

## STATE'S EASTERN TRIP

Two Victories and Many Injuries  
the Result of the Varsity, Base-  
ball Trip.

Outbatting our opponents in every one of the four games of last week's eastern trip, our nine was victorious in two of them and it was returned a loser in the other two. Starting out with four available catchers, Coach McIlveen thought his team well provided for when leaving here a week ago Tuesday, but injuries put all these men out of commission before the final game was finished.

Vorhis was called home after the Lehigh contest because of the death of his brother. Then "Heff" Hirshman went behind the bat until an extremely painful and rather serious injury to his thumb in the first inning of the Brown game put him out of the running. In the meantime Bubb had been injured in sliding to base at Fordham and Kelly had been compelled to drop out after the Villanova game after playing a gritty game for two days on his badly sprained ankle. With Vorhis, Hirshman, Kelly and Bubb all unable to catch, "Gene" Carson donned the "mask and midpad" after Hirshman was injured at Providence and although suffering from a "pulled tendon," put up a game fight and annexed three hits. Never has our nine suffered so much from injury on any baseball trip and the team must be praised for its excellent showing.

Lehigh was fortunate to hold us to a 6 to 2 score on April 13 as Haddow, Vorhis, Workman and

Eberlein were especially effective at the bats. In the third inning after Lynch had gone out, Kelly singled and stole second, then McCleary reached first on Wolfram's error and Workman brought in Kelly and "Bull" with a timely single. Eberlein hit for three bases and Workman scored. In the fourth inning Hirshman walked; was sacrificed to second by Bubb and scored on Pierce's error. The eighth inning brought our final tallies. Haddow made his second home run of the season, "Larry" followed it with a double and Hirshman scored him on a single. A good crowd saw the Lehigh game and the Blue and White Tossers played a brilliant game.

Klepfer pitched a great game at Villanova on Thursday allowing only two hits, and it is more than probable that the Main Liners would have tasted defeat had the battle gone nine innings, since our players secured nine hits in the abbreviated

## "CAMP SPARKS"

Penn State Influence Extended  
Across the Sea to the Phillipine  
Islands.

That the State spirit should really be transported to the very heart of that far Eastern group of semi-barbarous islands, seems almost incredible, yet the actual fact exists of two of our recent graduates, daily putting into effect the results of their four years of training in this institution.

Back in 1908, when J. S. Ritchie and C. K. Weigle had made their last adieus to college and turned their footsteps toward the Isle of Luzon, it was naturally a most probable thing that little or nothing would be heard from them. Such, however, has not been the case and the letters received by Dr. Sparks and Prof. Walker thru the past two
