### La Vie Notice.

Individual honors of 1911 are due today. Either put them in the La Vie box by the Engineering Building or hand them to the editor. For directions consult the notice in Main.

All members of 1910 who have received additional honors, since those printed in the 1910 La Vie, should make out a list of the same and either put it in the La Vie box or hand to the editor.

All material, photographs and literary matter must be in by Feb. 15. We urge that all organizations, wishing to go in the La Vie, supply us with photographs—amounting and for half toning and with the names of the members, etc. This matter should be taken up immediately as we will not be responsible for delayed or faulty material.—The 1911 La Vie Board.

### A Valuable Donation.

Mr. C. M. Thompson, Philadelphia Manager of the Kellogg Switchboard and Supply Company, has arranged with his company to have a donation made to the School of Engineering of a special switchboard with common battery and subscribers' lines and cord circuits. They will ship this board in a few days. The college will find the equipment thus donated, which is of excellent design, to be of material use in their work.
