

Since Mar. 15, he has been employed by Mr. Thomas O'Brien at Brawley, Cal. which as "Cyph" goes on to say "is the garden spot of the United States, where summer sunshine and flowers prevail".

He is now engaged in making a systematic study of the soil and water supply on Mr. O'Brien's land.

He advises anybody who contemplates going out to that section of California to write to Mr. O'Brien for particular and general information concerning the country.

In conclusion he states that since he has been out in the wide, wide world, the "Collegian" is appreciated more than ever.
