

MOTT SOCIAL SERVICE CAMPAIGN COMES FEBRUARY 4, 5, 6 AND 7

DEAN JACKSON RESIGNS

Head of School of Engineering Retires - Governor Brumbaugh Presided at Meeting of Board of Trustees - Officers Elected.

Governor Brumbaugh presided at the meeting of the board of trustees of the Pennsylvania State college, held at Harrisburg on Tuesday, it being the first meeting of the kind he has attended since his inauguration. Sitting with him as members of the board were Vance C. McCormick, his Democratic rival for the governorship, and William I. Creasy, Democratic candidate for lieutenant governor.

The governor outlined his ideas for the development of the college, especially the extension of agricultural instruction. He said that the college should carry its work to the farmers and aid in increasing the food supply. It should train men to be farmers and to be engineers so that they can build roads.

The matter of an appropriation was referred to a committee consisting of Dr. E. E. Sparks, H. Walton Mitchell and H. V. White. The college will ask for money to erect chemistry, poultry instruction and animal husbandry, laboratory, agricultural training and domestic science buildings.

The trustees accepted the resignation of John Price Jackson as dean of the school of engineering and planned for a building for girls. The officers elected were President, H. Walton Mitchell, Pittsburg, vice president, J. G. White, New York; secretary, E. E. Sparks; treasurer, D. K. Peet, State College.

The executive committee selected was E. S. Bayard, Pittsburg; Milton W. Lowry, Scranton, Vance C. McCormick, Harrisburg, H. Walton Mitchell, Pittsburg; Judge E. L. Orvis, Bellefonte, J. E. Quigley, Pittsburg, H. V. White, Bloomsburg.

GETTYSBURG LOSES LISTLESS GAME

Slow Contest Results in Fourth Victory of Season—Excellent Work of Team Deserves Greater Student Attendance.

Penn State easily defeated Gettysburg last Saturday night in the Armory by the score of 34-26. Gettysburg scored first when Mahaffee shot a foul goal. Another foul goal with a field goal, while State was scoring a foul goal gave the visitors a three point lead. This advantage lasted but a short time for the entire State team scored from the field and the half ended 18 to 14 in State's favor. During this half Blakslee shot but two fouls in ten while Mahaffe scored six in ten tries.

Park's team started the second half in whirlwind style and at the end of 10 minutes were leading 28-17. At this point Gettysburg braced and scored nine points to State's one, making the tally 29-26. Wagner replaced Blakslee and shot a field goal shortly after.

For the visitors Captain Mahaffee at forward and Campbell at center played the best games. Campbell was particularly good on long shots. Park played the best forward game for State, both on the floor and in foul goal shooting. The guards both played fine games.

An article on Time Economy in courses of study by Dr Runkle appears in the January issue of the Pennsylvania School Journal.

Student Volunteer Fire Department

There have been so many examples of inefficiency and confusion at the recent fires that the Student Volunteer Fire department is an institution as welcome as it is much needed. It was largely due to the efforts of the company now formed that the fire in the Engineering building a couple weeks ago did not result more seriously.

The department now enrolls some 35 members. Thirty men make up a company which is divided into three squads of 10 men each, at the head of which is a captain. Yerger is captain on the Hill, Director Lewis at the Armory and the group of buildings there, and A. S. Smith at the Engineering building. Chief Brennecke has had a great deal of experience in the work and soon hopes to get the men in good working trim.

The greatest immediate ambition of the fire department is to get a chemical engine. The water used in extinguishing the fires that have been fought has as a general rule done as much damage as the fire itself, and a chemical engine would save a great deal that is lost. So far, the men have been able to raise about \$64 through subscriptions and the college has agreed to pay an equal sum. The stag held last Friday netted something like \$16, so the fund is well under way.

Regular weekly meetings are held at which matters pertaining to the development of efficiency are taken up. There are drills in the manipulation of hose and ex-

tinguishers, and general instructions regarding emergencies. The 30 members of the company are provided with badges and only these men will be excused from classes in case of a fire. When a badge man leaves town or is sick or otherwise unable to go on duty, his badge is given to a substitute until such time as he is able to get back.

The matter of whether or not the student company shall assist in case of a fire in the town is to be taken up with the borough council at its next meeting.

The department as it stands at present is made up largely of upper classmen. Under classmen are urged to come out to the meetings of the organization so that they may be ready to take the place of those members who are lost by graduation. The whole movement has the general good of the college as its purpose and should have both the financial and moral support of the entire student body.

W. and J. Here Monday.

The basketball manager promises a great treat here on Monday next, February eighth when Captain Park's warriors clash with the strong team representing the Red and Black.

W. and J. won the championship of the western section of the league last year and claimed the championship of the state. In both the games with W. and J. last year the Penn State team was defeated, but only by close scores. Things have started well and in the first game played at Washington January 15, the Blue and White came out on top with 28 to 24 score.

The game will be started at 7:00 p. m., and the general admission will be 25 cents as usual. No seats will be reserved.

President Sparks to Lecture.

Dr. Sparks will lecture at Lock Haven, February 6, on Abraham Lincoln. He will deliver the same address at Lincoln University February 12 and later at Troy, New York.

During the month he will also address the students of the John B. Stetson University at De Land, Florida on the subject of "Simple Virtues".

DEBATING PROSPECTS

Activity Well Under Way. Two Teams Chosen. Determined Efforts Being Made to Win All Five Debates.

Professor Marshman has expressed himself as being well pleased with the showing made by the debating squad thus far. Twenty-four men comprise the present squad and they include men of two and three years debating experience. All of last year's squad of successful debaters are taking active part in the work with the exception of R. E. Geary '16 and S. P. Jones '15; both of whom are occupied with other activities. The coaching system has proved to be an excellent one and the men are tearing the library apart to discover new material and new interpretations of the Monroe Doctrine.

Two tentative teams have been chosen up to the present time. In the debates, Penn States' home team will be composed of H. V. Cranstons '15, J. K. Miller '15, and W. R. Diem '18. The affirmative team to debate away from home in the league debates has not as yet been chosen and there is keen competition for every place. Against the University of Pittsburgh, the following men will be sent, W. R. Skillman '16, F. F. Lininger '17 and B. F. Swartz '16. Two teams are also to be selected to debate against Westminster and W. and J. Debating prospects have received a considerable impetus by the creation of a permanent department of Public Speaking and every one in the college is looking forward to more successful teams this year than we have ever had in the past.

Grapplers Meet the Navy

Captain Lamb's grapplers journey to Annapolis on Friday where they encounter the midshipmen on the following day. It will be remembered that Penn State administered the only defeat the Navy had last year, and a hard battle can be expected. Five veterans remain on the Navy squad of last year and of this number, Broadfoot, in the 158 pound class, remains undefeated.

The personnel of State's team has not been decided upon but the final selection should be one that will repeat the record of last year.

Junior Oratorical Contest.

The men who will compose the squad for the junior oratorical contest are as follows: R. E. Geary, W. R. Skillman, V. G. Burns, D. L. Dolbin, J. F. Sprenkel, J. L. Uban, W. A. Good, L. P. Teas. From this number six will be selected as speakers for the contest on Monday night of commencement week. The prizes to be awarded are the Barlow prize of \$50 to the winner and the college prize of \$25 to the second best speaker.

Baseball Candidates.

Coach Harley has issued a call for all baseball candidates to meet him in room 202 Engineering building tonight at 7:30. All men should bring copies of their schedule.
