PRICE FIVE CENTS

MICHIGAN AGGIES WIN

Entire Party From West Make Fine Impression—Handling of Crowd a Credit to Graduate Manager. Morris, Dippe and Yerger Play Improved Game—Visitor's Full-back and Left End All-American Material.

One of the cleanest and hardest fought football games in which a State team ever participated resulted in a 6-3 Michigan Aggie victory last Friday afternoon before the largest crowd ever assembled on Beaver Field. Michigan may well be proud of all her representatives that came east. The game itself was absolutely devoid of roughness; the Aggie band was a wonderfully well trained organization; the spirit of the rooters was fine; and best of all every man was a thorough gentleman. While a contract with Lehigh prevents a return game next year, the student body hopes that athletic relations will be renewed in the near future.

The game, which marked the second defeat ever received on New Beaver Field, probably caused more discussion on generalship than any game in the last two or three years. The necessity of giving Captain Tobin a chance to star was ridiculous, for he does not need such a chance. Few, if any, captains have had the confidence which the student body has in him. He has been the brains, the keystone in fact of every State game he has been in. His absence has always made the game doubly harder to win. But Captain Tobin was not in condition. No man two days out of a hospital could have been. The point of discussion among the students is why was he elected to carry the ball with such men as Kratt, Welty and Dippe on the field. Even more ludicrous was

"DAD" ENGLE

the sight of a pair of badly burned and bandaged hands holding a ball for a placement kick.

This great player, however, will be in condition soon and the Pittsburgh team will find a far different squirming twisting back than was thrown back by Michigan. One of the best features was the improved play of Yerger, Dippe and Morris and the minimum amount of fumbling.

State threatened to score early. Lamb kicked off to Michigan's 15 yard line and they carried it back to the 25 yard line. On the next play Lamb blocked a punt and State recovered on the Michigan 20 yard line. The Michigan line held, however, and took the ball on downs. After an exchange of kicks Straight, of the Aggies, re-

covered a fumbled punt on State's 15 yard line. They could not gain, however, and a field goal failed. A little later poor headwork by the Michigan quarter enabled State to take the ball on downs on Michigan's 30 yard line. A couple of line plunges, a forward to Lamb, and a great line smash by Dippe carried the ball to the 3 yard line where Michigan stopped Tobin six inches from a touchdown. After an exchange of punts Michigan carried the ball on a beautiful end run 65 yards to State's 15 yard line. In four plays Julian carried the ball over for a touchdown. The goal was missed. The half ended shortly with Michigan holding the ball on her own 40 yard line.

State scored early in the third period. After an exchange of kicks a State man caught a short kick on Michigan's 45 yard line and ran 30 yards. Three attempts at the line netted five yards and Lamb kicked a field goal.

Lamb kicked off to Michigan's 10 yard line and the ball was returned 15 yards. They started a line plunging game and made three successful first downs before State held. An exchange of kicks followed in which State profited by a 15 yard return by James. With the ball in midfield Michigan intercepted a State forward. They could not gain and punted to our 21 yard line. Two line plays failed and then Yerger broke through tackle for 25 yards. A long trial at a field goal failed and the quarter ended.

A great kick of 70 yards by Lamb put Michigan on the defense. Neither team could gain and Michigan kicked to midfield. Two plays gained five yards and then Ewing added 25 yards on a forward. Two more plays carried the ball to the 12 yard line. Tobin made only one yard and a poor pass coupled with his bandaged hands made an attempt at a field goal impossible. Shortly after a State fumble ended further chances for a score.

The lineup:

Bon Fires Abolished

At the regular Wednesday morning mass meeting, of November 11, the student body in accordance with the recommendations of the Student Council voted in favor of abolishing the practice of celebrating a great athletic victory by a bon fire as has been customary up until the present time. The reasons advanced for the action—waste of money, danger to community, the raising of insurance rates for college buildings—were irrefutable, and a talk from "Pete" Mauthe clinched the argument

C. W. WHITEHAIR COMING SUNDAY

Prominent in Undergraduate Days in Athletics—Successful in Foreign Mission Fields—Recently Elected Secretary at Cornell.

Mr. Whitehair, of Cornell University, will be in charge of the various Christian association meetings next Saturday and Sunday. He recently returned from the general secretaryship of the Madras, India, Young Men's Christian Association, and is a graduate of De Pauw University, class of 1909. In college he was a leader in all forms of university activities, particularly athletics. He was presi-

dent of his class, a member of the varsity football team, and field marshal of the annual college celebration during his junior and senior years; president of the University Christian Association and chairman of the Bible Study Committee.

Upon graduation Mr. Whitehair accepted an appointment as student secretary in the college department of the Kansas State Committee of Young Men's Christian Associations, in which capacity he traveled among the colleges, aiding them in organizing and promoting their work.

