

**Right Hand or  
Left Hand—but  
Never Behindhand  
If You Shave With a  
*KEEN KUTTER*  
Safety Razor**

The handiest little implement a shaver ever laid against his face is a Keen Kutter Safety Razor.

Shaves just as well in the left hand as in the right. Works perfectly handle up or handle down—across the grain of the beard or with it—won't go wrong in any position.

It has the correct angle to lie close and give the genuine slanting, "heel to point" stroke. Saves time to the shaver because it goes together without fussing.

Every Keen Kutter Safety Razor is fully guaranteed. Silver plated in Genuine Black Leather Case, \$3.50. Gold plated in Genuine English Pigskin Case, \$5.00. When you're buying a Keen Kutter Safety Razor, get a Keen Kutter Knife too, it will be useful a hundred times a day.

quartz from the North Star Mine in Grass Valley, California.

A small cyanide plant, from The Pacific Tank Co. Los Angeles Cal. is now being set up in the Metallurgical Laboratories. This plant is constructed according to the same design as the large plants and can be used regularly in connection with the work in gold and silver extraction.

The following donations have added greatly to the facilities for efficient work in the Department of Metallurgy

From the Fairbanks Morse Co. New York City, a very complete set of lantern slides illustrating the construction and operation of Nissen Stamp Mills for treating gold and silver ores, and of gas producers and gas engines.

From the Pennsylvania Engineering Co. New Castle Pa. a very complete set of blueprints illustrating metallurgical furnaces and equipment.

From the Southwark Engineering Co. of Philadelphia, framed pictures and blueprints illustrating blowing engines.

From the Wellman Seaver Morgan Co. of Cleveland Ohio, four large framed photographs, and a number of smaller unframed photographs illustrating furnaces and metallurgical equipment.

**The Pennsylvania History Club.**

Application for a charter has been made on behalf of the Pennsylvania History Club of The Pennsylvania State College. The objects of the association are to awaken interest in Pennsylvania among its members, to secure the co-operation of individuals and societies throughout the Commonwealth, and to build up in the Carnegie Library a strong alcove of Pennsylvania. Membership dues are placed at \$10 with annual dues of \$5. Life members \$100, and Life Patrons \$1,000. The Association starts with some thirty five members, life members, and patrons; and it is confidently expected that the invested funds of the Association may ere long yield an income of \$1,000 per year.

General Beaver is vitally interested in the movement, and one of the Life Patrons is the Hon. Andrew Carnegie. The History Department of the college is ready to co-operate with the Library in building up the
