

News from other Colleges

A new method of enforcing compulsory chapel attendance is being tried at Whitman, a college of the middle West. If a student "cuts" ten chapel exercises he shall be required to take a one hour course in Philosophy the following semester. If the "cuts" amount to a number between ten and twenty a two hour course will be required.

"The Order of the Golden Fleece" is the name of a society recently organized at Oberlin College. Its members are twenty "red heads" and the purpose of the organization will be the mutual defence of, and the promotion of social activities for the members.

In the class of 1916 of Bowdoin College, eighty members were graduated of the eighty-one who entered with the class as freshmen.

DePauw University has instituted a course for freshmen called "How to Study". The course has caused a marked improvement in the scholastic standing of the class.

Iowa State College Football Management has introduced a new feature in the program of football games by having their quartet sing between playing periods. The University is erecting a new \$25,000 club house to be used for the entertainment of visiting teams. It will contain a life swimming pool, trophy room, reception hall, dressing room, lockers, showers and bed rooms.

Coach Metzger of Washington and Jefferson College football team is a very busy man during the offseason. He is an extensive author and does considerable newspaper work. In the December issue of "Travel" he wrote a description of "A Trip Through Mexico" and in December issue of "Outing" he wrote an article dealing with intercollegiate athletics.

Several colleges of Kansas have not made a day on which everybody will try their best to be themselves. At Ottawa University it is called "Slouch Day" and it is said that with each succeeding day the movement becomes more popular. In the days not apart the students wear the clothes that they feel the most at ease in and that look the best.

By an almost unanimous vote the faculty of Connecticut Wesleyan recently adopted Military Training as a part of the college curriculum. The adoption was received very enthusiastically by the student body. The course adopted requires two years work, three hours each week while college is in session. The movement for the adoption of the course was fostered by undergraduate sentiment, a petition containing the names of 192 undergraduates was presented urging the adoption of the course.

The Harvard Union is undergoing a grave crisis. Last year the financial statement of the Union showed a loss of an even thousand dollars. The Union has many assembly rooms and club rooms but has not been able to make the under-graduates and all possible efforts will be made to increase the membership and secure alumni aid.

Dartmouth College this year shows the largest enrollment it has ever had. There are, this year, 1601 students enrolled, an increase of thirty-one over last year's attendance.

The campaign at the University of Pennsylvania to raise funds for the relief of suffering prisoners in Europe has been called the "Dollin Bug". Efforts are being made to induce every student to contribute at least one dollar. The "Bug" has grown rapidly since its inception.

Soccer Team Wins FROM SWARTHMORE

Bad Weather Mars Annual Eastern Trip—Tied Westtown

The soccer eleven made its annual eastern trip before the Christmas holidays and played two games, one with Swarthmore and the other with Westtown school. The team rolled up a 10-0 score against Swarthmore on Monday, December 18, but was tied 1-1 the following day with Westtown. The game which was scheduled with the Feltonville Athletic Club was cancelled because of extremely bad weather.

The game on Monday with Swarthmore was played on a field covered with six inches of snow. The State players demonstrated their superiority in the early part of the game and at no time was the outcome of doubt. Wilkinson, Nicholson and Holmberg played a very good game. The line up was:

Goal	Arner
R. Fullback	Holmberg
C. Fullback	Kelly
Stickney	Greenland
Gawthrop	Simons
Gilliam	Reed
Malloy	Vogel
Sirraton	Wilkinson
Maule	Nicholson
Buckman	Lucas
Tomlinson	Bradbury
Goals—Lucas 3, Wilkinson 4, Nicholson 4.	

Substitutions Swarthmore, Pettit for Gilliam, Atkins for Tomlinson. Referee—Crowell, Haverford. Time of halves 35 minutes.

The Westtown game was played on a field which was also covered with snow. The men, tied from the hard game of the day before, were not in the best of condition and did not display the form which they showed against Swarthmore. Nicholson scored the only tally. State made his work, throughout the game was very good. Two extra periods of five minutes each were played at the conclusion of the two regular thirty-five minute periods but neither side was able to score again.

