## WRESTLERS STILL UNBEATEN

Indiana University Defeated in Best Match of Season—Large Crowd Turns Out.

With the armory packed to its full capacity our grapplers took the hardest meet of the season last Saturday night when they defeated the strong Indiana University team. The visitors came here direct from Cornell where they had wrestled on the previous night and on this account deserve great credit for the hard battle they gave our men. In every case the bout was well fought, showing that their enviable reputation in the middle west is well merited.

The fact that two draws and two decisions resulted from seven bouts was due to a measure to the different styles of wrestling employed by the teams rather than to lack of aggressiveness on the part of either. Indiana was at her best while standing which is not true of our men as was shown in every instance when our man got his opponent to the mat early in the match.

The meet opened by a fruitless nine minutes of clever wrestling between Thompson, of Indiana, and Long, of State. In the extra three minutes required Long was awarded the decision on aggressiveness. The 125 pound bout was still more evenly fought and after two extra periods the judges were unable to

give a decision. Klingensmith was the aggressor during the latter part of the contest but during the early few minutes Williams had his man at his mercy on a dangerous body hold.

The following bout between Kirk and Myers, of Indiana, also required an extra session. Both men did most of the work from their feet, Indiana showing somewhat to the advantage. In the final three minutes, however, Kirk got his man to the mat and won a clean decision.

Hill got the first fall or the evening in 4 minutes and 44 seconds on a half Nelson and body hold. Two falls followed immediately by Yerger and Sayre.

Yerger found Demmon a hard proposition. Three minutes were called for. Early in this period Yerger cleverly encased his man in a crotch and wrist lock and got the prettiest fall of the evening.

Sayre got a well deserved fall in the quickest time of the evening on a half Nelson and body hold. Our man forced the bout and ended it by lifting his opponent from the mat and throwing him into the hold that settled the bout.

Lamb was unable, for the first time this season, to defeat his man Davis was indeed a man of worth and after the extra time required the judges decided that no decision could be given. The greater part of the time was spent on their feet. Lamb was the aggressor during the greater part of the time but this was offset largely by the speed and science of his heavy opponent.

115 pound class—Long, of Penn State, won decision over Thompson. Time, 12 minutes.

125 pound class—Draw between Williams, of Indiana, and Klingensmith, of Penn State.

135 pound class—Kirk won decision over Myers, of Indiana. Time 12 minutes.

## NEW COMMANDANT

Lieutenant Chaffin to Replace Lieutenant Lowe.

Lieutenant Thomas H. Lowe, who has been detailed at this college as Professor of Military Science and Tactics for the past year and a half, has been ordered to rejoin his regiment on the Texas border. In his stead, General Wood has detailed Lieutenant Andrew D. Chaffin, 29th, Infantry, who will report for duty on April 5th.

Lieutenant Chaffin was born in Tennessee and enlisted in the army as a private about the time of the Spanish-American war. He was advanced by examination to the grade of Second Lieutenant. Recently he has been stationed with his regiment at Fort Porter near Buffalo, New York. He was highly recommended for the detail by Captain W. B. McCaskey, a graduate of State College of the Class of '96

Owing to the change in commandants no definite plans concerning spring drill have yet been formed. However, if the good weather continues the outdoor drill will start sometime after April 5.

145 pound class—Hill, of Penn State, threw Drollinger, of Indiana. Time 4 minutes 44 seconds. Half Nelson and body hold.

158 pound class—Yerger threw Drollinger, Indiana. Time 11 minutes 32 seconds. Crotch and wrist lock.

175 pound class—Sayre threw La Duron, Indiana. Time 3 minutes 53 seconds. Half Nelson and body hold.

Heavyweight—Draw between Lamb, Penn State, and Davis, of Indiana.

Referee, "Pop" Golden. Judges, Seymour, Indiana; "Doc" Lewis. Timers, Seymour, Indiana; Dr. Stecker. Recorder, D. Hess.

## Lacrosse Men Practice

Candidates for the lacrosse team reported on Monday and practice will be held regularly until the spring trip is taken. The team should receive considerable strength from Yerger, Wood, Sarver and Dippe who have reported. These men will be used on the defense where heavy players are needed. More heavy men are urged to report at once.

Since the question of lacrosse insignia is being considered by the Athletic Association the rules of the other colleges are printed for reference.

The following members of the intercollegiate league award the straight letter: Johns Hopkins, Stevens Institute, Lehigh, Toronto, Swarthmore and Hobart. Pennsylvania and Navy award the letter with L. T. Cornell awards the letter to champions and I.C.T. otherwise. Harvard awards I.H.T. and to champions an H with crossed sticks.

## Military Hop.

The annual Military Hop will be held next Saturday evening, March 21, in the Armory. The grand march will begin promptly at eight o'clock and will be led by President and Mrs. Sparks. The following committee are in charge of arrangements: Sullivan, '14, Fraleigh, '15; and Harper, '15.

A gift of \$100,000 has made possible a college theatre for Dartmouth.

## GLEE CLUB CONCERT.

New Program Prepared for Friday Night.

