

In the College World

At the senior dance at Swarthmore a pleasant entertainment was given by Mr. and Mrs. Vernon Castle.

Allegheny college is making preparations for an elaborate centennial celebration in June.

The Sophomores at the University of California have decided that corn-cob pipes shall be the social emblem of the Freshmen.

The Mask and Wig club of the University of Pennsylvania is to present the university with a \$25,000 house to be used as the official residence of the Provost.

The freshmen of the University of Colorado have adopted as a class emblem a special kind of vest.

"Billy" Sunday made a visit of a few hours to the Iowa State college. He preached three sermons in which he made his usual deep impression.

The University of Pittsburg is considering with favor the rule to require one year's residence of athletics before they can play on varsity teams.

John R. Mott, who is to lead our revival in February, recently made a brief address to the students at Pennsylvania.

The University of California has a correspondence course in scientific agriculture, which is being taken by over 6,000 ambitious farmers.

The Pennsylvania University soccer team, which defeated State 2-0, was awarded their varsity letter "P" for winning the intercollegiate championship in that sport.

Every man who receives his varsity "W" at the State College of Washington is granted a life pass to all athletic events on the home field.

Michigan Agricultural college states that neither the European war nor the high cost of living has had much effect on the rate for board, which has been practically constant for the past 10 years. At present the average rate is 37 1-2 cents a day per person.

I. P. A. Convention

The first general national convention of the Intercollegiate Prohibition association was held at Topeka, Kansas from December 31 to January 1. About 400 delegates were present, coming from points scattered from Massachusetts to California. Pennsylvania had six delegates. The theme of the convention was: "The Challenge of the Anti-Liquor Movement to the Present Student Generation."

The Atherton Street Gazams have again organized a basketball team, and desire games with the County Agents, Short Hous, Two Year Ags, Senior Civils and other teams of this caliber. The Gazams have been strengthened by the addition of Woodie, former captain of the Tyrone Y. M. C. A., and Cozy Dolan. Managers desiring games should see Woodie '18, or else post their challenge at the Gym.

Baseball Prospects

With only two men from last year's Varsity baseball team not in college, the prospects for a winning team this spring look brighter than ever before.

With Captain Vogt behind the plate, the receiving end could not be better handled. Then with Robinson, Elliffe, Bachman, Weber and Blythe, the infield is the same as last year with the exception of second base, and both Elliffe and Bachman played with the team in 1914. The outfield seems also to be intact for Crawford and Josefson will likely be at their old positions, leaving Kern '15, Kominars '16 and probably some new material to fight for the extra position.

The pitching department is what is pleasing State rooters the most. Hesselbacher should be a hundred per cent better than last year, owing to his summer's experience with Connie Mack of the Athletics. Then there is Siebert, who has twirled two years for the varsity, and Wardwell, if eligible, who is also a veteran. Baughman '16, who made the southern trips last year, should be heard from and the freshmen class have several of their number heralded as pitchers. Walter Manning is again to be the coach, and with him and Captain Vogt at the helm, Penn State should have a winning 1915 ball team.

The schedule which follows is much the same as last year's. Penn and Lehigh have been dropped and W. and J. added as an additional home game. There is a possibility of a two game series with Ursinus here, one game Friday and one Saturday as per schedule. A date is also pending with Juniata at Huntington.

The schedule

March 31, Navy, away, April 1, A. & M., of North Carolina, away; April 2, Trinity, away, April 3, Washington and Lee, away, April 5, Catholic University, of Washington, D. C., away; April 6, Swarthmore, away, April 10, Susquehanna University, at home; April 15, West Virginia University, at home; April 17, Dickinson College, at home; April 20, Washington and Jefferson College, at home; April 24, Gettysburg College, at home; May 1, Lafayette College, away, May 3, Dartmouth, away; May 4, University of Vermont, away; May 5, Army, away; May 6, Princeton, away; May 8, Carnegie Tech, at home; May 13, Washington and Jefferson, away; May 14, Carnegie Tech, away; May 15, University of Pittsburg, away; May 22, Ursinus, at home; June 5, University of Pittsburg, at home; June 8, Chinese, at home.

Wrestling Schedule Completed.

The Wrestling schedule has been completed for the coming season, and includes six meets: February 1, Boston Tech at State College; February 6, Navy at Annapolis; February 13, Penn at State College; February 22, Lehigh at Bethlehem; February 27, Columbia at State College; March 5, Pittsburg at State College.

Of the new teams Boston Tech is the first and this event marks the opening of athletic relationship with the same institution. They promise a very good meet and are counting on adding to their list of victories, Penn State. Columbia renews her relationship after a break of three years.

Captain Lamb's team will be pitted against three intercollegiate teams, and the Navy, so the outcome of the season should give followers of the sport an idea as to the strength of Penn State's wrestling compared with the intercollegiate teams. The inability of Indiana to visit here this year is much regretted, since their appearance for two years had created such a favorable impression of the western type and style of wrestling.

You have sure missed a treat if you have not tried those delicious sandwiches, or a jar of those baked beans with tomato sauce which we are serving. Our fountain is kept up to the good old summer time standard and the most sanitary in town. Just walk in when out for that stroll or after the movies.

MORE POTASH COMING

American crops and soils are still as hungry for Potash as before the outbreak of the European War, which curtailed the Potash shipments.

Some of the Fertilizer Companies are trying to induce farmers to buy the one-sided low Potash or no Potash fertilizers of a generation ago. This means a fertilizer that is profitable to the manufacturer, but not the best for the farmer. When the Syndicate in 1910 started the direct sale of Potash to dealers and farmers at reasonable prices, Potash sales increase 65 per cent. in one year, a clear proof that farmers know that Potash pays. They know that Potash gives good yields, good quality and resistance to plant diseases.

Many of the Fertilizer Manufacturers are willing to meet the farmers' wishes and sell him what he thinks he needs. These manufacturers are now willing to furnish as much Potash as they can secure. They offer goods with 5 per cent. and even in some cases 10 per cent. Potash, if the farmers insist on it.

Shipping conditions are improving, more Potash is coming forward although the cost of production and transportation are higher. The higher price of fertilizers is not due wholly to the slightly higher cost of Potash. Much of the Potash that will be used in next spring's fertilizer had reached America before the war started.

There is no substitute for Potash. We can no more return to the fertilizer of twenty years ago than we can return to the inefficient farm implements or unprofitable livestock of that period.
