First semester begins middle of September; second semester the first of February; Summer Session for Teachers about the third Monday in June of each year. For catalogue, bulletins, announcements, etc., address

THE REGISTRAR, State College, Pennsylvania

## Conference at Princeton.

Fourteen delegates represented Penn State at the Eighth Annual Student Missionary Conference held at Princeton University, November 22nd, 23rd and 24th.

There were 261 visiting delegates at Princeton, State being represented by F. N. D. Buchman, Joe Platt, Miss Ride '14, Miss Hiller '15, Keyser '14, Hubbert '14, Robbins '14, Cranston '15, Denithorne '15, Lincoln '15, Van Aken '16, Rhodes '16, Smedley '16 and Toncey '16.

Princeton is to be congratulated for their fine hospitality to the visiting delegates.

Jose Osuna '12, who is studying for the ministry in Princeton Seminary, did much to make the State students' stay in Princeton a pleasant one. Jose is as serious as ever. The seminary does not seem to have affected his big heart, characteristic laugh, and slap on the back, which all his friends will remember so well.

Those attending the conference had the pleasure of hearing such men as Isaac T. Headland, former Professor at Peking University; Robert E. Speer, Secretary and Resident of the Board of Foreign Missions; Harlan P. Beach, Missionary in China and Professor of Missions at Yale University; and many such men, who are doing a man's work in the world.

Professor and Mrs. Agee were with the State delegation on Sunday. On their return trip to State College the delegates stopped at Coatesville and spent Monday afternoon and evening with State's friends, Mr. and Mrs. Huston, where they had a most enjoyable time. Come to the Y. M. C. A. meeting Sunday evening and hear more about this conference.

## Engineering Notes.

Arrangements have been completed for adding to the present equipment of the Eng. Exper. Sta. a hot-air furnace designed to burn bituminous coal without smoke. During the winter investigations will be continued on the smokeless combustion of soft coal in ordinary house heaters.

Professor Moyer, who is conducting these tests will continue investigations on the effect of painting on heat radiating surfaces such as boiler fronts, hot water boilers, pipe coverings and radiators in houses. Results so far obtained show that the ill effects of "Bronze" paints in reducing radiation have been very much over estimated.

Dean Jackson, of the School of Engineering spent Friday and Saturday of last week in conference with the municipal authorities of Lebanon and Columbia, with reference to the electrical and other interests within the care of the Council of the two cities.

## Mining News.

The Dept. of Metallurgy is installing some new apparatus, just received from Germany, for use in Metallographic work. One of the pieces is known as the "Micro-Metallograph", manufactured by E. Leitz, Wetzlar, Germany. This instrument is one of the most recently developed pieces of equipment for the study of Metallurgists for the investigation of alloys.

## Teaching Positions, Phillipine Is.

In order to make it possible for those interested in positions in the teaching service of the Phillipine Islands to take the examination for eligibility to appointment without interfering with their regular school duties, the United States Civil Service Commission announces an examination for teacher, industrial teacher and departmental assistant on December 27 and 28, in many of the important cities of the United States.

Eligibility in these examinations is required for appointment to positions for: Women in Home Economics; Men in Agriculture, Manual Training, High School Science, Mathematics, English and Supervisors of School Districts.

The entrance salary of the majority of appointees is \$1,200 per annum and expenses to the Islands paid by the government, with eligibility for promotion up to \$2,000 as teacher and up to \$3,000 as superintendent.

For information relative to the nature of the service and the examination, address Bureau of Insular Affairs, Washington, D. C.

## The Senior Banquet.

The last banquet before graduation of the class of 1913 was held in the Fort Pitt Hotel last Friday at midnight. The elaborately served menu and the splendid speeches given afterwards made the banquet a big success. To those members of the senior class who were present, few will, in years to come, fail to appreciate the unity of their fellow classmates as was expressed at the last banquet.

B. R. Henderson acted as toastmaster and conducted the various functions of that important position in a capable and pleasing manner. The speakers were as follows:—J. L. Mauthe, "Gladiators"; B. A. Darragh, "Chickens"; R. E. Atkinson "Alumni"; G. R. Page, "Bobos"; D. W. Very, "Till we Meet Again". Impromptu speeches were made by Coach Hollenback, Harlow, Hansen, Goedecke, "Big Alex" Gray, Wilson, Jim Corbett ex-07, and Whitney. All the speeches were inspiring and impressive. The banquet closed by making the Norse Room fairly ring with the College yell, the Alma Mater and the class yell.

**Death of Mr. Frank M. Moyer.**  
Mr. Frank M. Moyer, father of E. B. Moyer '14 an Associate Manager of the "Collegian", died very suddenly at his home in Clark's Summit last Thursday from heart failure.

The members of the Penn State Collegian extend to the family of our fellow associate their sympathy at this sad time of bereavement.

**Mr. Fell With Bridge Company.**

Mr. Frank E. Fell, a former member of the faculty of the Civil Engineering School is now located with the American Bridge company at Trenton, N. J. Mr. Fell graduated from Princeton in 1908. He worked for the N. Y. Central Railroad for one year before entering our faculty. In his new position Mr. Fell has the best wishes of success from his many friends at Penn State.

is a standard guaranteed make and has the same features that all the latest \$100 models have. It sells for \$75. The machine can be bought on the easy payment plan. If you wish to be shown, phone Weston at the Phi Delta Theta house. It's really a bargain.

## Cross Country Meet.

The annual interclass cross-country meet, as previously announced, will be held on Saturday, December 7th at 2 p. m. This meet while held primarily for the purpose of developing distance men for the varsity track team, also takes the form of a "class scrap", in which the first five men to finish from any one class win the meet.

The prizes on exhibition at the Athletic Store have been donated by the following merchants: Sim, the Clothier, G. T. Graham, G. B. Jackson, J. C. Smith, Fisher's Shoe Store, The Enterprise Clothing Store, The Athletic Store, H. W. Sauers, J. P. Hagman, H. M. Meyers, Sheasly & Gentzel, The Toggery Shop, Harvey Brothers and C. E. Shuey.

Entrees for the meet must be in before Wednesday evening so that the handicaps can be posted.

## Teachers' Institutes.

On Monday, Tuesday, and Wednesday of this week Dean Weber addressed the Somerset County teachers holding their annual institute. On Saturday he will address the teachers of Uniontown.

The first of a series of senior dances is this Saturday.
