THURSDAY, DEC. 21, 1911

The Calendar. Owing to the increasing interest which has been manifested in regard to the reinstatement of a calendar in our columns, we have decided to reserve space for it in the future issues. The attempt has been made at various times, during the fall to print a calendar, but owing to the nature of the material, it cannot go to print until the latest possible time. Thus, it happens that if there is an excess of material, the calendar is omitted. For future issues, a definite space will be reserved so that the calendar will appear in preference to any material which comes in at a late hour.

To insure the success of the work, and to make the schedule of events as complete as possible, we ask the co-operation of all organizations in college. The various sectional societies, musical clubs, and all other organizations should notify us of meetings which are to take place within the week, so that the calendar appearing on Thursday may contain all the events occurring before the next Thursday. Leave all notices in the Faculty Exchange in the Business Office at or before the Tuesday noon prior to the issue in which they are to appear.

Business Managers Elected. At a meeting of the "Collegian Board" held recently, two men from the class of 1913 were elected assistant business managers. To the two new members, M. M. Grubbs and B. R. Henderson, we extend our congratulations, and at the same time our hearty wishes for successful and pleasant work on the business staff of the Penn State Collegian.

Wireless.

The class of 1912 recently voted to present the college with a two hundred foot wireless tower, and a new antenna for the station. The contract for the erection of the tower has been let and the work is to be completed by February 1, 1912. Excavation for the foundation of the tower is already finished.

The two hundred foot steel tower will be used to support the umbrella antenna having six radial wires descending to points two hundred feet from the foot of the tower. Judging from the splendid results obtained from the present temporary antenna it is believed that when the new wireless station is completed that messages will be picked up from stations several thousand miles distant, possibly from those stations along the Atlantic Coast and on the Great Lakes.

The new tower will be placed back of the Electrical Engineering building and the work of erecting and installing the new apparatus will be in charge of the Electrical Engineering department.

Soccer Football.

For the first time in its history, The Pennsylvania State College sent forth a football team, which instead of carrying forth an oval pig skin from one end of the field to another, precipitates a round one there by means of the foot alone. In other words - our College Soccer Team went on a trip

The schedule is as follows: Tuesday, Dec. 19, Haverford College, at Haverford, Wednesday, Dec. 20, West Town School, at West Town; Thursday, Dec. 21, University of Pennsylvania, at Philadelphia.

The following men will probably play:

McGregor '12, Meisner '13, Watson '15, Valentour '13, Worthington '13, Wair '14, Stewart '13, Savery '14, Manager, Vomer '15, Very '13, Tobin '15, Captain, Cune 15, Allison '13, Munnhall '15, DuTemple '15.

The team has been working hard, and both Captain Tobin and Manager Savery feel confident that the trip will be a successful one

Great interes has been manifested in this new sport Mr. White, a trustee of the college, has gone so far as to promise his support, and thus, to a large extent, permitted the team to take its first trip.

Fellows--come out for this soccer team—there is always room for a good man Give your support to a project which has been met successfully in every large institution. Help this team to be victorious like all of our teams. A trip will probably be taken some time next year. Here's hoping for a grand and glorious future for our new football team.

Interclass Basketball.

On Tuesday evening, December 12, the Seniors and the Juniors engaged in their first basketball game of the season which resulted in a well earned victory for the latter

Both teams seemed on a par in team work and in goal shooting, consequently a very interesting game resulted. The Seniors managed to secure a lead which they held at the end of the first half which ended with the score 17-15 in their favor.

1913 came out somewhat stronger in the second period and nosed out victors by three points' score 25-22.

Last Saturday evening in a very lively contest in which the Freshmen won their first victory in basketball, the Juniors were defeated for the first time this season by the close score of 27-21.

The teams were so evenly matched that the result of the game was never certain. The Freshmen, much improved since their first contest, kept a slight lead until in the latter part of the second period 1913 by excellent passing and shooting tied the score. After that each team alternated in leading by one point until during the last minute of play, 1915 shot three goals in rapid succession and won the game.

Centre County Club Dance.

The members of the Centre County Club will hold an informal dance on Thursday, Dec. 28, at the Bush Arcade. All Penn State students and members of the faculty who are in, or about, Bellefonte at the time are invited to attend.

Sunday Chapel Speaker.

Dr. Joseph S. Walton, of George School, will be the speaker on Sunday, January 7.

The High Standard Laundry
The Student's Laundry

¶We make an honest effort to give you the best to be had in our line. ¶Our laundry is modern in all departments. ¶We cater to those who desire high grade work at honest prices. ¶You will appreciate the snappy appearance of our work.

Alumni Prominent in Rescue Work.

Mr. J. T. Ryan, '08, and E. B. Sutton, '10, are playing a very important part in the rescue work at the explosion and mine fire which took place on December 8, 1911, at Briceville, Tenn., where about 100 men are reported killed and five men have been rescued alive.

Mr. Ryan is stationed at the field Headquarters of the U. S. Bureau of Mines, Pittsburgh. When the seriousness of the disaster was learned, he in company with Mr. J. W. Paul, Chief of rescue work, dashed to Briceville in one of the Mine Rescue Cars. He has been actively engaged in the work during the entire past calendar week, and will continue until a detailed examination is made of the entire mine in an effort to determine the cause of the disaster.

Mr. E. B Sutton was appointed Foreman of the U. S. Bureau of Mines Rescue Station at Knoxville, Tenn, on October 20, 1911. He was among the first of the Bureau to reach the mine. Prior to his appointment he was working in Bisbee, Arizona.

Engineering News.

The road scraper, and log drag have been in use during the past two weeks improving the roads through the college grounds. As the condition of the roads did not warrant, it the steam roller was not used. The roads that were scraped and dragged present a much better appearance than they did before treatment.

Professor Diemer has been asked by the La Salle Extension University of Chicago to prepare their instruction papers for a correspondence course in factory organization and administration.

R. B. Filbert, 1911, spent Pennsylvania Day at the college. He is with the Westinghouse Electrical and Manufacturing company at East Pittsburgh.

W C Weinbach, 1911, resigned his position with the Westinghouse Electrical company, and has accepted a position with the Westinghouse Machine company.

All Star Pennsylvania Eleven.

Penn State leads in the number of men selected for the first team of stars from colleges in the state. The selection was made by D L. Reeves, sporting Editor of the Philadelphia Ledger. Mauthe, Miller, Barry, Very and Harlow are placed on the team. In making the choice the University of Pennsylvania, Indians, Pitt and W. and J. are eliminated.

Assistant Football Managers Elected.

At the elections in the Athletic Association held December 18 for three assistant football managers, out of eight men nominated, the following three were elected:—N. McI. Fleming, L. P. Lindsay, and Wm. F. Ertrekin.
