it played at Altoona where everything possible would be done. We take care of both teams in the best manner.

**Freshmen Track Meet.**

The freshman track and field meet held last Saturday afternoon was a big success and was thoroughly enjoyed by the large crowd that turned out to witness the list of events. It was a husky bunch of athletes that answered the crack of Pop Golden's pistol and every place was hotly contested for. Several of the men showed up exceptionally well and they will be in line for positions on the track team. Miller, who won the quarter and broad jump, never performed on the track before, while Short ran a pretty race

**State and Lehigh**

During the summer of 1908 the State Teachers' Association of Pennsylvania met at State College. During the past summer, the meet was held at Lehigh University. In the proceedings the Secretary compares the appearance of the two institutions as follows:

"While both universities proved delightful places of meeting, visitors were impressed with the difference in appearance. At State College one had the wide sweep of campus, the massive style of architecture, the wide outlook over the valley to the mountains some miles away. One had the sense of room, of breathing space, of freedom. At Lehigh, while just as pleasing in its way, we had the feeling that we were on the estate of some wealthy Englishman. There were the ivy covered towers, the well-kept grounds, the sense of cultivation. It was the contrast between art and nature. The two universities were alike, however, in the hospitable welcome which they extended to
