

## TEAM CONTINUES WINNING STREAK

West Virginia and Dickinson Join List of Defeats—Splendid Team Work and Hard Hitting—Harley Confident of a Successful Season.

The result of the games last week with West Virginia and Dickinson, added two more victories to the record of unbroken success held by our baseball team. In both these games the State men easily displayed superiority over their opponents; and further, they exhibited a type of baseball which has probably never been equalled by past teams, this early in the season. Coach Harley is pleased with the showing made by his men, and feels confident that the season will be one of success.

In the first of the games last week, West Virginia lost; and the defeat is ascribed chiefly to an inefficient pitching department, with poor fielding support as a secondary cause. The game was practically put on ice in the first inning, when three men singled successively, another walked, and finally when Weber clouted out his home run. The game in general was loosely played by the visitors while Liebert pitched first class ball for Penn State. Final score 10-0.

The Dickinson players, having lost the first three games of the season, came here last Saturday determined to win. They opened the game with a true display of this determination, when Moose singled to center and scored on Goldstein's three base hit. At the close of the first inning the score was 1-0 in their favor. During the following few innings neither pitcher allowed any hits, and not until the third inning did the game take a turn. Crawford, on being hit by a pitched ball, took first, and was sent to second by Blythe's single. Josefsen then drove out a homer, and changed the score to 3-1.

The game from this point became one sided. The Dickinson men were unable to score, Wardwell holding them to one hit; while the State players proceeded to hammer out long drives which tallied a number of runs. Final score 10-1.

DICKINSON		AB	R	H	PO	A	E
Evans, 1 f		3	0	1	0	0	0

## LA VIE IN HANDS OF PRINTERS

1916 Annual Expected to be Published About May 15.—Book Contains Many New Features.

In the spring a young man's fancy lightly turns to thoughts of love, but if the young man happens to be a junior his thoughts also turn to the La Vie and the 1916 board has promised that the long expected book will soon be here. The editorial work was completed before Easter and Grit Publishing company is working overtime in order to have the book ready by May 10, the date set in the contract. Allowing for passage over the Bellefonte Central and other unforeseen though probable difficulties the book should be on hand on May 15 and the anxiety of the individual junior about "that write-up" will be over.

The new book promises some new features in the way of art work and general makeup and it is even rumored that Henry Hutt, James Montgomery Flagg and other well known artists will forsake the Cosmopolitan, Hearsts, etc., and will appear as contributors to the La Vie. An enlarged comic section, introductory features and individual writeups that are rather unique, are some of the other innovations in this year's book.

The question of binding has not been definitely settled but it is probable that the annual will appear clad in a blue leather binding with padded effect and bearing a design stamped with gold. The question of having names stamped in gold upon the cover of the book and having gold edges has been taken up with the publishers and the business management has announced that juniors can have both these added features for 50 cents. All juniors who desire these additional features can see a representative of the business staff on Wednesday, Thursday and Friday nights of this week between 6:30 and 7:30 o'clock, at either the Co-op or 366 Main.

### Interclass Meet

The annual interclass track meet will be held on New Beaver Saturday, May 1, at 2:30 p. m. During this meet, the preliminaries of the annual interfraternity half mile relay will be held. Managers of the fraternity teams should give their entries to H. Smith, at the Beta Theta Pi house, before this date. As usual all varsity track men will be ineligible for the relay.

### A Suggestion

Might we suggest that a little more discretion be used in permitting the commercial-minded, peanut-selling youth of the village to come and remain in the grand stand during baseball games. Their conduct and manner of speech when not engaged in the pursuit of nickels do not always add materially to the enjoyability of the game.

### Tennis Courts.

All male students are requested to keep off the Cottage tennis courts. These courts are exclusively for the girls.

### Aloe Resigns

The staff regrets the resignation of Reporter Aloe who will go into business next year.

The quartet has returned from a very successful trip to the coast, which resulted in considerable advertising for the college.

## DR. SCHIEFFELIN NEXT SUNDAY

Foremost Citizen of New York. Spanish War Veteran—Penn State Recognized by Rockefeller Foundation.

The speaker at both chapels next Sunday morning will be Dr. William Jay Schieffelin, of New York City of whom Andrew Carnegie once said, "He is the foremost Christian citizen of New York".

From "Who's Who" we note that Dr. Schieffelin was born in New York; educated at Columbia; and received the degree of doctor of philosophy from the University of Munich. Among some of the important positions occupied by him are the following: Trustee of Hampton institute, civil service commissioner, 1896; adjutant 12th New York infantry, Spanish-American war; president of National Association Wholesale Druggists, president of the American Missionary society, chairman of Laity League for Social Service.

Dr. Schieffelin is a splendid example of the layman who finds time outside his professional life to help all worthy causes. He has not allowed his business to absorb him so completely that he does not have time to give to the service of humanity. He is chairman of 15 committees and a member of 33 committees for civic and religious betterment. He drafted the bill restricting the sale of cocaine in the state of New York, although it meant the losing of many thousand dollars for his firm.

Dr. Schieffelin is a direct descendant of John Jay, the first Supreme Court judge of the United States. He is the father of nine children.

This is Dr. Schieffelin's third visit to Penn State. He has during his two other visits come to know the needs of our college, and twice went to Mr. Carnegie to urge him to become interested in the Social hall project. He comes to us this time in the interests of the colored county work of the United States. He has been a trustee of Hampton Institute for a number of years and is chairman of the colored work department of the International Y. M. C. A. Our Sunday contributions have helped in the support of a secretary in Virginia for the colored people. The aim is now to make our work national in scope and instead of having one man confined to a single county he will have supervision of all the work of the states.