WESTTOWN

Goal	Arner
R. Fullback	Holmberg
C. Fullback	Kelly
Stickney	Greenland
Gawthrop	Simons
Gilliam	Reed
Malloy	Vogel
Sirraton	Wilkinson
Maule	Nicholson
Buckman	Lucas
Tomlinson	Bradbury
Goals—Lucas 3, Wilkinson 4, Nicholson 4.	

Substitutions Swarthmore, Pettit for Gilliam, Atkins for Tomlinson. Referee—Crowell, Haverford. Time of halves 35 minutes.

Last Opportunity to Enter Home Chautauqua Course

The chautauqua course of lectures by members of the faculty before the various organizations of the college has a program arranged for twenty groups and the first lectures were given last Thursday evening. If there are any more societies which desire to become members of the circuit, immediate application should be made to Dean Arthur Holmes, who has charge of the course. Thirty-two members of the faculty have volunteered to give lectures.

NEW INSTRUCTOR ARRIVES

Mr. Nicholas Schmidt, formerly connected with the Maryland State Agricultural College, has been engaged by the School of Agriculture as a professor of agronomy extension.

Sophomores Win Wrestling Scrap

Freshmen Take Only one Bout Making Final Score 27-5

The sophomores, with but one exception, succeeded in capturing every bout in the wrestling scrap between the two lower classes held before the holidays on the Army mat. The 1916 men received three falls and three decisions, while the 1920 class obtained one fall, making the final score 27-5. The most exciting bout was the opener between Nicholson, '19 and McMillan, '20, in the 115 pound class. The decision went to Nicholson on account of his superior knowledge and experience. In the next bout Letz, '19, disposed of Lorie, '20, with a head-chuck and an arm-lock. Then, in the 135 pound bout Dettler '20 threw Babcock with his famous hold, a double arm-lock and body-hold, thus making the freshmen's five points. Mills, the sensational wrestler of former "two year Ag" fame, made short work of I. V. Brown, '20. Torrell and Tavenner took the next two bouts on decisions from A. D. Wilson and Thomas, respectively. In the heavyweight class, Pullman gained the quickest fall through Rebe with a half-nelson in one minute and twenty nine seconds.

College President To Head Rockefeller Foundation

An incident of more than passing interest to Penn State students is to be found in the announcement that Dr. George E. Vincent will retire from the presidency of the University of Minnesota to become president of the Rockefeller foundation on May 15, 1917. The interest of the college in this announcement is due to the fact that Dr. W. E. Forsythe, head of the college health service, will also identify himself with the work of the Foundation sometime during the coming spring, and thus will enter upon his new duties under the leadership of the former president of the western university.

Dr. Vincent was called to his new office because of the enlarged scope of the activities of the foundation and because of its need for a man of wide experience who can devote his whole time to the work. He succeeds John D. Rockefeller, Jr., whose term expires next May. The latter will retain his connection with the Foundation as chairman of the board of trustees, a new office, while Dr. Vincent will take over the executive work.

LIVESTOCK PURCHASED

The Agricultural School has recently made some important purchases of pure bred live stock. Last week twenty-three registered Holstein cows were received and this week the School expects to receive seven pure bred Clydesdale horses.

Engineering Extension classes have been organized at Hazleton thru the interest of C. A. Ganser, Division Engineer of the Lehigh Valley Coal Co. These classes are pursuing Practical Electricity and allied subjects.

SIGNAL CORPS TO BE REORGANIZED

One of the most important plans now under consideration for the Signal Corps is that of having an entire reorganization of the corps upon a military basis. In other words, under military principles as observed at the border. Under this plan the corps will be divided into divisions of ten men each in charge of a sergeant and two corporals. There will be a sergeant and a corporal acting as wireless operator and assistant. Four of the privates will be detailed especially for heliograph work, while the remaining privates will act more in a military capacity.

The membership of the corps at present is 25 and it is not certain as yet whether it will be reduced to 20 men in order to have two divisions or whether it will be recruited to 30 men with three divisions. T. D. Richards, who has charge of the work at present, has recently pointed out the possibility of the members of the corps passing the examination for positions of officers in the reserve arms that is now being discussed in congress.

