Who's Who in the Faculty

Robert Lemuel Sackett, C. E.

Robert Lemuel Sackett, Dean of the School of Engineering of the Pennsylvania State College, was born at Mt. Clemens, Michigan, on the second day of December, eighteen hundred and sixty-seven. His father was the City Engineer who also carried on an extensive engineering practice besides his municipal duties. Dean Sackett is now a resident in an engineering atmosphere, acquired considerable knowledge of surveying before entering college. He entered the University of Michigan in 1887 and graduated in 1891 with the degree of Civil Engineer.

Immediately after graduation he accepted a position with the United States Survey Service, carried on by the Department of War. Having completed his duties with the Department of War he accepted a position as assistant professor of Mathematics and Astronomy at Earlham College, Richmond, Indiana. Here he developed a course in engineering embracing chiefly engineering practice in water supply and sewerage disposal. Besides his teaching duties, while at Earlham College, Dean Sackett also carried out extensive engineering subjects for various private and public institutions.

In 1907 Dean Sackett received a call to Purdue University to come as Professor of Municipal, Highway and Sanitary Engineering. This position he accepted and remained there until 1915, when he resigned to accept the position of Dean of the Engineering School of the Pennsylvania State College. While serving as a professor at Purdue he was appointed consulting engineer of the State Board of Health and also consulting engineer for several state institutions. During his eight year residence at Lafayette, he designed the construction of engineering works for the state of Indiana which amounted to an expenditure of approximately \$1,000,000. He also designed the Hydraulic Laboratory.

SET OF RULES FOR STUDYING

38 Rules for Study by G. M. Whipple, Professor of Educational Psychology at Illinois University.

1. Keep yourself in good physical condition.
2. Attend to remove, or treat physical defects that often handicap mental activity, such as defective eyesight, defective hearing, defective teeth, adenoids, obstructed nasal breathing.
3. See that external conditions of work (light, temperature, humidity, clothing, chair, desk, etc.) are favorable to study.
4. Form a place study habit.
5. Form a time study habit.
6. When possible, prepare the advance assignment in a given subject directly after the day's recitation in it.
7. Begin work promptly.
8. Take on the attitude of attention.
9. Work intensely while you work.
10. Concentrate.
11. But don't let intense application become fluster or worry.
12. Do your work with the intent to learn and to remember.
13. Seek a motive or, better, several motives.
14. Get rid of the idea that you are working for the teacher.
15. Don't apply for help until you have to.
16. Have a clear notion of the aim.
17. Before beginning the advance work, review rapidly the previous lesson.
18. Make a rapid preliminary survey of the assigned material.
19. Find out by trial whether you succeed better by beginning with the hardest or the easiest task when confronted with several tasks, of unequal difficulty.
20. In general, use in your studies the form of activity that will later be demanded when the material is used.
21. Give most time and attention to the work points in your knowledge or technique.
22. Carry the learning of all important items beyond the point necessary for immediate recall.
23. You must daily pass judgment as to the degree of importance of items that are brought before you, and lay special stress upon the permanent learning of those items that are vital and fundamental.
24. When a given bit of information is clearly of subordinate importance and useful only for the time being, you are warranted in giving to it only sufficient attention to hold it over the time in question.
25. Make the duration of your periods of study long enough to utilize "warming up" but not so long as to suffer from weariness or fatigue.
26. When you interrupt work, do not stop at a natural break, but also have a cue for its quick resumption.
27. After intensive application, especially to new material, pause for a time and let your mind be allowed to follow before taking up anything else.
28. Use various devices to compel yourself to think over your work.
29. Form the habit of working out your own exercises as samples of all general rules and principles.
30. Form the habit of mentally reviewing every paragraph as soon as you have read it.
31. Don't hesitate to mark up your books to make the essential ideas stand out clearly.
32. Whenever your desire is to master material that is at all extensive and complex, make an outline of it. If you also wish to retain this material, commit your outline to memory.
33. In all your work apply your knowledge as much as possible and as soon as possible.
34. Do not hesitate to consult to

"AG" SOCIETY PLANS INTERESTING PROGRAM

If the plans made by the officers of the Agricultural Society work out successfully, the members of the Society should enjoy an unusually interesting program at the meeting which is to be held in Old Chapel tomorrow evening at seven o'clock. The officers of the Society hope to have Professor Fred Rasmussen, head of the Dairy Hygiene Department, address the meeting on the question of Milk Distribution, which is causing so much discussion in the various cities of the East at the present time.

