GRAHAM & SONS On THE CORNER

1918 Mat Men Victorious

(Continued From First Page) The senior maintained his place until Horst tore away and forced...

Penn State Alumnus Writes

(Continued From First Page) Interested in photography can meet and exchange ideas and pictures. We also have a diving class lectured to by a gentleman from the city...

185 POUND CLASS

Mills '18 threw Detar '20, with a combined scissor and neck and arm hold. The hostilities commenced with much aggressiveness on both sides...

155 POUND CLASS

Long '18 threw Kirschbaum '17, with a combined neck and leg hold, in 52 seconds. There was not much to this bout for soon after reaching the mat Long pinned his man in short order...

154 POUND CLASS

Schultz '18 was awarded the bout since Dunkle was unable to continue because of a broken rib. The bout started with both men playing safe. They remained at a stand for some time and finally went down in a hard fall with Schultz on top...

175 POUND CLASS

Nolan '18 was given the decision over Tavenner '19. The big men commenced very carefully but dropped to the mat soon, in a rolling fall with Nolan finally landing on the upper deck. The junior retained this position until the last two minutes when the men came to their senses...

HEAVYWEIGHT

Czarnecki '18 was given the decision over Pallman '19. Both men fought hard from the beginning and with bodies closely interlocked, Czarnecki won the upper place and remained there until time was called. Pallman was kept on the defensive throughout and was unable to break away from his opponent.

1920 Basketball Five

(Continued From First Page) Light but looks good Miller, the football quarterback from Bethlehem Prep, while small, is fast and stocky and will prove a good man under the basket. He played with Bethlehem Prep for one season and with the Wilkes Barre high for three. Other forwards who look good are Mullan, of Sewickley high, Beard, of Carnegie high and Wagonhurst, of Keystone State Normal. In the guarding department the squad has some good representatives. Wolfe, of McKeesport, the football star, is showing up particularly well as a tunning guard. He was considered one of the best in the game in scholastic circles in the western part of the state last season. Brown, another football man, is big, fast and strong and was one of the mainstays on the Northeast high team in Philadelphia. He shows lots of fight and promise of great improvement. Merkle is a former West Philadelphia man who shows the marks of good coaching. Though light he is stockily built and appears to know the game thoroughly. Leach is a former Normal School star who has weight and puts up a fair game.

When it comes to the pivot positions, Smozinski, the former Bellefonte Academy, football star, has the best of the argument at this stage. He is a player of wide experience, having also played with Bloomsburg Normal, and can fill in at a forward position. He has the height and weight, is a good jumper and plays the floor well. Like many of the other Freshmen players, he is handicapped with a lack of knowledge of the intercollegiate rules. Another promising center is young Kincaid, who stepped into Adam's shoes at Penobscot high last year. He is big, has weight and height and would also make a good guard. Shoemaker, of the Parkburg high school, is also tall and rangy and is showing up well. Coach Herman will probably cut the squad down to about ten men after the first game.

DR. RAPEER IN SUMMER WORK. Word has recently been received that Dr. L. W. Rapeer, professor of education at Penn State, will become a member of the summer school faculty of the State University of Montana during the summer session of 1917. The announcement was made by Dr. J. P. Rowe, director of the summer school in the Montana Institution. It is understood that Dr. Rapeer will give courses on different phases of education.

EASE YOUR THROAT. For sore, inflamed throats, husky vocal cords there is relief and ease in every bottle of KRUMHINE'S SYRUP OF WHITE PINE and TAR. Contains no harmful ingredients. 25c PER BOTTLE. Krumline's Drug Store.

NOTED SOCIOLOGIST TO BE CHAPEL SPEAKER SUNDAY

The Reverend Jonathan C. Day, superintendent of the Labor Temple in New York City, will be the college speaker at the regular chapel services next Sunday morning. For many years Mr. Day has been engaged in social service work and has conducted a great number of important sociological experiments. In 1912 he was made superintendent of the Labor Temple, which was founded in 1910 by Charles Stekler, the famous sociologist. The Labor Temple is one of the most interesting of the American institutions devoted to social service experiments and under the direction of Mr. Stekler and Mr. Day has been doing a notable work along social and religious lines among the people of the East Side in New York.

