Departmental

Mr. R. H. Bell, of the department of Experimental Pomology, has been transferred to the department of Agricultural Extension and will take up his duties as county agricultural agent in Lycoming county, July 1. His headquarters will be at Williamsport.

Meetings were held recently in Fayette and Westmoreland counties and steps taken toward the organization of a Farm Bureau with the idea of securing the services of a county agricultural agent.

It is possible that the Pennsylvania railroad will run a number of excursions, similar to those of last year, to the college during the month of June.

President Wilson has accepted an invitation to become an honorary member of the Liberal Arts society. The society is increasing in numbers, 18 new members having been added within the past month. A special program of the society will be given in two weeks in honor of Dean Weber.

Professor and Mrs. Walker and Professor and Mrs. Diemer gave a reception to the faculty of the School of Engineering at the home of Professor Diemer on Friday evening, April 23.

Mr. H. McCready, of the Union Switch and Signal company of Swissvale, gave a lecture to the engineering students on Monday, April 27. He also interviewed applicants for positions with his company.

Mr. Ralph Williams, 1912 E. E.; Mr. A. S. Solleder, 1913 C. E.; and Mr. C. E. Swab, 1913 C. E., visited the college last week.

Prof. L. C. Turnock attended a meeting of the American Electrochemical society in New York City on April 18.

Mr. Philip P. Sharples, chief chemist of the Barret Manufacturing company, gave a lecture before the senior engineering convocation on Friday, April 17. His subject was Bituminous Roads and Pavements and was illustrated with lantern slides. Mr. Sharples visited the college for the purpose of examining some tests which are being run in the highway laboratory for the determination of the binding value of bitumens.

Arrangements have been made for a Freshman-Sophomore Athletic Championship Day at Commencement time. The entire afternoon of Friday, June 5th, will be devoted to Freshmen-Sophomore track, baseball, soccer and lacrosse contests on New Beaver Field. These contests immediately following the last examinations will occur on what is virtually the first day of Commencement week.

The Graduate Manager wishes to co-operate with the two under classes in making these contests as interesting as possible and would like to have the names of the Freshman and Sophomore managers in each of these four sports so that a meeting may be called to arrange the details of the Freshman-Sophomore Athletic Championship Day.

Several equal suffrage organizations have signified their intention of being present at the Pitt-State debate in Carnegie Music Hall.

ALUMNI

The alumni of the northeastern part of the state held a banquet at Scranton on March 17. Dr. Sparks, Dean Holmes and Dean Crane were among those present.

J. F. Forsyth, '11, married Miss Vera Watson at Butler, Pa., on March 25. Mr. and Mrs. Forsyth will reside in Newport, Wash.

Joe Mason, '07, captain of the famous 1907 baseball team and one of the best known of the younger alumni, was married on April 20 to Miss Blanche Fry at Charleroi, Pa. In the future Mr. and Mrs. Mason will be at home at 1107 Ridge avenue, North Side, Pittsburg.

John Fields, '91, will be Republican candidate for governor in Oklahoma this fall. Mr. Fields is president and editor of the Oklahoma Farm Journal, and has long been prominent in the politics of his state. He will be opposed by Al Jennings of Saturday Evening Post fame.

John C. Gotwals, '06, one of the greatest linemen ever turned out by a Penn State football coach, has a record for rapid advancement in the regular army. In March, 1913, he passed the examinations for second lieutenant and within a year was made a first lieutenant of the engineering corps. Mr. Gotwals was formerly prominent in engineering work.

Glee Club Trip

Arrangements have been completed for a Glee Club trip through the northwestern part of the state during the week of May 11. Leaving at noon, Monday, the club will sing in Lock Haven Monday night; Erie, Tuesday night; Jamestown, N. Y., Wednesday night; Warren, Thursday night; and possibly in Titusville, Friday. At all the towns on the route great preparations are being made by alumni for entertaining the singers, and the guarantees of over a hundred dollars per night insure the financial success of the expedition. So far, none of our clubs have covered this particular territory, in spite of the fact that many of our students come from that district. Some dozen or more members of the Mandolin Club will go with the Glee Club. The program rendered will be a mixture of the best of this and last year's numbers.

1915 Class Actions

Last Thursday night the juniors called a class meeting, the object of which was to take up matters relative to the Prom this year. Various plans both for carrying on and financing the affair were brought up and discussed, among them being the suggestion that tents be used for booths and all the floor space thus given over for dancing.

It was also decided that there should be no cutting of the front campus until after May first. A similar action had previously been taken by the seniors, and the green growing things in said locality may thrive in untroddden serenity until after the fatal day.

The F. and M. Weekly recommends enlistment for those seniors who are tired of their thesis work. The Oberlin Review goes one step farther and asks the seniors to seriously consider military life as a permanent occupation.
