low hurdles in the fastest time which he has had for this season, while Hunter in the two mile run gave one of the best exhibitions of distance running witnessed for a long time on New Beaver field. This latter event was the only one in which the State men were hard pressed for a leading place, with the exception of the two events taken directly by Lehigh.

On the whole the Lehigh team showed good form, but they were so completely outclassed in most every event that in spite of their efforts and splendid showing they were obliged to suffer defeat. McGrath, who took the mile run in the fast time of 4 minutes and 36 seconds and came in second in the two mile event, deserves credit for his durability and fleetness. Coach Martin wears a smile of satisfaction, for the Lehigh meet has not only been one of success, but it has revealed great possibilities in the way of point winners for the coming intercollegiate meet.

PERHAPS IT'S YOU

Many Collegian readers are indebted to the paper to the extent of a year's subscription, and there is but little time remaining in which to close the matter. Every effort has been made to standardize the Collegian this year, to make it a better representative college weekly and today it is on a par with any college weekly in the country. In an endeavor to place a copy in the hands of each man in college, many payments were deferred upon a promise of later settlement, and to date a large number remains unpaid. You owe the debt to your college to have it represented by the best possible news columns, and you owe it to the Collegian, in support of the efforts to make it such a periodical. We, therefore, ask each person so indebted to make their settlement this week for the amount due.
