A New Play

The cast of characters for "The Honeymoon", a play which will be presented on February 27 for the benefit of the Y. M. C. A. and the State College Fire Department, has been carefully selected and includes the best of talent, every character being a star. The comedy is rich and there will be sufficient local color to make everyone feel at home. The scene is laid in State College during the summer vacation and the audience will immediately feel at home on the terrace of the Carden's house. The cast is given below in order of their appearance:

Mr. David Carden (the groom), A. Deering; Mrs. David Carden (the bride), Miss Margherite C. Wilson; Celeste (a French maid), Mrs. A. W. Cowell; Cook (a Bellefonte product) John Paul Downs; Mrs. Jas. Gossley (a suffragette) Mrs. William Frear; Squire Jas. Gossley (a patient husband), Frank Mulvihill; Rev. Mr. Pott (a conscientious rector), E. J. Hall; Miss Sallie Radford (inclined to flirtation), Miss Ethel Sparks; Mrs. Wade (a widow and Mrs. Carden's mother), Mrs. Harry Cocklin; Prince Boris Alexis Salzikoff (a Russian) John Stanley Crandell.

Deutscher Verein Meeting.

At the last meeting of the Deutscher Verein held in the Old Chapel Friday evening, a Pennsylvania Dutch program was carried out. Mr. Knauss of the German Department gave a short interesting talk on the history of the Germans, tracing their origin and customs from the south western part of Germany over to the district they now occupy in the Perkiomen and Schuylkill Valleys. He also brought out the fact that their language is not a combination of English and German as is the general census of opinion, but that it is the original mother tongue of the old German farmers who first settled in Pennsylvania.

The rest of the program consisted of a selection by the German Mandolin Club; a short story written in Pennsylvania German and delivered in the same tongue; and a reading of "The School House on the Creek," considered by many as the best of the Pennsylvania German poems.

The feature of the evening however consisted of a square dance given by eight of the members in the original Pennsylvania Dutch style. This proved to be very amusing and at the same time gave a practical demonstration of the Pennsylvania German customs. The meeting closed, with the serving of refreshments and all left feeling doubly repaid for coming out on such a stormy night.

At Cornell there are 1069 students who are almost self-supporting, and 124 who earn from \$100 to \$2000 more than their expenses.

no rain in October and the wheat is small and does not look like it would stand the winter well.
We finished husking yesterday. From the acre where we tried your theory about bone-meal and clover making the Potash available, we harvested 50 bushels of rather chaffy corn, and from the rest of the field, where we used bone, clover and 50 lbs. Muriate of Potash per acre, we husked out 70 bushels per acre of tip-top corn that is nearly all fit to sell on the ear for seed corn.
I figure that a ton of Muriate of Potash on 40 acres of corn will pay for a year's post graduate study for you and leave you a little spare change to chip in for athletics.

for another of our candies it's up to you whether you will sandwich the candy kisses with the other kind. That's not our affair, nor anybody else's except your own. It's our business to supply candy so delicious that the girl will willingly submit to the sandwiching between tastes. We do it, too, and you can prove it.
