Interclass Basketball

(Continued From First Page)

Seniors 29

Young	F	Jameson
Smith	F	Donnelly
Livingston	C	Williams
Eichelberger	G	Ewing
McFadden	G	Farrar

Substitutions—Cabrath for Young; Young for Eichelberger. Field Goals—Young 8, Smith 3, McFadden 2, Cabrath 2, Eichelberger 1, Jameson 3, Ewing 2, Donnelly 1, Williams 1, Farrar 1.

Seniors Down Fresh

The freshman-senior game was close and exciting throughout and it was only due to the accurate foul tossing of Simpson that the seniors came out on top at 31-29. From the floor, the yearlings scored one more goal than their upper class opponents but Mullan fell down on the penalty throws Simpson scored 21 of his team's 31 points his ownings work including six field goals and nine out of ten from the foul line. Halliwell scored all but two of his team's remaining points with four two-pointers.

Merkle and Mullan did most of the scoring for 1920, the latter making one beautiful basket from about the center of the floor. The freshmen, however, made the mistake of playing too much of an individual game, and it was due to this that they were defeated. The line-up and summary

Seniors 31	Freshmen 29	
Price	F	Mullan
Simpson	F	Muechltz
Hallowell	C	Kincaid
Wilkinson	G	Brown
Miller	G	Merkle

Substitutions.—Miller for Hallowell, Schoey for Price, Young for Muechltz; Shoemaker for Kincaid.

Field Goals—Simpson 6, Hallowell 4, Miller 1, Mullan 1, Merkle 3, Brown 2, Kincaid 1, Young 1.

Foul Goals—Simpson 9 out of 10, Mullan 5 out of 11.

Following is the standing of the teams in the league to date:

Team	W	L	T	Per
Freshmen	4	1	0	800
Sophomores	4	1	0	800
Seniors	2	3	1	400
Juniors	0	5	1	000

WORK ON TENNIS COURTS

Physical Director Lewis expects to start getting the tennis courts in shape as soon as the weather will permit. He purposes to use student help in the work this year, so all students desiring such work should see him as soon as possible.

The Penn State Collegian is now on sale at Graham's on the corner, five cents per copy.

Parentheses and Brackets.

Know all writers, composers and proofreaders by these presents: Marks of parenthesis (which are frequently required) are not to be confounded with brackets [Hear! Hear!], which serve a different purpose. The use of one for the other [vide, almost any newspaper page] is extremely sloppy (if you know what we mean), and exhibits lack of familiarity with, or indifference to, the technique of writing [Applause].—Chicago Tribune.

DEUTSCHER VEREIN SOCIAL.

The annual social of the Deutscher Verein will be held in the Women's Building on March 23. The special entertainment feature at the meeting last Thursday evening was a one-act comedy given by several members of the Verein.

True Age of Man.

How old is man? Measured in years no one knows. But he is as old as thought, as mind. When man's ancestor first began to think, that day man was born. As man has progressed in the last million years, or half-million, so we may hope he will progress in the next half-million or million, and the time may yet come when, as a great scientist has said, he will stand upon this earth and touch the remotest stars.

Drop Use of Card.

Thomas Edison advises young people to work to avoid temptation. Will some of our readers kindly try this and let us know whether it's worth attempting?—Macon Telegraph.

SPRING TONICS

Now is the season to cleanse the system and get ready for spring

Try a bottle of GILLILAND'S Compound Extract Sarsaparilla for cleansing the blood and as general tonic

Track Men Win

(Continued From First Page)

Freshmen Run Also

Morill and Marling, both Freshman track men, were running under the Boston A A colors. Morill did not qualify in the final of the 50 yard event in which he was entered. Marling ran as the lead-off on the Boston team in an inter-city championship race. The cities of Boston, New York and Philadelphia won with "Ted" Meredith running anchor. The event was a one mile relay with four men to a team.

MISSIONARY TO GIVE ILLUSTRATED TALK

The Reverend Joseph Elkinton will give an illustrated lecture entitled "Our Neighbors of the Far East" in the Auditorium on Saturday evening, March 17, at 8 o'clock.

Mr. Elkinton is a prominent Quaker of Philadelphia, and for years has been identified with missionary undertakings all over the world. He has travelled extensively in Europe and China and during his journeys has gathered a wealth of interesting material.

