

**Happenings About Town**

In glancing through the pages of the local newspaper we have noted the following items which may or may not be of general interest:

The temperance forces are unabashed, having scored a signal victory in Congress recently by showing a majority of eight votes on a certain measure concerned almost directly with the liquor question. Also in the same connection, we note that Judge Orvis defends his right to grant licenses to such persons as he thinks worthy.

"Pop" Golden has achieved great success in the insurance field.

The Farmers' Trust company has likewise achieved great success through other people's fields.

The Parent-Teacher association is growing in grace, comeliness and interest, but like everything else is sadly in need of money.

The officers of the local camp 5997, Royal Neighbors of America, were publicly installed about a week ago, and the glorious occasion was topped off with refreshments and toasts.

The horse of a well known Ferguson township farmer who was coming to State College with a load of eggs, ran away enroute. For result use principle of cause and effect.

Adam Sunday was last week placed in confinement, to say it delicately, having confessed to taking eight dollars from the till of the State College Bakery.

**Basketball Officials Meet.**

The executive committee of the Pennsylvania Intercollegiate Basketball league met at the Commonwealth Hotel, Harrisburg, on Saturday January 30, for the purpose of making definite arrangements for the playing of post season championship games between the winners of the eastern, central and western sections of the league.

The league is composed of Swarthmore, Lehigh and Lafayette

in the eastern section; Albright, Bucknell, Gettysburg and Susquehanna in the central section; and Pitt, W. and J. and Penn State in the western section.

This league, which has done much to foster basketball in this state, awards annually to the sectional winners a banner, and to the champions a large silver cup.

As to the place of play-off for these championship games, the location of the colleges winning their respective division championships will govern to a great extent. However, the committee reduced the possibilities to six, of which three will necessitate the games being played at Harrisburg; one will necessitate the games being played at South Bethlehem and two chances of the games being played at State College.

In selecting the places of play-off, it was the committee's plan to secure a college floor if it was at all possible, and at the same time have a neutral one and one that would equalize the expenses of the teams competing as nearly as possible.

It was decided by toss up that the winners of the central and western sections should play the first post season championship game and the winner of that game play the winner of the eastern section, for the championship of the state.

The general plan of the league was also outlined by the executive committee, and steps taken to make the games more uniform as played in the different sections. The matter of securing competent officials was also considered.

A Penn State man who wants to earn good money on a straight business proposition can learn about it by calling any afternoon or evening at 104 West Fairmount avenue, borough. Morton D. Carrel, general agent for Kleenonl sanitary products.—Adv.

**Popular Lectures**

The school of liberal arts announces a course of lectures by Prof. O. F. Boucke, at 7:30 p. m., on the following dates in room 384 Main (if necessary in the Old Chapel). Everybody is invited.
