## PENN STATE TROUNCES CORNELL

Ithacans Administered Bad Defeat but Crossed Penn State's Goal Line—Cornell Gained by the Use of the Forward Pass.

In the annual football game between Cornell and Penn State at Ithaca, N. Y., last Saturday, the former team was literally swept off its feet by the Mount Nittany Lions who piled up 29 points to their opponents' 6 in four 15 minute periods. The game was characterized by many forward passes and a minimum of fumbling. Penn State played its usual good game while the "Big Red" team which is a member of the "Big Six" played by far its best game of the present season.

A few minutes after play had begun Cornell punted to State; Miller touched the ball after which it rolled for a short distance and was then recovered by a Cornelian. Excellent defensive work and forward passes by our antagonists then brought the ball to our two yard line from where it was carried across the goal line by Taber, the plucky Cornell quarterback. This ended Cornell's scoring.

Penn State now took hold of the game and completely outclassed Cornell in the remainder of the contest. Good playing forced the ball to our opponents 15 yard line where Mauthe kicked a goal from placement. On the kick-off following, Berryman belittled the Cornell eleven by catching the ball and running 75 yards for a touchdown through the entire Cornell line. Beautiful interference by the Penn State men, especially by Clark, who interfered with Taber made this long run possible. Very scored Penn State's second touchdown after receiving a forward pass over the goal line. Captain Mauthe continued the point gaining by rushing the ball across the line for a third touchdown. The final touchdown came in the last period when Wilson received a forward pass over the goal line. All the Penn State players are in prime condition with the exception of Clark and Whitney, who sustained slight injuries during the past week. Line-up:

Penn State	Cornell

W. S. Kriebel, Jr., was assigned the John W. White fellowship, value \$400, and is now studying at Yale University.

## The Farewell Service.

The meeting of the Y. M. C. A. on Sunday evening was of the nature of a farewell service for Prof. and Mrs. H. K. Richardson who sail on Nov. 9 for their new work in China. Dr. Sparks, Prof. Jackson and Mr. Fishstein spoke briefly, commenting on the significance of the occasion, and expressing the feeling of different groups with which Mr. and Mrs. Richardson have been associated here. Both Mr. and Mrs. Richardson then spoke of the nature of their new work and their reasons for going. The singing of "Speed Away" by Mr. Robinson added much to the impressiveness of the service, which marks a very significant occasion in the history of the college.

## Student Board Election.

The following men have been elected to serve on the Student Board for this year: D. W. Very, J. H. Shollenberger, B. R. Henderson, R. H. Craig, E. H. Ross, G. H. Gleason.

## Y. W. C. A. PLAY

The Comedy, "Cousin Kate" to be Given as the Annual "Co-ed Show" in Auditorium Saturday Evening.

On Saturday evening, at 8:15 in the Auditorium, the Young Woman's Christian Association of the college will present its annual play. Every effort has been put forth to make this year's production a real success, and one great step toward that end has been done in securing, as coach, Mr. C. L. Downing, of Philadelphia. Mr. Downing is well known in State College in connection with the Thespians, whose productions for the last four years have been staged by him.

By special arrangement with Mr. Charles Frohman, the committee in charge has procured the privilege of presenting the play, "Cousin Kate", in which Miss Barrymore was so successful a few years ago. This will be its first production by amateurs, but the cast which has been selected will present a delightful performance of this charming little play.

Miss Williams, as Mrs. Spencer, gives a most laughable representation of a tactless mother, very much interested in her daughter's coming wedding.

As the daughter, Amy, Miss Heuer is a charming personification of sweetness and mis-directed conscientiousness.

In the part of Cousin Kate, Miss Ancona, in all her changing moods of coquetry and sweetness, lightness and sincerity, is so truly charming that you are sure to follow with breathless interest her winding course through the play.

Miss Guthrie, as Jane, the maid, exhibits a quaintness of speech and manner that will captivate you at once.

Mr. Lincoln, as Bobby, and Wm. Hughes, as Mr. Bartlett, both play their parts with keen insight into the characters. Mr. Deering will exhibit his experience (stage experience, of course), as the lover and artist, Heath Desmond.

The opportunity is now given to Penn State men to see a standard modern comedy, enacted under competent coaching by a sterling amateur cast; and a large audience is all that is necessary to make the play a rousing success. Tickets will be on sale in the Business Office at seven o'clock Wednesday, Thursday, and Friday nights.

## Our Glee Club in Bellefonte.

If satisfactory arrangements can be made, the glee club will give a concert in Bellefonte in the near future under the auspices of the Bellefonte Y. M. C. A. The full glee club, numbering over one hundred, will participate, and a special train will be run on the Bellefonte Central. The program of the concert will be the same as that given in the Auditorium on October 12.

Mr. Wm. D. Meikle '11, who holds the John G. White fellowship for that year is making a tour through Europe on foot perfecting himself in modern languages. Mr. Meikle has walked up the Rhine river, through Switzerland and is now in Northern Italy. After touring Spain in the same way, Mr. Meikle will return to the United States with a broader knowledge of modern Italian, German and Spanish.