Professor Rasmussen is rated as a national authority on the question of milk production and the cost of its distribution. While at the present time he has twice testified before the Governor's Milk Commission, which is now discussing the milk question in the city of Philadelphia. This commission is a joint body appointed by the governors of Pennsylvania, Maryland and Delaware for the purpose of securing a scientific settlement of the milk question in the cities of those states.

Last week Professor Rasmussen testified before the Grading and Labeling Commission in Chicago, the past month he was in Wilmington, Delaware. During the last few days he has been attending the National Marketing and Farm Credit Conference in Chicago, the one entire day was devoted to a discussion of the milk problem.

At the meeting of the Society tomorrow evening, various matters of business will be taken up at the conclusion of Professor Rasmussen's talk. Chief of these will be the nomination of officers for next year's Agricultural Exhibit. Some of the members of the entire student body through the Agricultural Society. The election of officers will be held two weeks after the nominations are made.

GRIDIRON GOSSIP

Had running behind wonderful interference tells the story in a nut-shell. The double pass play—DeHart to McLaren to Hastings—figured prominently in Pitt's gaining.

The forward passing of Hastings was well nigh perfect. He gauged the distance accurately each time. No question as to who is the football champion of the East. Colgate helped the solution by eliminating Brown.

The return game in much better than at the other games, and those "who had to stay behind" could follow the play accurately.

Considering the muddy field, there was very little fumbling on either side. Pitt's substitutes were little inferior to the regulars when they replaced.

According to Pittsburgh reports, the State "backfield" backed the line well, but Pitt's interference was too much.

With Clark the only man lost this year, State should have a well seasoned team next fall.

On Saturday, basket ball will put in its initial appearance, when Junonia will be met in the Armory.

And thus ends the "gridiron" and the "pigskin" for another year.

Pitt Masters State In Thanksgiving Day Game

(Continued from Page 1) went two-yard line, and then made the tackle himself. Almost on the first line up, DeHart went around left end for twenty-five yards. McLaren and

Hastings could not make the necessary yards through the line, so Hastings attempted a field goal from the fifty-yard line. He missed and State was given the ball on the twenty-yard line. After DeHart made four yards through the line, Clark punted to DeHart at mid-field, who signaled for a free catch, but DeHart interfered with him and State was penalized ten yards.

HASTINGS KICKS FIELD GOAL. Off-tackle plays by McLaren and Hastings and an end run by DeHart put the ball on State's ninety-yard line. A double pass to Hastings and a plunge by McLaren carried it to the blue and white seven yard mark. But here the State line held firm. Jones stopped Hastings for no gain. O'Donnell threw McLaren for a two-yard loss. A double pass to DeHart gained but one yard, so Hastings dropped back to the twenty-yard line and kicked a placement goal Pitt 3, State 0.

McLaren returned Conover's kick-off to the fifty-yard line. The commission line DeHart made seven yards around left end, but McLaren was stopped twice at left guard, so Hastings kicked the twenty-one yard field goal. Line DeHart returned the ball fifteen yards. State could not gain, so Clark punted to Hastings at mid-field and Hastings dropped back to the twenty-yard line. DeHart made a first down through the line, Pitt was penalized five yards for off-side. Hastings threw a forward to Herron on State's twenty-yard line. Hastings gained five yards for a touchdown. Hastings missed the goal Pitt 9, State 0.

HASTINGS AGAIN. Robb took DeHart's place. Morrow returned Conover's kick from the twenty-yard line to the thirty-three yard mark. DeHart made four yards through the line. Hart made up one yard around end, just as the quarter terminated. On again, lining up, Hastings kicked to State's forty-one yard line. Where DeHart was grounded. DeHart returned to the game. Clark and Beck made eight yards, but Ewing's pass was intercepted at Clark's feet. Hastings, who made a free catch on the twenty-five yard line. McLaren double passed to Hastings and behind wonderful interference, the latter got seventy-five yards for a touchdown. Beck missed the goal. Pitt 15, State 0.

After Hastings ran the kick-off back to the twenty-yard line and he cannot progress through the State line, Hastings kicked to Ewing on the eleven-yard line, and he carried the ball for a touchdown. Hastings again missed the goal Pitt 21, State 0.

ANOTHER FIELD GOAL. Conover again kicked off to McLaren on the twenty-yard line and he cannot back ten yards. Then followed a steady attack upon the State line, with McLaren acting as a human battering ram. He made an eighty-five yard run in four plays. Hastings and DeHart then ran the ends and put the ball on State's twenty-one yard line. State stiffened and three plays gained only six yards. Pitt was penalized fifteen yards for holding, so Hastings stepped back and kicked a goal from placement from the thirty yard line. Score Pitt 24, State 0.

