

PENN STATE DEBATERS MEET WESTMINSTER

Second Debate of Series on Monroe Doctrine Next Friday Night. Support of Students Needed.

The moral support of the student body is necessary to insure the success of any college activity. This is especially true with debating and for this reason there should be a large attendance at the intercollegiate debate between Westminister and Penn State, which takes place in the Auditorium, on Friday evening.

During the past few years we have met with increasing success in this activity and it rests with the students to make debating successful this year.

The subject for the debate will be the Monroe Doctrine and the negative side will be upheld by Geary, McCord and Kenney for Penn State. The visiting team should present a strong opposition, as it will be remembered that we were defeated by Westminister, at New Wilmington, last year. This college, although small, has perhaps one of the strongest debating teams in the state. As Westminister is chiefly a school of Liberal Arts the students devote much of their time to this activity.

There is a 1916 numeral sweater at the physical director's office.

Tuxedo
The Perfect Tobacco for Pipe and Cigarette

Never was a smoke as good as Tuxedo—the pipe and cigarette tobacco without a sting, and with the most pleasant aroma. It's friendly to every man's taste because it's produced by the famous original "Tuxedo Process" that first put the sensitive tongue folks on speaking terms with a pipe.

No imitation can be as good as Tuxedo—because no imitator can use the famous, exclusive, original Tuxedo "process."