A RESOLUTION

WHEREAS, It has pleased our Heavenly Father, in His infinite wisdom, to call from among us our friend and fellow worker, Albert L. Dornier, late Associate Secretary of the Young Men's Christian Association of the Pennsylvania State College.

BE IT RESOLVED, That we, the Y. M. C. A. Cabinet, express our sense of the loss sustained by College and by the Christian Association in the departure of one who had so nobly dedicated his life to the service of the Divine Master, and who had worked so unceasingly in that dedication and who had been to his fellow workers so true a friend and counsellor and helper. And further, that we extend to his parents and family the sincere sympathy which we feel with them in their great bereavement.

AND BE IT FURTHER RESOLVED, That a copy of these resolutions be sent to the parents of our departed friend, and a copy be published in THE PENN STATE COLLEGIAN.

Roy Coombs, Secretary

California Co-Eds Live Months on Peanuts

Two University of California co-eds have recently completed an interesting dietetic experiment by living on nothing but peanuts for a period of three months. The experiment was carried out under the direction of Professor M. L. Jaffa, head of the department of nutrition, to test his theory that peanuts are among the best and most concentrated of food available for human beings.

According to Professor Jaffa the experiment was a complete scientific success. The cost of the peanuts totaled fifteen cents a day, or \$1.05 a week, for each girl. On this basis the board bill per month was kept down to the sum of \$1.20, a figure which broke all records for frugality on the campus.

The identity of the two principals in the experiment has not thus far been made public as the girls have insisted that their names be kept secret. "We never felt better," said one of them, "but I'll never eat another peanut as long as I live. I can't bear the sight of them now."

Twelve Freshmen Chosen in Collegian Competition

After six weeks of stiff competition in which forty members of the freshmen class tried for positions as reporters on the staff "The Collegian" board announced the selection of the following twelve men who have shown the greatest ability in this work:

E. L. Bathurst, C. A. Brumbaugh, A. W. Prince, C. A. Halbertsma, J. F. Kell, F. L. Keller, K. Kik, A. D. MacKinnon, J. J. Smith, J. C. Snyder, G. R. Weeks, and W. S. Whiteman.

According to custom, these men are still in competition for positions as reporters, for this number will be further reduced before final selection is made about the first of March.

COUNTY AGENTS HOLD ANNUAL CONFERENCE

The fifth annual winter conference of the county agents of Pennsylvania is being held in State College from January 1 to 11. Thirty-five counties, or those having organized farm bureau work are represented in the conference. The conference is being held under the direction of E. K. Hilsman, State leader of farm bureau work in conjunction with F. P. Weaver, assistant State leader. The mornings are given over to general sessions on farm projects and policies, while the afternoons are being devoted to committee work.

Several Penn State men of the class of 1916 are enrolled in the ranks of the county agents this year. These include J. A. Brumbaugh, R. M. Decker, P. S. Coatsman, N. E. Garber, A. L. Becker, A. T. Kearney, C. C. McDowell, E. J. Perry, H. R. Pickett, and Bert Straw.

VENUS 10¢ PENCIL

No matter what course you're taking you need this famous pencil!

Because of the superlative quality of material and workmanship, VENUS is admittedly the "best" pencil it is possible to make.

If you like a thick soft lead that marks so that you can read the writing half way across the room, choose the soft degree 6B-5B-4B.

For short hand notes or easy writing 3B-2B-B (medium soft) are popular.

For sketching, general writing purposes etc. HB-F-H-2H (medium) will prove desirable.

For drafting, a medium hard pencil gives the best results and you'll like 4H-5H-6H-7H-8H.

For very thin, narrow lines, for extremely accurate graphical charts, maps, details, etc., 7H-8H-9H are available.

FREE Look for the distinctive water mark finish on each of the 17 black degrees and hard and medium copying. Your professors will confirm these statements as to merit of VENUS pencils.

For sale at the college book store.

American Lead Pencil Company 215 Fifth Ave. Dept. Q New York, N.Y.

NOTE—Send us your name, address and we shall be pleased to have sent to you for test a box of VENUS drawing pencil, VENUS copying pencil and VENUS Eraser.
