The Soccer Outlook

Last year when Stewart, Allison, Worthington, Valenteur, Very and Black left the prospects for this year were not promising. But with Tobin, Munhall, Gregg, Smedley, Vollmer, Bishop, Cuno, and Buchanan as a nucleus, Captain Savery has worked until at this time the team seems assured of bettering last years record. Certain it is that State never had so good a team as this 1913 team. The most promising new men are Dorwart Manwaring and Staiger who are sophomores and Nicholson Wilkinson and Hohnberg who are freshmen.

Tobin, who is engaged at present in football, will soon be on the field. He is easily the best man in college playing soccer. Smedley, sophomore, played in 1912 and has improved so remarkably that he is considered to be the best "Back" State has ever had.

The coaching has been done chiefly by Captain Savery. Manager Gregg and Prof. Lewis. Arrangements are being made to have the services of Haverford's veteran coach for a few days.

Freshmen Play Good Game.

Last Saturday the Penn State freshman eleven showed its mettle by playing Coach Very's Mercersburg team to a 7-7 score. The game was played on a muddy field, and the outcome was never certain. Burns, who starred in the game, made the first touchdown for 1917 by intercepting a forward pass. Goelitz made the Mercersburg touchdown on a shift play. The lineup follows:

Mercersburg	1917

Varsity Lacrosse Team Wins.

The sophomore lacrosse team, reinforced by several varsity men, was defeated, 30, by a team selected from the rest of the squad. The game was played in a down-pour of rain on a muddy field before 200 spectators. Coach and Captain Farley was particularly pleased with the contest because of the showing of the new men. Baer and R. D. Fisher showed great promise on the sophomore team, while Clark, Hoffman, Hallowell and Barber, all 1917 men, showed up well on the varsity.

President Sparks is spending the week in Washington, D. C., attending meetings of the American Association of Agricultural Colleges and Experiment Stations.
