AN EASY VICTORY

Four Home Runs in Victory over St. Bonaventure. Wardwell Pitches Good Game. Double Play Feature.

The St. Bonaventure nine proved to be a disappointment on Saturday and Penn State won in the first inning, when nine runs crossed the plate. Home runs by Miller, Crawford, Vogt, and Wardwell, with a three base hit by Keller featured the offensive play of the locals. On the defense Hittner and Miller were the Blue and White luminaries, the former figuring in two fast double plays. Wardwell also shone. He pitched the first six innings and in that time allowed but one hit, an infield single by Regan in the fourth. Hasselbacher pitched the last three innings in good form. Brislin's two base hit following a free pass to Arnsome in the eighth saved the visitor's a shutout.

Young had thirteen strikeouts to his credit, but his support was poor and he was unfortunate in having the hits bunched against him and was unsteady in the pinches.

The first inning put the game in the won column for the Blue and White. Miller singled, Crawford walked but was caught off first. Henderson and Mason also walked, filling the bases. Hittner singled, Keller tripled and after McKibben had struck out, Vogt hit for four bases. McCarthy's error put Wardwell on base. Miller made his second single of the inning and Crawford cleaned up with a home run. Henderson flew out to left field—Result: Nine runs. Score.

GLEE CLUB PLANS.

Prospects of Good Season Next Year. New Trips.

The successful 'season through which our Glee Club has just passed is bid to be fully eclipsed by the coming season of 1913-14. Plans have been tentatively arranged and negotiations are under way for a concert to be given at the John Wanamaker Store, Philadelphia, before the Penn game. Final arrangements have been consummated with one of the largest churches in Philadelphia for a concert to also be given at this time and New York alumni have volunteered to bring the Club to New York after their stay in Philadelphia. The Club will appear at Altoona shortly after the Christmas holidays. An extensive trip, similar to that of the Santa Fe, is being planned and prospects for it's undertaking appear very bright.

On November 12, 1913, the college quartet will be heard at the Center County Teachers' Institute, Bellefonte. Mr. C. C. Robinson, Director of our Musical Clubs, will have charge of the musical end at this institute.

The treasurer's accounts for the year 1912-'13 show a surplus of \$200 which is indeed a creditable one in view of the many expenses which this organization has had during the past season. Next year the club will be divided into two units, a varsity and a scrub complement, the former to consist of picked men and the latter to act as a reserve in event of varsity material falling below in their studies. An innovation will be instituted this year in the gift of charms to those members of the Glee Club who will graduate in June.

Regimental Inspection.

At the annual military inspection last Monday the cadet regiment showed up exceptionally well, although the inspection this year was at least two weeks early and men were without the advantage of that much more instruction, Lieutenant Lowe expresses himself as being very much pleased with the showing made.

The reviewing officer, Captain J. S. Robinson, General Staff, also commented favorably on the regiment in comparison with others of similar nature, this being that twenty sixth college whose military department he has inspected this year. Captain Robinson was particularly impressed by the knowledge of actual war problems shown by the men in action involving outposts, advance guard, and the like.

This inspection closes drill for the year, with the exception of the Commencement Parade, when we will be honored by the presence of Major General Wood, Chief of Staff, United States Army, and with the exception of the weekly dress parades on each Friday.

The senior class of the Forestry Department, who are making a working plan for the timber holdings of the Cherry River Boom and Lumber Company, at Richwood, West Virginia, recently visited the lumber operations of the Warn Lumber Company at Liebert, West Virginia, of which P. S. Warn, ex-State 1897, W. H. Warn, ex-State 1904, and Geo. K. Warn, State 1900, are members. W. H. Warn earned his S in baseball and football his first year in college.

PENN STATE DEFEATS VIRGINIA

Southerners' Lose Well Contested Meet—Armsby Breaks Record in High Jump.

The track team won their first dual meet last Saturday when they defeated the strong University of Virginia team by the score of 59 1-2 to 41 1-2. Virginia came here with a reputation founded on the fact that they had recently won the southern intercollegiate and a fast meet was expected.

The visitors showed their strength in the dashes and hurdles taking three firsts and a second. Our team overcame this lead in the runs and field events and won out with comparative ease in the later events.

Piner proved too speedy for the visitors in the 100 yard dash, winning in 10 seconds flat. He was, however, forced to be content with second place in the 220, losing to Maxon whom he had formerly defeated in the century.

Cronly was one of the southerners' best men as he captured both hurdles in fast time. State men scored seconds in both these events. Of the four runs three went to State. They were characterized by Leyden's victory in the half over the well known Cook, Horst's plucky run after being spiked and losing a shoe, and Keyser's outclassing his field in the two mile run.

The jumps went to State. Maybee won the pole vault at 11 feet, Armsby took the high jump, also the record. Armsby also took second in the broad jump, first place going to Gooch of Virginia. The distance was 22 feet 4 1-4 inches. The field events were also captured by us, Lamb scoring first in both hammer and shot put.

The much heralded inter-fraternity race was won by the Phi Deltis over a field of fifteen teams. Hansen's lead from the start was never headed. The S. A. E's and Delta U's finished second and third respectively. Summaries:

EAGLES MERE THE ISSUE

Student Representatives From All of the Prominent Colleges and Universities Will Attend.

From June 13 to 23 should be ten great days in every State student's life. Up in the heart of the beautiful Allegheny mountains the Middle Atlantic Student Conference will hold its session at Eagles Mere. There will be found the finest program of lectures, athletics, good sports, etc., that one can arrange. There were over 500 students and others heard last year, the inspiring addresses of men whose truly noble qualities of manhood and whose exemplary lives have made a deep and lasting impression upon all with whom they have come in contact will be given a similar series of talks. That these men should have accomplished so much in the time in which they have been associated with their work and have left impressed upon the students of the world the feeling that what they are doing is worth while, is evidence that other young men, by cultivating a high sense of honor and obligation to the world, by clean thoughts and correct habits of living, by industry in self improvement, and by tender thoughtfulness of others, may leave with others the impressions these men have left.

Start now to make arrangements to go. Watch for the Eagles Mere folder—watch the Co-op window and watch and do not fill up those dates June 13 to 23.

Anyone who has any photographs of Eagles Mere or its surroundings and would be willing to lend them to the Committee for exhibition purposes please leave them at 273 Main.

Rifle Club.

Many devotees of target shooting are availing themselves of the privilege offered by the Penn State rifle club in preparation for the prize contest for marksmanship, which will be held in the latter part of May.

Every evening during the week with the exception of Mondays the rifle range in the Armory will be open between the dates May the seventh and May the seventeenth inclusive, to all those interested, especially to the members. Each member is expected to fire only twenty rounds of shells during the specified time and from the scores thus made the twenty-five individuals having the best totals, will be selected to enter the final match which is to occur in the near future. Prizes will be awarded to the competitors in the contest who prove to be the best marksmen.

Cousin Kate.

One of the many pleasing attractions for Commencement will be the presentation of "Cousin Kate", the Comedy which was played here last semester under the auspices of the Y. M. C. A. This entertainment will have the date previously filled by the Pharonian show, that is, Friday evening before Commencement.

Those who remember the success of "Cousin Kate" at its first presentation will be pleased to know that the same capable cast will again take part this commencement.
