All persons having conflicts in examinations should report them at once to the undersigned at the Registrar's Office.

R. A. Caughey,
Assistant Registrar.

EASTMAN
CAN
HELP YOU

if you want employment and can afford to prepare for a paying position

GOING INTO BUSINESS?

Then investigate EASTMAN before you decide on your college. Consider what it will mean to you to begin business "full panoplied" as Minerva sprang from the head of Jove—equipped BEFOREHAND with what most college men and women have to learn after graduating through a long, painful, poorly paid or costly apprenticeship.

EASTMAN teaches all that is essential to training for business—during college life, a wholesome, energizing experience, affording, time and money considered, just as much of all the cultural activities—physical, intellectual, and social—while you are in college, and very much more after you are through.

For EASTMAN graduates are ready for work and are not obliged to hunt aimlessly for "something to do." Positions are offered them promptly, and they earn higher salaries at the start and advance faster up because they KNOW BUSINESS before they begin. The prospectus of the school will tell you what is taught—and how.

Write to-day for interesting and inspiring publication. "There are many business schools but only one EASTMAN."

Clement C. Gaines, M.A., L.L.D.,
Box C. C., Poughkeepsie, N. Y.

Why Not

Investigate the merits of that great Western company, the Royal Union Mutual Life Insurance Company, of Des Moines, Iowa? Investigation will show you that the security given to the policy-holders is unexcelled, and the attractive rate of interest secured on the investments, made exclusively in the West, is a guarantee of good dividends. Investigate and make money. No trouble to show specimen policies, no importunity.

JAMES I. THOMPSON

General Agent

Lemont Pa.

College Boys, Attention!

Young men often say to me, "What good will a life insurance policy do me if I die?" Bless your heart, tell me of anything that will do you any good if you die. But it will do others good. It will help to reimburse that mother or father, if you die, who scratched and saved to put you through college. And if you live and keep up the payments to maturity, I can tell you of policies that will not only protect those you love or to whom you may be indebted for funds to complete your course, but will pay you back personally at maturity all you put in or more. Do you know that after you have paid one full annual premium in my company, should you become totally and permanently disabled and unable to earn money, your policy will become a fully paid policy for the face of it? The latest wrinkle in life insurance. Let me tell you about this—also many other things that will surely interest you—and make you money.

JESSIE D. WHITE, 124 W. College, Ave.

Resolution of Condolence.

Whereas God in his infinite wisdom has seen fit to remove by death our beloved classmate, F. E. Gregg, be it resolved, that the class of 1913 of The Pennsylvania State College extend its sincere sympathy to the members of the family in their bereavement.

Be it also resolved, that a copy of these resolutions be entered upon the class minutes and be published in the Penn State Collegian.

Furthermore, be it resolved that a copy of these resolutions be sent to the family.

Committee, Ira S. Nippes
H. P. Kocher
C. E. Swab.

Professor W. A. Cochel Resigns.

Professor W. A. Cochel, Head of the Animal Husbandry Department, at Penn State has accepted a similar position at the Kansas Agricultural College, Manhattan. The change will occur July 1. Mr. Cochel's practical turn of mind has been well displayed in the work with which he has won the confidence of Indiana and Pennsylvania stockmen. He is well fitted to take charge of the large herds and experimental work carried on by the Kansas college.

An Architectural Engineering society has been established. At the meeting held May 7, 1912 the following members were elected to office—Pres. E. A. Roth; V. Pres. M. M. Golden; Sec. and Treas. M. Kressly.

Yale statistics show that 13 out of every 1000 students die each year, while only 7 out of every 1000 athletes await the same fate.
