

Just make yourself at home in this store; come and look over the things we have here; if you'd like to compare the clothes we have with something you've seen somewhere else, don't hesitate to do it. You'll not be imposing on us; we'll show you, and let you try on, as many suits or overcoats as you please; we'll put the whole store and stock at your disposal, just to show you what we have.

The Sim Clothes

ready to wear, will compare favorably with any you'll find; compare them with the work of the best tailor you know; the usual so-called made to order houses can't begin to match them for quality or fit.

You'll be surprised at the variety we have to offer—and then we are limiting the number of each kind to a very few here, so as to give you exclusive patterns.

Suits ready to wear \$15 to \$35 Overcoats ready to wear \$12 and up—Custom tailored clothes of high character \$20 and up. Lots of other good things here, of course; fine hats, fine shirts, fine neckwear, fine hosiery and underwear; all the small things you wear.

Cider Scrap Rules.

The next class scrap, according to rule, will be held Saturday, October 26, on the drill ground west of the Gymnasium. The freshmen have had ample time, since the push ball scrap, to become better acquainted and more efficiently organized, and a more interesting contest is expected. Every man who expects to enter the scrap should read carefully, the following rules. The nature of the scrap necessitates the last rule, and it must be observed.

1. The cider scrap shall be held in the afternoon of the last Saturday of October at a place to be decided upon by the judges.
2. The freshmen shall furnish a barrel of cider of not less than forty gallons. The same shall be chained or fastened securely in a vertical position on a plank form if necessary so that the top of the barrel will not be less than 4-1-2 feet, and not more than 5 feet above the ground.
3. The scrap shall be twenty minutes in length. It shall be started at a given signal from one of the judges.
4. Each class shall, at the start be arranged about one-half the circumference of the forty foot (radius) circle of which the barrel is the center.
5. The scrap shall close by a given signal from the judges. All men having hands on the top of the barrel shall not move, but all others must promptly withdraw. The number of men having hands on the barrel shall be counted by the judges at the close of the scrap. All hands moved after the signal is given shall be ruled out. The class having the highest total number of

men with hands on the barrel shall be declared the winner, to have won and to hold the barrel and contents.

6. The three judges shall be the two upper class presidents and a third man chosen by them who shall be a local alumnus or member of the instructing force of the college. The judges shall have power to arrange all details not covered by these rules, and their decision shall be final.
7. All non-combatants except the judges shall be kept back a definite distance from the scrap, the distance to be fixed by the judges in accordance with the size of the classes.
8. All athletes in training shall be debarred from taking part in the scrap.
9. All combatants must wear tennis shoes. Those wearing other kinds will be debarred by the judges.

The 1912 Banquet.

At 11 p. m. last Saturday October 12, twenty-eight 1912 and ex-1912 boys gathered 'round the banquet board at the Blue Goose to participate in a successful informal get-together. Mr. Hannum presided and everyone in attendance responded to a toast. Good fellowship predominated.

All freshmen and first year two year Ag's. who have not done so already should report to Physical Director Lewis's office in the Gymnasium and make an appointment for physical examination.