His talk this Saturday night will be connected chiefly with China in which country he had much to do with missionary extension. Dean Sackett, of the Engineering School is a personal friend of the Reverend Elkinton.

VIVID ACCOUNT OF MASSACRE GIVEN BY DR. USSHER

In one of the largest Sunday Evening Meetings held under the auspices of the Christian Association in two years, Dr. Clarence D. Usher, who for nineteen years labored in Turkey in medical work, held for several hours for nearly an hour and a half his entire audience. Not for a considerable time has such an experience and an adventure been related before a Penn State audience, adventure among the Turks and Armenians which seem unbelievable. Time after time it seemed that the activities of the Mission station, the two hospitals and the schools would cease to exist. The schools would cease to exist with the massacre of all those engaged, and there came to the band of faithful followers, according to the speaker.

Dr. Usher came in the interest of the Student Volunteers of the College, who conducted the meeting in conjunction with the Christian Association of the Young Men and Women. During the day he spoke to the Volunteers in a special meeting, to the Freshman Bible Class, to the Ladies of the College in McAlester Hall, and to a large number of individual men and women. In the various meetings and interviews, he told of the outbreak of the hostilities between Russia, Turkey and Armenia, showing how for some time plans had been in the formation, and how Germany was to play a leading part in the hostilities.

The Kaiser's dream of a world power with himself as Dictator had led to the building of a spacious palace overlooking the Red Sea, Persian Gulf, Jordan River, and all avenues leading into the future seat of power. The description of the siege, the retreat, and the massacre of the Armenians before the Ottoman forces was vividly pictured, together with the cruelty and the ruthlessness in which the Armenian population was reduced from two million to six hundred thousand.

"Long on Short Whistle."

Ask each one of a company of fifty people to rise separately and remain standing for one minute. There will be 50 different records, varying from 10 to 60 seconds. Ask 10 workmen each to bring you a short and a long board, and you will get 20 different lengths of board. These illustrations are used by a railway man to emphasize the necessity of a mechanical device to eliminate the element of uncertainty as to what constitutes a "long" or a "short" whistle by a locomotive. It is not right, he says, to trust the safety of a trainload of passengers to a guess upon a guess.

Wrestling Review

(Continued From First Page)

four years, always with the purpose in view of wrestling in his senior year. How well he was prepared for this one year of glory is seen when it is considered that he won over Wiggston of Cornell, Jones of Princeton, McCullough of Lehigh and Wyatt of the Navy. This list of men contains the intercollegiate champion, the two runners up for that place, and Wyatt, a man who had not lost a bout in three years until he met Ostermayer.

Long Re-elected Captain.

Long was re-elected captain for the coming season, thus keeping that office in the family for the third consecutive year. The prospects for the season of 1918 are of the brightest, for with the exception of the 125-pound class, the same men who wrestled this year will be eligible next winter.

"Doc" Lewis is working hard with Dettar, the freshman wrestler, and by next fall promises to have developed a matman who will be capable of handling the 125 pound class, and if this hope is filled, others are sure to be better than ever.

The season's record for the team can be stated in a very few words. It is found on summing up that the Penn State matmen won 34 bouts, lost 7 and drew 1. Ostermayer, Mills and Czarnicki went through the season undefeated.

A summary of the individual records gives Smoley two bouts won by falls, two bouts won by decisions and two lost by decisions.

Ostermayer won every bout, three by clean falls and three by decisions. Mills also had a clean record, winning five falls. He was given the other by default when his Princeton opponent was injured. As far as points scored is concerned, Mills had a better scoring record than any other man on the team.

Captain Long fell a trifle below the high water mark which he set last year. He is credited with winning two falls, two decisions and losing two bouts by decision.

Schultz has one fall and two decisions recorded on the winning side and three bouts, one by fall and two by decisions on the reverse side of the mat.

Nelan won two decisions and was then injured, thus completing his season's work.

In the short space during which he wrestled, Fliggins had one fall, two decisions and one draw to his credit.

Czarnicki is another man with a clean record. The score book gives him six bouts won. Three of these were won by falls, two by decisions and one by default when his Tech failed to produce a heavy weight wrestler.

Would Help Some.

This would be a better country if we would quit enacting new laws and enforce old ones for about ten years.—Cincinnati Enquirer.

