## Senior Memorial.

At the last meeting the Senior class voted to consider the following projects for a class memorial, and in the following order— First, a swimming pool; second, an organ for the Auditorium; and third, an enlargement of the football grandstand. If the first project does not seem advisable, then the second will be considered, and the same applies to the second and third. The sentiment expressed so far seems to be decidedly in favor of a swimming pool, and it is hoped that with co-operation, this enterprise may develop and turn out to be successful.

## Educational Extension.

The Philadelphia Press recently published pictures of the leading advocates in the country of educational extension: M. S. McDowell, of State College; L. E. Reber, C. McCarthy and C. R. Van-Hise, of the University of Wisconsin. Prof. Reber, who is dean of the engineering school at Wisconsin, was formerly a member of the Penn State engineering faculty, and it was during his stay here that educational extension first gained headway.

## Cigarette Law Enforcement.

What seems to be the first actual enforcement of the anti-cigarette law, as least the first conviction under it, in this vicinity occurred in Bellefonte a short time ago when a youth's refusal to state where he had procured a package of the forbidden article, cost him \$7.50.

## BY THE WAY.

Physical statistics just compiled at the University of Pennsylvania show that, of the 1556 men in the freshman class, there are only 87 who are free from physical defects. More than one third of the class have some apparent defect of the eyes.

As a unanimous vote of the faculty at Ohio State, the custom of addressing instructors by their official titles was done away with. Students will now say, "Mister", instead of "Professor".

A movement is on foot to unite the athletic associations of Western Reserve University and the Case School of Applied Science, the new organization to take the name of the "Cleveland University Athletic

Portuguese Cigars for Christmas make a splendid gift for men if they are the right kind of cigars. We beg to inform the ladies the Portuguese cigars are the right kind. The kind that men smoke themselves instead of giving away to the porter. So you can come and get a box of 25 or 50 for husband, brother or sweetheart and and feel sure you are giving what he will like.

## ECONOMY

is a commendable habit, but when it is carried to extremes in the purchase of cheap athletic goods, because they are represented to be "just as good" as Spalding's, it usually turns out to be very expensive in the end. Our Catalogue, (mailed free) shows how—by purchasing only Athletic Goods bearing the above Trade Mark—you will really practice true economy.

The Massachusetts Institute of Technology has recently received anonymous gifts amounting to \$3,150,000. The latest are two gifts, one of half a million for new buildings, another amounting to \$100,000 for unrestricted use.

The "Red and Black", of W. & J. considers the New York Times "crazy with the heat." No wonder—the Times omitted W. & J. from its write up summarizing the football season, and credited Penn State with a victory over the Red Black, with the score 17-6.

The winter course in agriculture will begin December 3. On Saturday, November 29, 152 cards of admission had been issued. The total attendance last year was 140 and it is expected that the enrollment this year will be considerably greater.
