Wednesday, March 25, 1914

The following amendment to the Athletic Association Constitution has been proposed:

1. No student of the Pennsylvania State College shall be eligible to compete in any varsity intercollegiate contest until he has completed one year of residence as a student in a regular four year collegiate course.
2. No student shall be eligible for intercollegiate athletics who has previously competed for three years in this or any other college of equal scholastic standards.
3. This amendment shall go into effect at the opening of college in the year 1915.

The first section quoted above forms the leading principle involved in the One Year Rule; it is this rule which has been adopted by the greater colleges and universities as the final proof of the squareness of their athletics. Its purpose is obvious.

The second part of the resolution, making a man eligible for only three years of varsity athletics, is a step beyond a mere residence rule. It certainly is necessary in the forming of a One Year Rule that will present no loophole to be sought out by the critical public eye. We already have a rule which prevents the playing of a graduate; the new rule therefore, would disqualify only the man who is taking more than four years to graduate; and would effectively do away with the possibility of a charge that a man was being held over an extra year to serve the college athletic teams, or was being "imported" from another college for the same purpose. It is certain that the public is fond of making charges, with or without foundation, as the case may be, and it is therefore to the interest of the college that our eligibility rules present no loopholes.

At a meeting of the Collegian Collegian staff held Elections last Thursday the following elections took place: Editor-in-chief, J. R. Math-

ers '15; Business Manager, J. M. Horner, '15; Assistant Editor, W. S. Parkinson Jr. '15; Assistant Manager, W. R. Miller '15. W. W. Weaver '15 was made Senior Associate Editor.

The new editorial heads take their places at once, but no change in the business management will take place until the end of the year.

R. E. Geary '16 has been added to the present staff as Associate Editor.

The Glee Club Concert.

Following the wrestling meet with Lafayette, last Friday evening, the combined musical clubs of the college gave their customary, home concert. We prided ourselves on our singers of last year and boasted unceasingly of their transcontinental tour. We were told, however, at the beginning of the present season that the material was even more promising this year than last, and the concert last Friday left no show of doubt in the minds of any of us as to the truth of the statement. We heard nothing of the "Boys of the Old Brigade" neither were we treated to that oft quoted "Three Fishermen" All the numbers were new, at least new to us, and their freshness only added to their beauty.

The program rendered was published in last week's Collegian and there is no necessity for its repetition here other than in a very casual way. The three formal Glee club numbers were well rendered and encored; the piano-violin-cello number was likewise enthusiastically encored; the Mandolin Club responded twice to prolonged applause, the Freshman Quartet was given the "again" signal, Austin showed no loss of popularity, and "Jimmie" Leyden had several chances to repeat. Part two following an intermission of some ten minutes, was a lively little sketch including the latest college songs, the pranks of our "black-faced" comedians, and a variety of other things. Taken all in all, the concert was one that State men may will be proud of, was just as much a product of State spirit and State prowess as are our athletic teams.

Sophomore-Freshman Debate

Debating trials for positions on both the sophomore and freshman debating teams will be held on April 3. The places of the trials will be announced later. The question is: Resolved, that the United States government should assume ownership of all telegraph and telephone lines in the country for just compensation, constitutionality conceded. The interclass debate will probably be held on May 8.

On account of the increased interest in debating at Penn State the interclass debate is becoming more important every year. It is this practice that trains men for varsity debating. Every year there are places on the college teams for underclassmen. Plans are being made now to put three or four college debating teams in the field next year if possible. Now is the time for underclassmen to gain experience which will be invaluable to them in trying out for varsity debating next year.

Basketball Captain

On Monday night in the Armory those basketball men who received the insignia elected Frank Park to captain the team for next year. Park, though not flashy, is a fast hard working man and an accurate shot. He has been in nearly every game in the last two years and richly deserves the honor given him. Under his leadership a team worthy of State should represent us next year.

**Clean Soda
Pure Syrups
Clean Glasses**

These are three of the essentials which stands for good soda water. You will find all at our fountain. That is why our soda is popular. Our soda is clean because it is pure, carefully handled, thoroughly refrigerated and deftly dispensed. Our pure syrups are made from fruits of selected quality, right ripeness and are free from preservatives. Drink a glass of this pure drawn soda at our fountain and you will be refreshed.

solicited. Quality guaranteed at reasonable prices

No cracking; tie slips;
No friction; just pressure.

Exasperating, isn't it

If there is any one thing that tries a man's patience and makes him irritable, it is to get a tie under a collar and then find that the tie sticks and can't be slipped or adjusted without yanking the collar, and consequently the upper part of the shirt bosom entirely out of shape.

By our new process YOUR LAUNDRY so launders a collar that its top edge, where it is turned over, is not sharp, but slightly rounded and more space is given all along between the inside and the outside of the collar.

Thus, here is plenty of room for the free movement of the tie backward and forward and it is easy to adjust it to the proper position.

Why not try having a few of your collars done by our new process and note the result?