In January, 1912, Mr. Whitehair sailed for India, and he was fulfilling every promise of a strikingly successful career when called home for reasons of family health. He was national secretary of Young Men's Christian Associations throughout Southern India, and in this capacity he displayed unusual ability, both financial and religious, in the direction of a large work. At the same time he served as general secretary of the Madras Association.

He has traveled among the universities constantly in the last three months in the employ of the international committee. Altogether, Mr. Whitehair has visited, at one time or another, more than one hundred associations in this country in the interests of their work. Mr. Whitehair's personality is strong and unusually attractive. His message is a compelling one—the product of a life conviction, first-hand knowledge, and the ability to state the case.

The Knipe Fund

Some time ago pledges of contributions to the Knipe fund were made by many fellows. Up to this time but little of this money has been collected and it is greatly needed. It is urged that all men who have made pledges of support to this fund contribute at once.

IMPORTANT TO

COLLEGIAN READERS

As stated in a previous issue of the Collegian, it has been the aim of the Board to place the paper in the hands of every student and faculty member of the college.

At present, there are 1,200 copies issued weekly. Of this number a small percentage represents paid subscriptions; another small fraction represents those who have expressed their willingness to take the paper and have given their word to that effect.

In former years the paper was sent to the student body with the understanding that the person who lifted the paper from the post office department was a subscriber. The result was that many never found it convenient to settle for the prescribed amount.

Insofar as possible, this policy has been adhered to this year. There are, however, persons who have no intentions of subscribing for the paper, yet who have received 10 issues, or nearly a third of the total for the year.

The efficiency of a college publication is closely allied with the percentage of the student body reading the paper. The Collegian should be the mouth piece of the student body, should voice its sentiments within the body itself, and to the outside world. If but a small percentage keep in touch with the activities of the college, as set forth in the columns, the possibilities of that paper are limited.

If you are interested in a representative paper, you have your part to do. If you are unable to receive it and pay for it in due time, you will help by seeing that your name is dropped from the mailing list. If you have no interest in it at all, don't allow its continuance but send the circulation manager word to that effect.

Bert Barron III

Barron's arm became infected with blood poisoning on Saturday night and fainting spells left him in a weakened condition. He was taken to the Bellefonte hospital Monday and operated on. Just how badly the poison has entered his system is still a question. It is very doubtful if he can get into the Pittsburg game.

Professor Bouche will address the Civic Club on Thursday evening on the high cost of living as affected by present conditions. The talk will undoubtedly be a profitable one, and all members are urged to be present.

CHAPLAIN REED'S RESIGNATION

Announcement Comes as a Shock to Town and College Alike—Probably the Best Liked Man Connected With the College.

No man connected with our college stands in higher esteem among the student body than does our chaplain, Rev. Robert Reed. Since everybody knows him simply as "Bob" Reed, it seems to sound better to speak of him in the latter way. "Bob" has had quite a number of opportunities to accept the pastorate of prominent churches throughout the country, and heretofore has always declined, but recently a call came to him to become the pastor of the George McKinley Memorial University Presbyterian Church at the University of Illinois, which he has accepted, resigning his present position as chaplain at the Pennsylvania State College.

The news of "Bob's" resignation reached the student body with many regrets at the thought of his departure. Since he began his work at this college in October of 1911, "Bob" has made a host of friends, and there is no student but who has a good word to speak for him. By his congenial manner and strong personality, and most of all by his consecrated life he has won many men to the Christian life; in addition to this he has instilled into the entire student body nobler aspirations and higher ideals of true manhood.

The new work assigned to him also deals with student life. There are 4500 students at the University of Illinois, which is located between the cities of Urbana and Champaign. The students of the various denominations have separate denominational churches which they attend, there being no compulsory chapel at the university. At the McKinley Memorial Presbyterian Church nearly a thousand students hold their membership during their college course. Two services are conducted here daily in addition to various meetings during the week. The church has an endowment fund of \$60,000 and a building which cost \$50,000. "Bob" will have charge of the work in this church, and will also cooperate with the Young Men's Christian Association in the general Christian activities of the university.

The date of his departure for the western university has not been definitely decided upon, but his last service here will probably be on December 6. Both Mr. and Mrs. Reed will be greatly missed in our college community. It will be remembered that Mrs. Reed was formerly Miss Ruth Bottorf, of the music department at this college. The Collegian voices the sentiment of the student body in saying that their departure will be a distinct loss to our college, which, however, will be a decided gain to the University of Illinois. The students of that university are to be highly congratulated in securing the services of "Bob" Reed.

Important Senior Meeting

A meeting of the senior class will be held in Old Chapel at 6:30 Thursday evening. This is an important meeting and it is the duty of every member to be present.