The work which Penn State inaugurated has received favorable notice from the Rockefeller foundation. This fact in itself should make every man interested in the message Dr. Schieffelin will bring to us.

Dr. Schieffelin will be accompanied by J. E. Moorland, one of the foremost colored Christian workers in America.

### Sophomore Baseball

The class of 1917 had their first practice last Saturday back of McAllister Hall and 47 candidates reported. Manager Fisher reports a good turnout for all positions except that there is a scarcity of pitching material and more men are urged to try for that position. Practice is held daily from 6 to 7 p. m.

## BOXING TOURNAMENT SUCCESS

Higgins and Powers Stars of Freshman Victory.

The Freshmen won the first annual boxing tournament which was held in the armory Friday night by the score 4-2. Last year a boxing tournament was arranged but only one bout took place and the meet last Friday night really marks the beginning of annual meets to be held in the future. Only the three lower classes were represented in all of the weights, as no Seniors entered.

In the preliminaries held last Wednesday evening, the Sophomores were eliminated from all of the bouts with the exception of Griffiths, '17 who boxed Berger '16 in the 158 lb. class; and Allen '17 who boxed Bennett '16 in the 125 lb. class. The two-year Agriculture men were also represented in the meet. This bout was won by Mathews, a first year two-year Ag. The bout was marked by its enjoyable features rather than by good boxing.

In the 115 lb. class, Power, '18 won from Wagner '16. This bout was evenly fought until the third round when Powers opened up and proved more arguments than his opponent.

Bennett '16 easily won from Allen '17 in the 125 lb. class. Allen put up a losing battle throughout the first round and near the close of the second Bennett knocked him down. Referee 'Dick' Harlow awarded the bout to Bennett at this point.

In the 135 lb. class William '18 was given the decision over Winner '16. The first two rounds of this bout was easily Williams but Winner opened the third round by rushing Williams who seemed to have lost his wind. The Freshman seemed to come back and drove some body punches which told on Winner and Williams got the decision.

Rock '16 and Dippe '18 in the 145 lb. class fought one of the best bouts of the tournament. Dippe, on Wednesday night was eliminated by Berger '16 in the 158 lb. class and dropped down to 145 lb. class. Rock proved the more aggressive in the first round and the Freshman took some hard raps but in the second and third rounds Dippe delivered his blows hard and snappy showing a remarkable defence which Rock found hard to break. Dippe was awarded the bout.

Griffiths '17 proved a poor match for Berger '16 in the 158 lb. class. Berger had many chances to deliver a knockout blow but satisfied himself with a decision.

Without a doubt the best bout of the meet was the Higgins '18 and Marlin '16 fight in the 175 lb. class. Higgins outreached Marlin, but taking this into account, Higgins proved himself the better of the two and showed some real boxing. Marlin must be given credit for the great scrap he put up.

The bout which gave the crowd the greatest amusement was the heavyweight fight between 'Tiny' Downs '16 and 'Pop' Gill '18. Gill won on a knockout blow, delivering a blow on the side of 'Tiny's' left jaw. Tiny sank to the floor, using his heels as rockers; all points of his body touched the floor successively before his head and Tiny lapsed into Dreamland.

The meet was a great success and it is hoped that it will be continued in the future.

'Dick' Harlow refereed the bouts and his work was above par.

## FLAG SCRAP RULES REVISED

Student Council Makes Important Changes—Flour Substituted for Soot—Flag in Full View.

The Student Council has made the following changes in the rules for the flag scrap:

1. No soot shall be thrown during the scrap, but flour may be substituted for soot.
2. The flag shall be in full view.
3. The hose shall be in the hands of a committee from the two upper classes, and is to be used to sprinkle men only, and not to aid either class.
4. The scrap shall take place at 6:30 a. m. the first Saturday in May on Old Beaver field.
5. The freshmen may advance 50 yards from the pole at the beginning of the scrap.

The other rules remain unchanged.

The field shall be laid off by freshmen under the supervision of one of the judges in the following manner.—One hundred yards from the pole there shall be lined off a line 100 feet long tangent at its center point to a circle whose center is the pole hole and whose radius is 100 yards. All sophomore contestants must be on the opposite side of this line from the pole hole when the starting signal is given. Between this line and the pole there shall be another line but of indefinite length, parallel to the first line and five yards out from the pole hole. The freshmen contestants with the exception of 20 picked men, whose purpose shall be to plant the pole after the starting signal is given, must be somewhere between this line and 50 yards out.

The freshmen shall furnish a wooden pole not to exceed 22 feet in length and no preparation shall be put on it to make it difficult to climb.

A hole not less than four feet deep shall be prepared by the freshmen at a spot designated by the judges.

The flag furnished by the freshmen bearing their numerals shall be fastened to the top end of the pole by its short edge only.

At the instant the starting signal is given, the pole must be lying on the ground near the hole, but the 20 picked men may arrange themselves in any advantageous position they may see fit. In raising and planting the pole after the starting signal is given, no implements or instruments other than the hands and feet may be used. The scrap shall continue for 20 minutes.

To win the scrap the freshmen must plant their flag in the manner before described and retain this flag intact throughout the scrap.

Neither freshmen in defending nor sophomores in attacking shall use any mechanical means.

All contestants shall wear tennis shoes; all not so equipped will be debarred.

The judges shall consist of the senior and junior class presidents and one other, either a faculty member or an alumnus chosen by them.

Each of the two upperclass presidents shall select 10 members of his class to act as "cops", whose duty shall be to enforce fair play among the contestants and to keep the onlookers back a proper distance.