JEWELER and OPTICIAN REPAIRING A SPECIALTY Agent For Smith Typewriters

C. E. SHUEY 133 South Allen Street

Morrow ran the kick-off back to the forty-three yard line. On a double pass, Hastings ran around left end for

SWAIN He has played a consistent game all season. Fifteen yards. Cabbage replaced Jones. A delayed pass failed to gain, just as the half ended. Score Pitt 24, State 0.

STATE BAND PERFORMS. Between the halves, the State band marched around the field, formed the letter "P" and played "Hess and Ewing." Then they formed an "S" in front of the State stand and played the State alma mater. There was lots of praise for the State band.

Robb replaced Beck at the beginning of the second half. Stes kicked off to Robb on the three-yard line and he returned it twenty-five yards. Clark and Ewing made eight yards, then Clark kicked to Hastings, who was downed in his tracks by Cabbage on the twenty-four yard line. A double pass gained two yards and then Hess intercepted Hastings forward pass on the forty-five yard line. Clark, Hess and Ewing made Stes's first first-down on Pitt's thirty-four yard line. Clark double passed to Ewing, who threw a pass fourteen yards to Cabbage on Pitt's twenty-yard line. Hess and Clark added four yards, but Ewing's forward was intercepted. On a double pass from Ewing, Hess was stopped for no gain and Pitt took the

ball on downs. That was the nearest State came to a score.

PITT'S LAST SCORE. Hastings and McLaren made two first downs, and then Hastings kicked to Robb on the sixteen-yard line and he returned it ten yards. Hastings, who Clark punted to DeHart on Pitt's twenty-yard line and State was penalized fifteen yards because Cabbage interfered with DeHart. On a double pass to Hastings, who took Hastings' place, ran out on the thirty-three yard line. DeHart made eight around left end and Gouger added twelve more around the opposite flank. Morrow and Gouger carried the ball to the one-yard line, and McLaren went over for a touchdown. Gouger kicked the goal. Score Pitt 31, State 0.

Swain went in for Cabbage. Higgins ran the kick-off back twelve yards, to the thirty-seven yard line. The quarter ended at this point. Hess and Ewing made six yards. Clark punted and Higgins grounded the ball on Pitt's forty-five yard line. Gouger made two yards, but Pitt was penalized fifteen yards for off-side. State could gain nothing, however, and Clark was again forced to punt. Starting on their ten-yard line, Gouger, McNulty and McLaren carried the ball to State's twenty-five yard line before the Blue and White defense stiffened. Krushnick blocked Gouger's kick and Conover recovered for State on the twenty-five-yard line. Clark punted to mid field.

SWAN went in for Cabbage. Higgins ran the kick-off back twelve yards, to the thirty-seven yard line. The quarter ended at this point. Hess and Ewing made six yards. Clark punted and Higgins grounded the ball on Pitt's forty-five yard line. Gouger made two yards, but Pitt was penalized fifteen yards for off-side. State could gain nothing, however, and Clark was again forced to punt. Starting on their ten-yard line, Gouger, McNulty and McLaren carried the ball to State's twenty-five yard line before the Blue and White defense stiffened. Krushnick blocked Gouger's kick and Conover recovered for State on the twenty-five-yard line. Clark punted to mid field.

intercepted Gouger's pass on the twenty-four yard line. Clark again punted, Pitt carried the ball into State territory and Gouger attempted a field goal, but Robb punted the ball on the seven-yard line. There was just time for Clark to gain one yard when the final whistle blew. Score: Pitt 31, State 0. The line up:

Pitt—31.	Pos.	State—0.
Carlson	L. T.	Joseph Krushnick
Thornhill	L. T.	Joseph Krushnick
Sutherland	L. G.	Parrish
Peck (capt.)	C.	Conover
Stes	R. T.	O'Donnell
Soniell	R. T.	Ozimecki
Herron	R. E.	Higgins
Morrow	Q. B.	Ewing
Hastings	L. B.	Hess
DeHart	R. B.	Clark
McLaren	F. B.	Beck

Substitutions—Pitt: Stahl for Thornhill, Hilly for Seidel, Miller for Morrow, Gouger for Hastings, McNulty for DeHart, McClelland for McLaren, State: Cabbage for Jones, Swan for Cabbage, Robb for Beck, Beck for Robb. Touchdowns—McLaren, Herron, Hastings, DeHart. Goal from touch-down—Gouger. Field goals—Hastings 2. Referee—Evans, Williams. Head linesman—Morrison, Geneva. Umpire—Maxwell. Swardmore. Time of quarters—15 minutes.