Luck's Proper Definition.

"Luck," said Uncle Eben, "is what you talk about when somebody else works hard an' gits what you was tryin' to grab offhand."

Get Experience, Young Man.

The young man entering life must not be impatient, writes Theodore Vall in American Magazine. He must accumulate experience, he must learn the duties of his position by the actual doing before he has any value to his employer.

True.

"This thing of being so much in love that you can't eat," observed the man who knows, "is not infrequently caused by the high price of flowers and theater tickets."—Widow.

CAPS AND GOWNS

Those who ordered caps and gowns from me will not be asked for any deposit. The outfits will arrive some time in May.

I can get any outfits desired any time up until the day before commencement, and I will have a number of extra outfits on hand at commencement time to accommodate any one who has neglected getting an outfit.

DOCTOR FORSYTHE RENDERS A REPORT

Records Show That Work of Health Service In the Past Two Years has Been Self-supporting

Having completed two years as head of the college health department, Dr. Warren E. Forsythe has issued a very interesting report on the work done since the service was organized in January, 1915. Statistics show that an average of almost twenty students daily have been visitors at the dispensary, situated above the Liberal Arts building, during the two years of its existence.

This work is filling a long felt need at Penn State, for it is a place where the students can receive medical attention free of charge. The health Service is supported chiefly by a portion of the incidental fees paid by each student at the beginning of a semester and by their earnings.

A feature of the work is a complete medical examination of all new students in this way, it is possible to find many minor troubles and to suggest methods of eradicating them. A pamphlet concerning points of health disease is also given to each student.

According to Dr. Forsythe, the majority of student illness is caused by infection particularly tonsillitis and complications. Contagious diseases in congested college communities are especially to be dreaded and great precautions should be taken to prevent the spread of such disease. College students need scientific instruction to replace superstitions and misconceptions of disease, according to the Doctor.

Dr. Forsythe's report from January 1915 to January 1917 follows:

Equipment on hand	3,450 00
Total Expenditures	10,843 00
Earnings and donation	3,059 00
Total Exp'dite from budget	8,784 00
Valuation of Equipment	450 00
New Equipment	3,000 00
Cost of services rendered	5,334 00
Cost per patient	0 48
Cost per patient	1 50

INSURANCE AND THRIFT

"The Influence of Life Insurance on Thrift" was the subject of a talk given by Charles J. Rockwell, of the Equitable Life Insurance Company, of Pittsburgh, to the Commerce and Finance Committee of the International Committee at the present time as an important factor in enabling the people of the United States to finance their own business ventures. Hitherto, we have been compelled to depend on foreign capital which will not be available after the present great war, according to Mr. Rockwell.

The company which Mr. Rockwell represents is holding, at the present time, a literary contest among the students of eleven colleges in Pennsylvania for the best essays on the influence of Life Insurance on systematic thrift.

The Penn State Collegian is now on sale at Graham's on the corner, five cents per copy.

Great Difference.

Bishop Sanford, Olmstead of Denver was urging, in a holiday address, Christianity of the militant, active, beneficent sort. "Why, my dear friends," he said, "there is almost as much difference between being good and doing good as there is between being a man and doing a man."

Basketball Review

(Continued From First Page)

former two being downed twice. The curtain to the season was the final eastern trip, when despite an accident that kept Blakelee out of the game, the State five triumphed over Lafayette, Delaware and Swarthmore, but were finally defeated in the closing game at Lehigh.

Captain Walton is the only man who will be lost to the team by graduation this year, and while his loss will be severely felt, prospects for winning combination next season are particularly bright. In addition to the veterans who remain, there are several members of the present Freshman team who will without doubt make strong bids for Varsity berths next year; so that "Dutch" Herman should be able to turn out another winner in his two years of coaching. Herman has made a great record and his ability to instill team-work into the men is one of the chief reasons for his success.

