EDWIN ERLE SPARKS, Ph.D., L.L. D., PRESIDENT

Established and maintained by the joint action of the United States Government and the Commonwealth of Pennsylvania

**FIVE GREAT SCHOOLS**—Agriculture, Engineering, Liberal Arts, Mining, and Natural Science, offering thirty-six courses of four years each—Also courses in Home Economics, Industrial Art and Physical Education—**TUITION FREE** to both sexes; incidental charges moderate.

First semester begins middle of September; second semester the first of February; Summer Session for Teachers about the third Monday in June of each year. For catalogue, bulletins, announcements, etc., address

THE REGISTRAR, State College, Pennsylvania

## 1915 WINS BASKETBALL SCRAP

Hartman Plays Star Game—Large Crowd in Attendance.

The basketball season came to a close last Wednesday night when the sophomores defeated the freshmen in the annual interclass basketball scrap by the score of 18 to 14.

Everything considered it was the best game of the season. The floorwork of both teams was extremely good; neither team could be given preference in this department. In shooting the sophomores excelled, securing eight goals to their opponents five.

Hartman for the sophomores, was by a wide margin the star of the game. This little forward played his best game of the season securing six of the eight goals scored by his team. For the freshmen Davidson at center played an unusual game. He proved fully equal to his more experienced opponent in this position and at shooting excelled. Spangler '15 and Shelley '16 shone as guards.

The scrap, on the whole, was an ideal one. Class spirit, although high, was clean and commendable. The same can be said of the contesting teams, the usual roughness which formerly prevailed at this contest being almost entirely absent.

### The lineup:

1915		1916
Hofner	f.	McCoy
Hartman	f.	Willard, Bishop
		Port
Wilson	c.	Davidson
Spangler	g.	Shelley
Miller		
Metzgar	g.	Bowes

Field goals—Hartman, 6; Davidson, McCoy, 2; Spangler, Wilson, Bishop. Foul goals—Hartman, 2 out of 4; McCoy, 4 out of 6. Substitutions—Bishop for Willard; Port for Bishop; Miller for Spangler. Referee—Haddow.

### AGRICULTURE NOTES

Mr. D. K. Sloan, class of 1910, has been appointed county field agent for western Bradford county.

Professor W. H. Tomhave, of the Department of Animal Husbandry, addressed a Farmers' Institute at Warriorsmark on Saturday.

Mr. F. S. Bucher, class of 1910, who has been connected with the Department of Agricultural Extension of the School of Agriculture, has been transferred to Lancaster county where he will serve as county field agent.

With the appointment of Messrs. Sloan and Bucher, there is now a total of nine county agents in various counties in Pennsylvania. This work will be extended after the first of July.

Farmers' Week at Greenville last week was a decided success. About five hundred people were in attendance. All of the lectures were well attended, but particularly the one given by Dean Holmes on Wednesday evening.

Mr. Chas. S. Caldwell, President of the Corn Exchange National Bank, Philadelphia, has sent out a circular letter to every bank in the state, asking for the support of the State College Appropriation bill. The bankers of Pennsylvania are taking a special interest in agriculture, as is shown by numerous

prizes being offered in corn growing contests.

Prof. C. W. Larson, of the Department of Dairy Husbandry, discussed the subject of "Milk" at a recent meeting of the Social Center Guild at Linglestown, and also held a milk testing demonstration.

### ENGINEERING NOTES

The electrical engineering department has recently arranged to obtain a complete Sprague—General Electric railway control equipment, Type M, together with the motors to illustrate the operation of the system. This type is used in connection with large electrification of steam lines. In addition a four

motor control equipment, such as is used in street railway operation has been arranged for. These new acquisitions to the equipment of the electrical engineering laboratories will be of much value in electric railway laboratory testing, and will be received about June first, when they will be installed in the new engineering unit.

Mr. McCready, Assistant Electrical Engineer of the Union Switch and Signal Company, delivered a lecture before the senior section of electrical engineers on March 7th. His subject was "Electrical Signalling." He afterwards interviewed a number of men in reference to positions with his company.

Messrs. C. R. Dooley, Biebel and Balyeat, of the education department of the Westinghouse Electric and Manufacturing Co., Pittsburgh, spent Monday and Tuesday, March 10th and 11th, at the college, for the purpose of meeting members of the senior electrical engineering section in reference to positions with that company.

Thirty-five members of the senior electrical engineering section, in charge of Professor Kinsloe, and Mr. Kammerman left Wednesday, March 12th, for the annual inspection trip to points of engineering interest in and about Philadelphia, Trenton, and New York. They were accompanied by seven members of the senior mechanical engineers under Professor Mease. The trip will end in New York on March 19th.

Prof. E. F. Eckhard will shortly go to Towanda for the purpose of advising the Pomona Grange of Bradford Co., and other public bodies, concerning the stability of the "Burr Truss" river bridge.

Prof. J. A. Moyer gave a lecture on the "Purchase of Coal by Analysis" before the Engineers' Society of Erie.
