## WE WONDER

Whether the baseball management could not use the services of some volunteer ushers at the baseball games, particularly for lady visitors.

Whether it is a wise policy to play "Banner-lead" on the new wireless tower.

Whether it is pleasant to be reminded by signs painted on our walks of events that have happened some time ago.

How soon our campus will be the source of song as in springs gone by.

If the weather will permit white ducks for dress parade this spring.

Why more of us could not attend that benefit lecture on Saturday night.

If we shall ever tire of Nox McCain and his pictures.

How many more life insurance agents we shall have to dodge this spring.

## College Boys, Attention!

Young men often say to me, "What good will a life insurance policy do me if I die?" Bless your heart, tell me of anything that will do you any good if you die. But it will do others good. It will help to reimburse that mother or father, if you die, who scratched and saved to put you through college. And if you live and keep up the payments to maturity, I can tell you of policies that will not only protect those you love or to whom you may be indebted for funds to complete your course, but will pay you back personally at maturity all you put in or more. Do you know that after you have paid one full annual premium in my company, should you become totally and permanently disabled and unable to earn money, your policy will become a fully paid policy for the face of it? The latest wrinkle in life insurance. Let me tell you about this—also many other things that will surely interest you—and make you money.
