

The : Pennsylvania : State : College

EDWIN ERLE SPARKS, Ph.D., L.L. D., PRESIDENT

Established and maintained by the joint action of the United States Government and the Commonwealth of Pennsylvania

FIVE GREAT SCHOOLS—Agriculture, Engineering, Liberal Arts, Mining, and Natural Science, offering thirty-six courses of four years each—Also courses in Home Economics, Industrial Art and Physical Education—**TUITION FREE** to both sexes; incidental charges moderate.

First semester begins middle of September; second semester the first of February; Summer Session for Teachers about the third Monday in June of each year. For catalogue, bulletins, announcements, etc., address

THE REGISTRAR, State College, Pennsylvania

THE BEST MATERIALS

only go into the making of our bread. These are mixed and baked by experts, the result being a bread unequalled in toothsome and wholesomeness. Why put off trying it? We also carry a complete line of confectionery and our ice cream cannot be excelled anywhere. Ask anyone about it. Ice cream served by dish at our ice cream parlor, 220 East College avenue.

What Profession are You Choosing?

If it is either **MEDICINE, DENTISTRY, PHARMACY or CHEMISTRY**, do not fail to learn the advantages of

The Medico-Chirurgical College

OF PHILADELPHIA

It is in the City which has been and still is the American Center of Education in these Sciences. It has Departments of and grants Degrees in all four of them. It has its own Buildings comprising well-planned and well-equipped Laboratories, a large modern Hospital, and the finest clinical Amphitheatre extant. Its Courses in each Department are carefully graded. It has abundant and varied Clinical Material. Its Faculties are renowned and of high Pedagogic ability. Its Training is essentially and thoroughly practical.

Special Features are Personal Instruction and Individual Work; Free Quizzes, Ward Classes, limited in size, Practical Clinical Conferences, Modern and Modified Seminars, Methods, Special Lectures by eminent Authorities; Practice and Training in Technique, etc. Write today to the Dean of the Department in which you are interested for announcement describing the course and containing full information as to fees. Compare the advantages this college offers with any other before making a final decision. **Seventeenth and Cherry Streets, Philadelphia, Pa.**

ALUMNI

The Erie association gave a royal reception to the boys of the Glee and Mandolin club upon their arrival at that city. Immediately after the concert, a dinner was given by the association and both the alumni and undergraduates vied with each other to provide the best entertainment.

It has been thought that the following list of alumni with the work they are now engaged in would be of interest to all:

M. R. Stevenson '99, superintendent of the blast furnaces, National Tube Company, McKeesport, Pa.

J. J. Wilson '07, metallurgist, National Tube Company, McKeesport, Pa.

S. W. Price '07, chemist, National Tube Company, McKeesport, Pa.

B. F. Bart '10, salesman, National Tube Company, Chicago, Ill.

D. R. Mason '11, salesman, National Tube Company, Pittsburgh, Pa.

J. L. Mauthe '13, blast furnace department, National Tube Company, McKeesport, Pa.

Harold J. Yeckley '11, electrician, National Tube Company, Lorain, Ohio.

W. B. Hawk '89, chief chemist, National Tube Company, Lorain, Ohio.

Robert Vorhis, noted varsity pitcher in '07, '08 and '09, was in charge of the open hearth furnace, National Tube Company, Lorain, Ohio, until recently when he became connected with the Brier Hill Steel Company, Youngstown, Ohio.

Harry R. Rosen '13, assistant in botany at the University of Wisconsin, has recently been elected into the Sigma Xi, a national organization for scientific research. The prospects for a Penn State alumni branch of faculty members at that institution are very good.

Food Sale

The junior class of the Home Economics department, under the direction of Miss Perry, will hold a food sale on the lawn of the Woman's Building, Saturday, May 23, from 12:00 until 3:00 o'clock. An attractive list of viands will be on sale, including pies, cakes, salads, bread, candy and strawberry shortcake which will be served at small tables on the lawn. Ready-to-eat lunches, packed to take away will be a novel feature.

The sale is for the benefit of the Summer Conference fund of the Y. W. C. A.

A deputation team composed of the following persons will speak to the inmates of the Huntingdon reformatory on Sunday, May 31, and at the Y. M. C. A. at Tyrone in the afternoon: Horst, Hays, Welty, Weigle, Crawford, Chase and Mr. Buchman.

Departmental

Mr. John Hamilton, of the U. S. Department of Agriculture, gave a very instructive lecture before the senior and junior classes on the subject of good roads, last Thursday. He pointed out that every good road must be dry, solid, easy and smooth.

The juniors in the Agronomy department have elected S. P. Jones as their representative in the Student Council for the coming year.

The sophomores in the Animal Husbandry department have elected Olmsted to represent them in the Student Council.

Mr. W. R. McKnight, 1913 Agronomy, for some time employed as assistant agriculturist to the Pennsylvania Railroad, has been engaged as manager on a grain, hay and horse farm at Broomal, near Philadelphia. The Pennsylvania Railroad, in its retrenchment, has temporarily withdrawn its agricultural service.

Mr. E. L. Moffitt will resume field work on the soil survey in Lancaster County about June 1.

Mr. W. A. Krimmel, Agronomy 1913, employed during the past year on the farms of the National Fire Proofing Company at Haydenville, Ohio, has accepted a position as assistant manager on an up-to-date farm in the northeastern part of Pennsylvania.

Dr. W. R. Crane attended the meeting of the Anthracite branch of the American Institute of Mining Engineers at Wilkesbarre on the evening of May 9.

Bandmaster Appointed.

Mr. Wilfred O. Thompson, U. S. A. retired, now living at Somerville, Massachusetts, has accepted the position of Bandmaster of the College Cadet band. He has an unusual army record as a successful band leader and musician. The number of pieces in the band will be increased to 60 next year and will include drum and bugle corps. Music will be used at each drill. It will be the endeavor of the new officer to maintain the high efficiency standard of the band in years past under student leadership. At the same time it is evident that an arrangement whereby one man gives his entire time to the work is likely to be even more efficient. The new Bandmaster will begin his detail in September.
