WEDNESDAY, DEC. 1

7:30 p. m. Armory. Interclass basketball, 1911 vs 1913.

The Sacred Concert.

On Sunday evening the Band gave a delightful sacred concert in the Auditorium. Each number was very beautiful, and the Band and its able conductor, Mr. Meissner, are to be highly complimented. It is needless to say that Mr. Armstrong's solos were excellent. The Auditorium was almost completely filled with visitors and students, and the words of appreciation were many. It is hoped that the Band will render similar programs during the winter and not only at the time of festivities.

He Made Good.

The following editorial appeared in Hoard's Dairyman, Oct. 29, with a cut of Prof. Van Norman:

"The Dairy Show was a success both educationally and financially. The splendid results which came to the fourth annual Dairy Show were due to the tireless work of Manager and Secretary, H. E. Van Norman, Professor of Dairy Husbandry in the Pennsylvania Agricultural College. Only those that have been actively engaged in the development of the National Dairy Show can realize the immense amount of

Prof. H. E. Van Norman

work connected in preparing for an exhibition of this kind. Professor Van Norman, in planning this huge display of the dairy industry, grasped the true object of the purpose of this annual event.

"It would be unfair not to mention the splendid support which every member of the board of directors gave to Professor Van Norman and the friends who have the interests of the Dairy Show at heart. Some of the directors took

an active part in conducting the affairs of the show.

"But as we said last week, the great bulk of the work must, in the nature of things, fall upon the shoulders of one man. This burden came to Professor Van Norman and he carried it from start to finish with wonderful energy, endurance and success.

"He made good."

Cross Country Run Creating Much Interest.

Considerable interest has already been shown in the cross country run which is to take place on Saturday, Dec. 11, and it is still on the rise. Every class has voted to grant to those members of their class who finish among the first five, the privilege of wearing their numerals. Besides this, the many handsome and valuable prizes on display in the window of the Athletic Store are offered, as well as cups and other trophies.

The course will probably be laid out to the south of the town a distance of about four miles, starting and finishing at the main entrance to the campus. All entrants should hand their names in to Mr. Lewis as soon as possible in order to obtain the proper instructions. They must be in on or before Wednesday, Dec. 8 to secure handicaps.

Training is now under way, the men running singly and in groups, starting from the Armory every afternoon about four o'clock. Every man who possibly can is urged to come out for this race for we are not only endeavoring to develop a Cross Country Team which shall
