INTER-COLLEGIATE

Any student with more than four hours back work against him is barred from membership on any athletic team at F. and M.

All of last year's football team at Lafayette with the exception of two are back at college. There are fourteen varsity "L" men being reached by Folwell who, like Hollenback, was a U. of P. captain and star player. Their game with us should prove quite interesting.

Dickinson has 106 new students.

All students from Cumberland county are asked to meet in room 15 Engineering building, on Friday evening at 7 o'clock.

Our New Commandant.

Captain Fry who succeeds Capt. Hay as our new military commandant has been with us now for almost a month and is carrying along the drill so smoothly that few of us seem to realize that a change has been made at the head.

Captain Fry was born in Ohio in the year 1875. After spending several years in a preparatory course, he entered the University of Kansas a year or two before the outbreak of hostilities between this country and Spain. While at this school he became interested in military drill, and at the outbreak of the Spanish-American War answered the call for

volunteers, enlisting in the twentieth Kansas Regiment. He was sent to the Philippines where he spent seven years. While in these Islands he joined the regular army, enlisting in the thirty sixth regiment of infantry. During his service in the Philippines Capt. Fry organized the first battalion of the famous Macabebes Scouts which later captured General Aguinaldo. He is now a member of the thirteenth United States infantry. Capt. Fry is a graduate of The Army Service School at Fort Leavenworth from which place he came to us.

In behalf of the student body, we

welcome Capt. Fry into our midst and wish him every success in the fulfillment of his new position.

Mass Meetings.

Mass meetings are to be held every night next week and every student should make it a point to attend whether he intends to go to the Indian game or not. These meetings are held for the purpose of rousing that old time Penn State spirit. State has been noted for its fine cheering, and she must not fail this year to keep up her reputation.

The first thing "Bill" Hollenback asked about when he came here was the cheering. Nothing is more encouraging to a team out on the field than some rousing old yells or songs, or the band, and it is because of this that Hollenback is so interested in it. He has been there and knows what it is, for the U. of P. fellows certainly can do some yelling. He suggests that the cheering be done by classes, each class being together and having its own cheer leader, and then an official cheer leader to make them yell. Be sure to come out to the meetings and show some good college and class spirit.

"Larry" Vorhis, "Bull" McCleary, "Heff" Hirschman, Very, Mauthe, "Pete" Johnson and "Dutch" Hermann have all promised to speak at one or the other of the meetings. "Bill" Hollenback will be out too and so will "Muckle" McKee. He will tell about the transportation arrangements. And the band will be out for a couple nights too. It is not known definitely yet whether the band can go but everybody hopes sincerely that they can, for it helps the spirit along considerably.

Manager McKee says that the rate of \$3.75 for the round trip should induce about 800 fellows to go for the single fare one way is \$3.26. The rate for our special is certainly the most reasonable ever obtained. Plans are being made now to leave Lemont at 2 o'clock
