

CANADIAN WILDS

Dr. E. S. Moore Lectures for the Benefit of the Episcopal Church.

On Friday evening May 16, in the Auditorium, Dr. E. S. Moore of the School of Mines gave an illustrated lecture on the beauty of the Canadian wilds and the curious geological formations to be found there.

Dr. Moore had spent seven summers in that country as a representative of the Ontario Bureau of Mines and the lecture was composed of material gathered during that period.

The lecturer showed by means of maps cast on the screen, the route pursued and then a number of slides made from photographs taken by Dr. Moore himself gave views of Lake Nippigon, Sturgeon river, Sturgeon lake, the gold region, Lake Louise and the beautiful parks at Vancouver and Victoria.

Dr. Moore had personal experiences to relate about many of the views exhibited which gave an added interest to the lecture.

The slides were excellent, especially those showing Lake Louise, the glaciers and various beauty spots such as split rock and the rapids on the Nippigon. It is to be regretted that a larger audience was not present as the lecture was at once interesting and instructive; and it is seldom that we have the privilege of hearing such an admitted authority as Dr. Moore.

The Weather Wins One!

Last Friday the baseball game with Gettysburg was prevented here by rain for the third year in succession. While no play at all was possible on the two former occasions, the recent contest went two and one-half innings and we were able to show our superiority over the Gettysburgers in that short period. Klepfer struck out three men and allowed neither hits or runs during the three innings before the big downpour descended. In the last half of the second, Eberlein and

Haddow scored on Blythe's long triple to right and "Spi" scored on Manion's single to left. Then as our nine was starting its half of the the third inning hostilities had to cease with us three runs to the good.

On account of the disbandment of the Pitt nine, their game here on Saturday was cancelled and a warm battle between Varsity and Reserves ensued with "Irish" McIlveen, "Bull" McCleary and "Percy" Lynch working for the Reserves.

On Tuesday Captain Kelly's nine left for the East and games with Lehigh, Amherst, Dartmouth and Lafayette. The next games are at home on Tuesday and Wednesday, May 30 and 31, with St. Bonaventure.

Engineering Notes-

In a valve design competition conducted by the Nelson Valve Company, Philadelphia, designs were received from nearly all the technical colleges of the country. A large number were submitted from our school, and although none took the prize, the work stood well up in the first rank. Prof. Mease and Dean Jackson represented Penn State at the conference, which was attended by the heads of the different schools of machine design.

On Monday evening, Prof. Walker delivered a lecture on "Sewage Disposal," referring incidentally to the existing conditions at State College. The lecture was followed by a meeting of Bellefonte people, farmers between here and Bellefonte, and representatives of the college, to discuss the question of road improvement between Bellefonte and State College. A reception was then held at the residence of Dean Jackson.

Resolutions of Condolence.

The following resolutions were passed by the class of 1913:-

Whereas, God in his infinite wisdom has seen fit to take from us our dear friend and classmate, J. B. Gilligan, his father.

Be it resolved that, we the members of the class of 1913, extend our heartfelt sympathy to him and the family in this their hour of sorrow

Be it further resolved, that these resolutions be published in the State Collegian, be spread upon the minutes and a copy be sent to the bereaved family.

Signed,  
R. F. Bigham Jr., Sec'y.