Player	Fd.	G.	Fl.	G.	Pts.
Blakelee, F.	25	105	178	0	85
Adam, C.	44	0	88	0	88
Laubach, F.	27	32	36	0	88
Walton, G.	29	0	58	0	58
Wagner, F.	17	0	34	0	34
Wilson, G.	15	0	30	0	30
Past, G.	6	0	10	0	10
Hunter, F.	3	0	6	0	6
Totals	175	137	487	0	487

Penn State's first victory over Juniata was rather close, the final score being 28-25, but in the second game the Blue and White led 40 to 30. Dartmouth's score was just doubled, 44-22, but as has been already stated, the margin over Syracuse was one point, the totals being 22 to 21. On the western trip, Penn State scored almost identically the same number of points in each game: Pitt winning 37 to 35; Westinghouse being downed 37 to 35; Carnegie losing 37 to 25. In the Pitt game in the Army, State also scored 37 points to the Blue and Gold's 32, while the Carnegie Tech game here the margin was 38 to 23. The other results were Lebanon Valley 42-22; Lafayette 39-31; Delaware 36-31; Swarthmore 33-22; and Lehigh 18 to 25.

FOREIGN STUDENTS

In United States there are 4,395 students from Foreign Countries who have come to this country to pursue advanced scholastic work, having enrolled in thirty-fourteen different institutions of learning.

The names of these men and the countries from which they have come are classified and published in a small booklet issued by the Friendly Relations Committee of the International Committee of the Young Men's Christian Association. These are available at the Christian Association office, in room 373 Main Building.

The Penn State Collegian is now on sale at Graham's on the corner, five cents per copy.

MUSICAL CLUBS RETURN FROM SUCCESSFUL TRIP

The combined musical clubs of the college returned on the same train with the House Appropriations Committee last Wednesday afternoon, after a successful trip which included concerts at Haddon Heights, N. J., Harrisburg and Chambersburg, Pa. The Glee Club also took part in the intercollegiate glee club contest in New York City.

The clubs were given large audiences in all their concerts. At Haddon Heights, many Penn State alumni were present and there was a dance held after the concert. The Harrisburg concert was perhaps the most fully attended, due to the fact that all the students of the high schools and the Harrisburg Academy were invited to attend.

Two trips still remain for the combined clubs this year, one being to Bucknell on April 21, and the other a pending trip to Pittsburgh some time in May. The Bucknell trip will be for the purpose of holding a combined concert with the Bucknell musical organizations, similar to the one that was held in the Auditorium last year.

GYM TEAM TO START.

Physical Director Lewis is planning to start a Gymnasium team as soon as the regular drill stops at Easter. The interclass boxing tournaments will also take place about the same time.

FRESHMAN 'BIBLE' OUT EARLY.

Material for the Penn State handbook is being collected for publication. The book will be out earlier than it appeared last year and will be sent to all the prospective freshmen in June. Any suggestions for its improvement will be gladly accepted if left at the Y. M. C. A.

TELLS OF BORDER LIFE.

Arthur Deering, who was with the Boalsburg Troop on the border, gave an interesting account of his experiences in some Freshman talks at Dean Holmes' residence last Wednesday evening.

STORY OF ALSACE.

At the meeting of the Le Cercle Français held last Thursday evening, Professor L. M. Burrage gave an interesting talk on the conditions in Alsace, the territory that has been a bone of contention between France and Germany for a long time.

ALUMNUS DESCRIBES WORK IN INDIA IN LETTER TO Y. M. C. A.

Thomas C. Blaisdell Jr., son of Dean Blaisdell of the Liberal Arts School, has sent a circular to the local Y. M. C. A. telling of the work in India. Mr. Blaisdell, who is engaged in the work of the association, is at present stationed at one of the army posts in Allahabad.

Great results are being gained by this work in India. Special Y. M. C. A. staffs are working in the advance camps and many of the larger universities and colleges are represented there. Among these institutions which have men engaged in this work are Harvard, Princeton, Yale, and Trinity College. Just before Christmas, Princeton donated a large electric sign, "Merry Y. M. C. A. Christmas." The people in India are being greatly impressed by what is being done in the camps. Athletic teams are being organized, musical organizations are lending their aid, and even sports plays are being produced. Everything that is possible is being done to help the soldiers in every phase of their lives.

ARCHITECTURAL ENGINEERS

Professor A. W. Cowell, of the Landscape Gardening Department, was the principal speaker at the meeting of the Architectural Engineering Society held last Monday evening. He pointed out the close relationship existing between Landscape Gardening and Architecture and brought out his ideas with the aid of a series of slides which he had taken on various trips to different parts of the country.
