Sacred Concert.

The Sacred Concert given in the Auditorium on Sunday night was very interesting and served well to enliven the interval between semesters. We may consider ourselves fortunate to have in our own community the talent to produce a concert of such high caliber. The first number, a piano duet by Miss Atherton and Mrs. Wilder was very well given. Mr. H. P. Armstrong scored his usual success in the solos, "Four Leaf Clover" and "His Lullaby". The third number was an excellent Cello and Violin Duet, given by Mr. Arthur and Mr. Snavelly. Mr. A. P. Gray III presented in charming fashion his solos, "Less Than the Dust", and "If I Were a Rose". Mr. Arthur played a cello solo with his usual brilliant and accurate harmony.

Miss Atherton's piano solo was also given in the splendid manner which has made her playing so popular in the college. Mr. Armstrong, in his final solos completely charmed the audience, his presentation of "Daddy" being exceptionally good. Owing to a misunderstanding, the audience withdrew before the program was completed, but there is no doubt that the concert was greatly enjoyed and appreciated by all present.

Herr Starcke Returns.

Our Carnegie Foundation exchange professor, Herr Heinrich Starcke, has returned from a week's lecturing tour combined with a visit to Niagara Falls. He delivered addresses before the high schools of Philadelphia and Ithaca and before the students of Muhlenberg college of A. lentown and the Verein of Cornell university and enjoyed a most generous hospitality from those who entertained him. Letters have been received here expressing a cordial appreciation for the pleasure of hearing a representative of the Prussian government on topics of interest to the American youth and of having enjoyed the good fellowship of a gemuetlicher German.

Free Lecture Course.

Mr John J. Withers will give an illustrated lecture this Saturday evening in the Auditorium on Forestry and Tree Doctoring or the City Beautiful. Mr. Withers is the Park Landscape Architect for Jersey City, N. J and was the landscape architect of the Jamestown Exposition. He has done some famous work in this line and has recently returned from a tour of the world in which he obtained some two hundred views of the world's most famous trees which he will show and speak of Saturday evening.
