A. H. Mainwaring has taken a position as chairman in the New Jersey Division of the Pennsylvania Railroad Company.

CRIPPLED STATE TEAM CONQUERS GETTYSBURG

(Continued from Page 1)
was thrown out of bounds. On the first line-up, Beck again let the ball get away and Gettysburg was out of it. They could not gain, however, so Robb pointed to Robb who returned it 15 yards. Beck made a first down in three tries at the line, and then he went around end for 33 yards, putting the ball on the five yard line. But on the next play, State was again out of it. Gettysburg fell on the ball behind the goal line for a touch-back.
After putting the ball in play on the 20 yard line, the visitors failed to gain materially and punted to Robb. He came back 20 yards. Beck, Jones and Hess earned two successive first downs, but the Gettysburg defense offered and Robb twice failed to gain through the line. State was penalized 15 yards for holding. A forward pass was intercepted. O'Donnell broke through and nailed Robb for a five yard loss on an attempted end run. Robb punted out of bounds on the 10 yard line as the quarter ended.
Robb went around right end for 20 yards. Robb and Beck made one first down, Hess another and then Beck plunged through the line for a touchdown. Cabbage kicked the goal. Score, State 7, Gettysburg 2.
Beck ran the kick-off back 25 yards. State made the first down in succession, each man in the back field carrying the ball. A long forward pass was intercepted by Meyer on his five yard line. Robb attempted to blow the ball behind his goal line, but Morris blocked the kick and O'Donnell fell on the ball for a touch-down. Beck punted out to Robb, but Cabbage missed the goal. Score, State 13, Gettysburg 2.
Jones returned the kick-off 15 yards. Jones and Beck made a first down and then Robb intercepted one of "Casey's" passes and ran it back ten yards. Two line plunges gained them as many yards. Robb got off on a beautiful run of 25 yards around our right end, but Robb made a sensational tackle in the open field and saved a touchdown. Before the teams could line up the whistle blew. Score, State 17, Gettysburg 2.
BIG STATE COME-BACK.
State stung her come-back during the second half and from the beginning of the third period to the blowing of the final whistle, played with the old time form. Ewing, who replaced Jones at quarterback, pulled some of his clever runs through broken fields and at times seemed to drift right past the Gettysburg tacklers. Robb, with his gains of 70 and 15 yards, made the defense of the opponents look helpless. One thing was very noticeable during the latter portion of the game was the number of unsuccessful passes attempted by both teams. It was a truly more successful than her opponents in this phase of the play. The line proved its value and "pop" when Zar-

HORST AT WORK IN SO. AMERICA

Miles Horst, a member of the 1914 class, and assistant secretary of the Y. M. C. A. here part of last year, is spending a year and a half in South America studying social conditions. He has been there since about the first of June, and will remain until the end of next summer. Just now he is a physical education instructor at a school about 400 miles west of Rio de Janeiro, Brazil, and at the same time he is taking classes in work in the college to learn the language and customs of the people there.
He plans to tour as much of the continent as possible, his chief aim being along missionary lines. He was accompanied on the trip by the Rev. William Y. Dunham, a mission worker from New York City, and until about the first of September he was in charge of the First American church at Rio de Janeiro, where they were placed while the regular minister was given a sabbatical leave.
In a recent letter he states his purpose as follows: "I came down to this continent to see how other people live, to compare their living conditions with their desires, their good qualities and their bad qualities, their history, their mountains, and so on, with those of our own country. I am hoping to get a slight idea of these problems in a country it requires more than simply passing through a city or a country by rail and then returning. I have had an opportunity to visit South America in coming years and so I should try to get around it as much as possible."
Before Horst leaves for home, he will attempt to tour more in Brazil, Chile, Argentina and Peru, studying social and economical conditions.

1914 Man Studying Social Condition in Large Field

(Continued from Page 1)
neer, Conover, Krushank and Swain intercepted the forwards of the Gettysburg team and in two cases ran with the ball. Conover, through out the entire second half State's opponents gained but one yard by scrimmage and only about twenty yards by passing.
Before Horst leaves for home, he will attempt to tour more in Brazil, Chile, Argentina and Peru, studying social and economical conditions.

BASKETBALL MEN WILL BE CALLED OUT NEXT WEEK

(Continued from Page 1)
floor on the remaining days. Most of the preliminary practice will be devoted to getting into condition. The outdoor running track will be used to develop "wind and legs" and only light floor work and "shooting" will be indulged in on the inside. Actual scrimmages will not be taken up until all the men are in condition for it. Coach Herman is of the opinion that basketball is a harder on a man than football and will take special efforts to keep the men in condition at all times. Practice scrimmages will be reduced to a minimum, possibly only twice a week in mid-season.
KEEN COMPETITION.
From last year's team, Walton, Halliwell and Fast, guards; Blakeley, Wagner and Hunter, forwards, will make keen competition for the former Freshman

How do your cigarettes treat you AFTER you smoke them?

(This is a test that few cigarettes can stand up under)
Many other good cigarettes besides Fatimas taste mighty good. WHILE you are smoking them, Fatimas are not the only good ones. Although Fatimas taste so good that they continue to outsell any other cigarette costing over 5c. But Fatimas deliver something more than good taste. They give you cigarette comfort—comfort while you are smoking them and comfort AFTER you smoke them. While you are smoking them, they will feel cool and comfortable to the throat and tongue, and AFTER you smoke them—even though you may smoke more than usual—they will leave you feeling as you'd like to feel. No heavy or "heady" feeling—none of that "mean" feeling of having smoked too much. All this is the reason why Fatimas are called a SENSIBLE cigarette. Yes—some day you will try Fatimas. Why not do it today?
Lippitt & Myers Tobacco Co.

FATIMA A Sensible Cigarette
