The Forum Society.

Some of us may have lost sight of or have forgotten the literary society which was organized, not so very long ago; but the twenty-five or thirty members who compose the Forum Society continue to meet each Tuesday evening, and are making quite a success of their meetings. They have orations, debates, speeches, general discussions, readings and recitations. Students who have taken trips are called on for speeches and talks on the interesting events of their travels, and reviews of and interesting facts concerning oth- down to the very last draw. Better ers past and present are given. The meeting next Tuesday will be You can afford to be generous for the concerned chiefly with the life and works of Mark Twain. A brief biography of the man himself will be read, and readings and recitations from his writings have been arranged for. The chief aim of the society is to develop ease in speaking in public as well as to give encouragement to literary ability. Its membership is open to all who can come up to its entrance requirements and who are ready and willing to work.

The Band and Orchestra.

Various rumors have been floating over the campus concerning coming band concerts, but as yet no very definite plans have been made and no dates set. Arrangements for a combined band and orchestra concert are being made, and, remembering the excellence of both organizations, we cannot but look forward to the event with the most pleasant anticipation. For the benefit of those who are musically inclined and wish to try out for either the band or orchestra, such trials are still in order and may be arranged for, and every one who comes out will be given a chance. The band practices Tuesday and Thursday evenings at 6:45, and the orchestra at the same time. Friday.

Bishop Rhinelander Coming.

Next Sunday Bishop Rhinelander, head of the Protestant Episcopal Diocese in Pennsylvania, will speak at the freshman and morning chapel and at the 6:30 meeting in the evening. Bishop Rhinelander has made several visits to State College in previous years, and no one can afford to miss the pleasure of hearing him again. Billy Sunday has supplied the incentive. Now let us get busy and make these 6:30 meetings really worth while.

The Student Council at a meeting Monday evening recommended the several changes in the plan adopted last year for the flag scrap. The time was increased, the distance of the sophomores from the pole decreased, and the space to be occupied by the freshmen at the beginning of the scrap also lessened. The time was set for Friday, May 1, the day of the interscholastic meet and the scrap to take place at 6:30 in the morning rather than in

YOUR SUMMER JOB

Should yield a practical business experience and a good summer of money. Would you like to get both next Summer ?

Last summer 2346 men made on an average 98c an hour or \$6.85 every seven hour day demonstrating and selling "WEAR-EVER". This equals \$178.00 A Month.

332 men by extra effort average \$10.92 every day they worked seven hours "WEAR-EVER" aluminum cooking utensils are household necessities Advertising has created a nation-wide demand for them.

Large orders can be taken and profits are in proportion.

Last year almost 1000 men applied for territory after the door was shut. If you are interested don't fail to see E. Gentzler, 316 W Beaver avenue and apply for territory now. Don't wait until summer comes. By that time the opportunity may be gone.