What promises to be one of the best musical concerts ever heard by Penn State audiences will be given by the Combined Glee and Mandolin Clubs next Friday evening, March 20, in the Auditorium immediately following the wrestling meet with Lafayette. The program which has been prepared is undeniably better than last year's "Santa Fe" program, and several new "screams" in the way of novelties make it an occasion that none can afford to miss. The program follows:

### Part I.

"On the Sea," Dudley-Buck, Glee Club; "Bolero", Moskowski violin, cello and piano trio; "The Bugle Horn", Seeboeck, Freshman male quartette; "La Pluma", Bryhm, Mandolin Club; "Dance of the Gnomes", Macdowell, and "Sleep Baby Sleep," Robinson, Glee Club; "Just Like One of the Family", Russel, Austin '16, Reader. "Gondolier's Serenade", Barries, Leyden '14; "What the Chimney Song", Parks, Glee Club.

### Part II

A Professor's Study, at Penn State.

Introducing the latest Penn State songs and various specialties including a new blackface sketch by "Mose" and "Porky"; varsity quartette, Fisher '15, as "Prof." Saurhoff '17, as "Button", Freeman '14 as "the Crab", and so on.

## Basketball Summary.

The basketball season came to a close last week when our team met their second defeat from the hands of their old rivals, the W. and J. team. This was the ending of our first year in the league organization and in reviewing the season it is reasonable to say that it was a successful one.

From the first Coach Harlow was handicapped by a lack of good new material and this condition remained throughout the season yet in spite of this fact a team was moulded from the remnants of the former team and second string men that compared very favorably with the best in the league.

Eight victories and four defeats is the record of the season. In addition to this it might be noted that the fast Swarthmore team met defeat at the hands of our men on their own floor and the intercollegiate champions of the south suffered a like fate. These results go to show that the team was, on the whole, a good one.

A factor that largely entered into the season's success was the coach. Haddow showed himself the man for the job from the minute he took the team in charge and its final development was a product of his hands. As a Manager Flagg showed equal capability.

## Thespian Ticket Sale

## Oratorical Contest.

On Thursday night, March 12th the college Prohibition League held their annual oratorical contest in Old Chapel. There were nine speakers, representing all of the four classes, who delivered carefully prepared orations on the liquor problem. The orations were of a high order and the contest was the strongest one the league has ever held here. The audience felt well repaid for listening to the views held by the orators and appreciated the forceful way in which the orations were delivered.

George W. Miller '17 was the winner of the first prize while Staiger '16 and Stuart '17 tied for second honors. Miller will speak at the Pennsylvania Intercollegiate Prohibition Association contest to be held here on April 4.

## Wrestling Elections

A meeting of the Wrestling Association will be held in the Armory on Saturday afternoon between two and three o'clock, at which time three assistant managers for next year's team will be elected. Any man in the present sophomore class eligible to one of these positions, but only those men who have participated in at least one varsity trial bout are eligible to vote. It is hoped that men who possess initiative and managerial ability will have their names presented for nomination.

## District Convention.

The annual convention of the third District, Delta Upsilon Fraternity, was held in State College last Friday and Saturday, representatives being present from Columbia, New York, Rutgers, Pennsylvania, Swarthmore, Lafayette and Lehigh. The convention business sessions were held in the Penn State chapter house and in the foyer of the Auditorium.

## LAST WRESTLING MEET

Athletic Relations Will be Opened With Lafayette on Friday Evening—Blue and White Hope to Maintain Clean Record.

It has been several years since Lafayette College had a place on any Penn State schedule. This year contracts have been signed for contests between the Blue and White and the Eastonians in three branches of sports, namely, football, baseball, and wrestling. Thus it happens that the Penn State matmen will have the distinction of formally opening athletic relations between these two institutions. For this reason itself, Penn State will do her best to win Friday evening's contest. At the same time, the Blue and White are anxious to maintain the wonderful record they have established thus far.

It is interesting to note that but one fall and one decision has been gained against the locals in the four meets this season. The honor of gaining those points goes to the Navy in the first meet of the Blue and White team for this season. It is also, worthy of note that this same team of Uncle Sam's midshipmen his decisively defeated every other opponent this year, among the defeated being Cornell, Lehigh, Pennsylvania and Princeton.

In the three home meets, Penn State has not lost even one decision. Lehigh and Indiana, both of whom Cornell gave a hard fight for victory, failed to get more than two draws each, while Pittsburg failed to gain a point. It is true that Lafayette has not the prestige in wrestling back of her that the local team enjoys, but you can never tell in this game of catch-as-catch-can. Penn State will try hard to finish the home season without losing a decision.

Since this is the last meet, in fact, the last indoor intercollegiate athletic contest of the season and due to the fact that the student body has so well supported the previous meets, the management has decided to make this bargain day. No general admission tickets will be sold but all reserved seat tickets will be sold at 25 cents each. First come first served. The tickets will be on sale at the toggery shop on Wednesday and Thursday evenings, and on Friday afternoon up until 7 p. m. "Pop" Golden will again referee.

Remember that Penn State has a record made that she wants to maintain. Lafayette made a good showing against Princeton in her last meet. Time has elapsed sufficient in amount since then for them to correct the weak places in their team. Remember it's bargain day.

## New Edition Prof. Moyer's Book.

A new edition of Professor J. A. Moyer's book on Steam Turbines has just been issued by John Wiley & Sons. A new chapter on Recent Developments in Steam Turbine Engineering deals with "bleeder" or "extraction", mixed-pressure and marine turbines and the latest forms of reducing gears for marine service. The section on the designing of reaction turbines has been completely revised. New and unique methods of applying the low pressure steam turbine are fully discussed.