CENTER MAY SOON HAVE ITS OWN COUNTY AGENT

Center county is now under process of organization for farm bureau work, and if the work can be carried far enough, a county agent will be placed in charge of affairs in the interest of the farmers of this county before very long. A meeting of farmers in the vicinity of Bonahar was held at that place on last Thursday, another was held at Howard on Friday and one at Pine Grove on Saturday. The work is being pushed by the department of agricultural extension, and as soon as the required sum is raised that will guarantee the expenses of a county agent for the first year, one will be placed at the service of the county residents. The department is not confining its activities to Center county alone, for steps are being taken in organizing Dauphin, Cumberland, York, Franklin, Wayne and Clinton counties for the farm bureau service. The college now has thirty-six extension representatives at work in as many counties throughout the state, and before another year passes agents will doubtless be located in most of these counties. An institution of learning for the instruction of "migratory unskilled labor" in such subjects as sanitation and moral values, and vices, laws and the rudiments of economics, has just opened its first term in Chicago. "The College for Hobos," as the institution has been called, is sponsored by James Lads Home, millionaire hobo of St. Louis.

"HIAWATHA" TO BE GIVEN BY THE COLLEGE CHORUS

The College Chorus will render the cantata, "Hiawatha's Wedding Feast" on February 18th. The Chorus, which consists of one hundred and twenty voices, is now hard at work, although the time of the cantata's presentation is more than a month distant. The program is yet to be obtained but the other solo parts are as follows: alto, Mrs. Russell Blair; tenor, Mr. Russell Blair; bass, Professor Hildner. Mr. Woodruff will be at the organ and Mrs. Robinson at the piano. The words of the cantata are from Longfellow's poem and the music was arranged by Cole-bridge Taylor and is characteristic Indian music. This selection was given here by the Summer School Chorus five years ago and was quite a success. The Glee Club will take a trip to Reading between semesters. The list of engagements for this trip is not quite complete. The club has also started active preparation for the inter-collegiate contest in New York next spring.

NEWS FROM OTHER COLLEGES

A committee to investigate the educational condition of needs of Mexico, headed by President Charles William Dabney of the University of Cincinnati, has recommended that a college free from the influences of Church or state be established there. A college similar to the one recommended has been established in Constantinople. Two students at the Cincinnati Law School have adopted a novel method to raise funds to defray college expenses. The young men serve at funerals as professional pall-bearers and announce that they have more calls than they can fill. Six undergraduates of Allegheny and two alumni, members of the national guard of Pennsylvania will return from the Texas border this week and elaborate preparations have been made by the college and towns-people for their reception. The directors of the Harvard Alumni Association has appointed a committee of 15 of the Alumni of Harvard University to be known as the Harvard Endowment Committee. The committee has launched a campaign to raise ten million dollars for the unrestricted use.

ALUMNI TO DINE TRUSTEES

The Harrisburg Penn State Alumni Association has made arrangements for a banquet in Harrisburg, on Tuesday evening, January 23. The banquet is being given in honor of the members of the Board of Trustees, who will hold their regular yearly meeting in Harrisburg on that date. A number of prominent members of the sophomore class of Princeton University, led by Richard F. Cleveland son of ex-president Cleveland, have signified their intention of refusing to join any of the upper-class dining clubs which select their members in March. The efforts of these undergraduates is an attempt to establish a true spirit of democracy at the University. The sophomores insist that they will make the dining halls and dormitories of the University their social center and will have nothing to do with the upper class clubs.

Suppose Fatimas were NOT Sensible

It isn't possible to fool men for long. Lincoln said that better than we could. Surely, if Fatimas were not as comfortable to the throat and tongue as we say they are—if they did not leave a man feeling keen and "fit" after a long-smoking day—do you suppose that more Fatimas would be sold every day than any other high-grade cigarette? Remember these facts as you try Fatimas and observe how comfortable, how sensible they really are.
