

MANY NEW FEATURES FOR SUMMER SESSION

Ben Greet Players and Dean Shaler Mathews Appear on Lecture and Entertainment Course.

Nine courses never before offered during the summer session have been added to the curriculum of the summer school at the Pennsylvania State College, according to an announcement issued a few days ago by Dr. E. R. Smith acting director. The session will open June 28, continuing six weeks, through August 6.

Penn State's summer session, designed primarily for teachers in the public schools of the state provides studies to meet the needs of teachers in all lines of work, and especially the scientific lines of agriculture, home economics, manual training, public school drawing and the sciences.

A new course in agriculture will be conducted by Professor L. H. Dennis, of the State department of public instruction, an expert in agricultural education. Miss Sara Lovejoy, director of the department of home economics of the state college, will offer courses in textiles and garment making. Six other experts will conduct thirteen other courses in this subject. Other new courses will be given in rural education and school hygiene, geology, teacher's course in Latin, psychology, graduate study, religious instruction, and in physical education. Miss Mary W. Hinman, of Chicago, will have charge of pageantry and folk dancing. A S. Weeks of the North Dakota School of Agriculture and Mechanical Arts will be in charge of the department of Education.

On the program of public lectures and entertainments are: Dr. Edward Howard Griggs, who will give a series of five lectures; Dean Shaler Mathews, of the University of Chicago; Dr. J. George Becht, of the State Board of education; Professor S. H. Clark, and classical plays by the Ben Greet players. The College News Editor will likely give a course in Journalistic Writing.

Lacrosse Team Loses

The State lacrosse team suffered defeat in the first two games of the season. At Lehigh, against last years state champions, we were defeated by a score of 10-2 while the team lost to the strong Indian twelve by a 12-2 score. In both games the State defense seemed unable to break up the excellent team work of the opponents.

The Lehigh game was very close and hard fought in the first half which ended 2-2. Farley and Mathews scoring for State. In the second half, however, the defense weakened and the game ended 10-2 in favor of Lehigh.

Against the Indians the team was far from being in the best of condition and at the end of the first half Farley and Pope scored while the winners added three more goals. Coons played a strong game at defense while in both games. Captain Farley displayed his usual ability.

State lined up as follows: Goal, Kriebel; Point, Wood; Cover point, Bowes and Yerger; First defense, Fisher; Second defense, Coon; Third defense, Jordan; Center, Hewitt; Third attack, Hallowell; Second attack, Farley.

Bellefonte opened their season several weeks ago and since then have defeated Princeton Prep 8-3 and were defeated by the Princeton Freshmen 6-3. This last game will furnish a comparison with Saturday's attack. Baer, Olmstead; Out home, Olmstead, Pope; In home, Mathews.

The basketball executive committee last week elected W. G. Caldwell as the manager of varsity basketball for the coming season. The zeal and loyalty with which each of the several candidates for this position entered upon his duties made it difficult for the committee to select the best man; and only after much consideration was a final decision reached.

As a result of further elections the following men were chosen as assistant managers: C. R. Mason, J. A. Jackson and J. P. McCulloch.

President of Trustees Commencement Orator

H. Walton Mitchell to be Commencement Orator. First Graduate Accorded This Honor. Baccalaureate Sermon by Dr. N. M. Waters.

For the first time in the history of the college a graduate will make the Commencement Oration. H. Walton Mitchell '30, President of the Board of Trustees will deliver the Commencement oration on June 9. It is highly fitting that this honor should be given Mr. Mitchell, especially on the twenty-fifth anniversary of his graduation. Since becoming an alumnus of the college he has worked unselfishly and unceasingly in behalf of his Alma Mater.

He is not unknown as a Commencement speaker for two years ago at Commencement in presenting on behalf of Mr. White the portrait of Dr. Sparks he showed himself to be an able speaker and thoroughly familiar with the great work of our President.

Dr. Sparks characterizes him as being one of the most unselfish men who have worked in the building up of our college. As an undergraduate he was manager of the college paper. At present he is most successful as a lawyer in Pittsburgh.

The baccalaureate sermon will be preached by the Reverend Dr. N. M. Waters of the Tomkins Congregational Church, New York.

PANAMA QUARTET PICKED

R. L. Kester 1916 Selected to Fill Position of First Tenor.

Professor Robinson, after his return from the coast, set about immediately to find a successor to Bacon who withdrew from college. R. L. Kester '16 has been picked to fill this vacancy and will accompany the party on the Panama trip.

As previously announced Professor Crandall will take the trip in place of Professor Robinson. The party will sail June 10 from New York City and will probably not leave the Canal Zone until July 1. Gillespie, Sauerhoff, Vail, and Kester will compose the quartet.

Freshmen to Play Bellefonte.

The Freshmen will open their season with outside teams next Saturday when they play the strong Bellefonte Academy team. The Freshmen have been practicing with the varsity during the last week and without a doubt will give the Academy team a good fight.

Friday's game, and give us an idea of the standing of our Freshmen with that of the Eastern school.

The probable lineup for the Freshmen will be catcher Moore pitcher Johnson, shortstop Ewing, first-base Arner, second-base Mingle, third-base Wheeling, left field Hess, center field Higgins and right field Jimison or Leydie. Juniors vs Lock Haven Normal Manager Rock of the Junior team has closed terms with manager of the Lock Haven Normal team for a game to be played on their field in the near future. He has also opened terms with the Milroy team.

Senior Memorial Wall

Final arrangements have been made for the construction of the Senior Memorial wall and the work will soon be started. The wall will extend from the new road to the main entrance at Allen street. It will be of native stone, topped with Indiana limestone, and will be about thirty inches high. It is planned to construct the wall twelve feet inside the row of trees on College avenue. This will allow for a wide concrete walk which should make an ideal promenade. In the center, directly in front of Old Main, there will be a circular recess where benches will be placed as well as the tablet which will mark the donor. The memorial will be dedicated during Commencement week, at which time it should be practically completed.

STUDENT FIREMEN ACTIVE

Great Progress Shown by Volunteer Fire Department.

Thursday night, after their regular business meeting, the Pennsylvania State Volunteer Fire department gave a smoker to the members of the borough fire department. The smoker was a decided success both from the standpoint of attendance and entertainment. Speeches were made by Chief Phil. P. Foster, Chief Brennecke '16, Prof. Mease and Dr. Ed. Lewis. These speeches strengthened and indicated the good will and harmony which now exists between the two organizations, thus assuring co-operation. "Doc" Lewis gave a demonstration of his gymnastic ability, while Reeder '18 was as funny as ever.

Chief Brennecke has accomplished much in gradually perfecting and organizing our new fire company. The apparatus which chiefly consists of a chemical engine and a hose cart, will be housed under the Library, thus giving a central location. At present the company has but two gum coats, but they are working, and hope soon to have a coat for each of the thirty members.

The financial committee has been on the jump, raising money by subscriptions, a Mask Stag, and two benefits at the Nittany Theater, the last of which was held Monday night. So in every way the men in the student fire company are working hard, and their attitude is bound to make it a success.

The new system, with thirty trained men, and one man to direct, is a vast improvement over the old. Efficiency is being developed by the coaches by their help. "Shorty" Miller who has been developed and confusion avoided. In fact we might well feel proud of this new student organization which stands for so much.

Can you meet a business man, look him squarely in the eye and explain a two minute proposition to him without flinching? If so, you have ability to clear \$35 to \$60 weekly this summer. No guess work. The American Geographic Institute.