## Freshmen Victorious.

The freshman football team started their season with a rush Saturday afternoon by defeating the Lock Haven Normal School by the score of 35 to 0.

Contrary to expectations, Lock Haven fell an easy victim to the freshmen, who appeared to gain almost at will through the line and by end runs. The Normal School boys, at times, played well, but at critical places were unable to check the determined freshman team.

Lock Haven kicked off. James received the ball and carried it back to mid-field. By centre plunges and a long end run by James the ball was soon on Lock Haven's 1 yard line. A formation through center enabled Devine to score the first touchdown.

The second touchdown came as a result of long runs around end by Craig and Devine and a twenty yard gain through center by Wood, who carried the ball over for the second tally.

Towards the end of the game Lock Haven appeared to grow stronger. At the beginning of the final quarter 1916 was forced to kick. The Normal team by a perfect forward pass and good interference was checked on the freshman's 15 yard line. The visitors after four unsuccessful line plunges lost the ball. The ball, kicked to midfield, was soon again in '16's possession, when a forward pass to Watson, gains by Krumrine and Craig around end, and a well executed pass to Craig, took the pigskin over for the final count. Score 35-0.

1916	Lock Haven Normal
Sarver	L. E. Vargas
Krumrine	L. T. Bossert
Taylor	L. G. Hills
Watson	C. Rosebloom (Capt)
Wheeler	R. G. Spencer
McDowell	R. T. Des Rochers
Haven	R. E. Grenniger
James	Q. B. Adams
Craig	L. H. B. Maloney
Devine	R. H. B. Black
Wood	F. B. Dale

Substitutions:—Berner for Watson, Maloney for Craig, Collos for Sarver, James for Taylor, Downs for James, McDonald for Wood, Frear for Downs, Frominger for Collos, Skillman for Frominger.

Touchdowns—Devine, 1; Wood, 2; Craig, 2. Goals from touchdowns—Craig, 4; Wood, 1. Referee—Shore; Umpire—Bevan; Timekeeper—Troxell; Head Linesman—Deal.

## The Miners' Feed.

The junior miners and metallurgists entertained the members of the other three classes and members of the faculty of the School of Mining at an informal smoker and banquet in the Metallurgical Furnace room, Thursday evening, October 17th. Speeches by members of the Mining faculty and the rendition of songs added to the delightfulness of the occasion. "Cap" Skinner presided as toastmaster.

## An Investigation.

Professor J. A. Moyer has inaugurated, under the general direction of the experiment station valuable investigations towards the efficiency of less expensive fuels than gasoline for engines where now gasoline is used exclusively.

## 1200 New Rifles.

The United States Government has granted the petition of this college for 1200 more rifles. This addition to the military department will be worth \$16,000.

## TWO STATE VISITORS

Messrs Graham and Hoban Visit College—Interesting Lecture Appreciated by 1400 People.

This week we have had with us at the college Messrs. George Graham and W. C. Hoban, sporting editor and cartoonist, respectively, of Philadelphia North American. Their visit has become an annual event, and in an early issue of the North American there will appear an article on the college, the subject matter of which has been secured during their stay in town. This publication has always been noted for its fairness and squareness in treating matters brought to its attention, and Penn State students especially should appreciate this quality.

The "North American" has always been willing to publish news of our college,—its advantages, its needs, and matters of interest pertaining to the institution. This is perhaps especially true in the sporting news, and a Penn State athletic victory gets the prominence which it deserves.

About 1400 students met in the Auditorium Monday evening and were addressed by both Mr. Graham and Mr. Hoban. As an opening number, the re-organized Hambone Quartette, "bigger and better than ever, etc", composed of Messrs. Robinson, Kiester, Leyden, and Vale sang a very pleasing selection and were twice heartily encouraged.

In the past we have heard many scientific lectures and discussions delivered here at college, but rarely have we had an opportunity to listen to anyone so intensely interesting as Mr. Graham in his so-called "social chat from one sportsman to an army of sportsmen". His subject was "The Nerve That Wins in Sport." He showed that, to excel in sports, one must have physical nerve, mental nerve and intelligence. He showed that these principles may be applied to life in general as well as to athletics.

Mr. Hoban gave a very amusing illustrated talk on the foot-ball career of "Bill" Hollenback. His cartoons were drawn before the audience in the shortest possible time, and were heartily appreciated.

Both Mr. Graham and Mr. Hoban expressed the greatest interest in Penn State and in the welcome accorded them here; and in return the student body has shown great enthusiasm and interest during their stay. It is to be hoped that their visits to State College will not be discontinued.

## No Decision Given.

Graduate Manager R. H. Smith returned Monday from New York City, where he had attended a meeting of the Inter-Collegiate Wrestling Association. No decision was reached as to the admission of Penn State into the Association. Two votes were cast for the admission and one against, while the other two withheld their decision until they could receive instructions from their constituents.

## Juniors and Sophomores.

Seven new members will be added to the Penn State Farmer Board in the near future. Four juniors, including two foresters, will be chosen for the editorial board, while three men from the junior and sophomore classes will be chosen for the business staff.
