WEDNESDAY, MAY 7, 1913

For the past few Dangerous weeks several men have made it a prac-

tice to play ball in near the Physics Building notwithstanding the unwritten law, that ball-playing shall not ensue in the vicinity of college buildings and walks.

These men have hit the ball out across the walks, and have also looked by writers of text books. ·driven it through some windows. It-would be wise policy for these enthusiastic sportsmen to consider the safety of other people, and at the same time to consider college property, Our large grounds offer ample- opportunity for athletic of 9 to 6. sports of all kinds, and if therefore these ball players, would confine their activity to the open fields, they would not only refrain from freshmen batting rally began that breaking the rules and regulations, decided the game. but they would also insure the safety of pedestrians around the Physics Building.

Please consider the fact, that a ball signifies little danger to you, when you are armed with a glove ready to receive if; but the passerby is not prepared to dodge such a missil, and if it hits him in the side of the head, serious consequences the Pennsylvania Association of Colare likely to follow.

During the past Freshman few weeks numer-Chapel Talks ous talks have been given in the

freshman chapel by members of all the customs centered about her. The talks were not only very interesting but were also quite instructive, as a first hand knowledge lege about 10 a. m. and will remain of many colleges was to be acquired. They might well be continued and even introduced for a time, in the Auditorium in place of the usual devotional exercises.

Track News.

What will doubtless prove one of Saturday afternoon's track events is and his relatives in their bereavean interfraternity half mile relay race that will occupy the last num- that this resolution be entered upon ber of the program.

This race is open to every fraternity in college and every student not eating at the track that a copy of these resolutions be courtesies to them while here. The table is eligible. It is hoped that sent to the family.

most of the fraternities will be re
Committee, C. Edward Lyon, joyed by the visitors. Another presented in this event.

At last Saturday's track trials good marks were made in all the events. Leyden ran the half mile in one minute and fifty eight seconds, White followed at the heels of Piner in the 100 yard dash. running it in 10 seconds flat. Armsby showed up well in the broad and high jump, winning both-Armsby also tied with Hammitt in the low hurdles. The time was 26 seconds flat. Keyser easily outdistanced the fietd in the two mile run winning it in 10 minutes.

The number of lower classmen. especially the sophomores, who come out for daily track work is rather discouraging. It should be borne in mind that the interclass meet is hardly more than two weeks off and that Coach Martin is always ready to coach any men who care to come out, also to place them on the varsity squad if they given indications of promise.

COLLEGE NOTES.

The Railway Mechanical Engineering Department will soon receive a 30 ton hopper bottom coal car which will be used for obtaining constant loads for dynamometer car tests, and for special investigation. The car is the gift of the Huntingdon and Broad Top Mountain Railway Company, through Mr. Carl. M. Gage, President.

Mr. Willis Whited, Engineer of structures of the highway department, recently addressed the senior civil engineers on the subject of 'Bridge Design", calling attention to many points frequently over-

Sophs Lose Again.

By bunching their hits in the sixth inning aided by loose infield work on the part of the sophomores the freshmen defeated the sophomores last Tuesday by the score

for the sophomores, Stedel, pitched well, holding the freshmen to one hit for the first five innings when the defense crumbled and the

PRINCIPALS' CONFERENCE

Fifty-five High School Principals Attended.

The Fourth High School Principals Conference was held at the college on Friday, May 2nd, and the results were highly gratifying to both our visitors and faculty representatives. About fifty-five A. L. Sherman '14 H. W. Stiner '13 high school principals from all parts of the State attended the conference and the following topics were discussed in an informal way under the direction of President Sparks, Dean Weber, Dean Holmes and Principal Robb, of the Altoona High School.

Are the high school and college responsible for the character-training of students? How can it be done?

The new law introducing agriculture and home economics into the public schools.

Can athletics be made of an educational value? How can we get back to the idea of all the students playing some kind of game? Should a high school diploma be accepted for college entrance?

These conferences afford an opportunity of bringing the college and high school teachers closer together and of get-Former students of the college. principals extended
