

News from other Colleges

By the vote of both houses of the New Jersey legislature it was decided that in the future Rutgers College shall be officially designated as a university.

By unanimous vote the representatives of forty-eight classes, alumni and undergraduates pledged themselves to further to the best of their abilities the campaign to raise a million dollar jubilee fund for Swarthmore College by June of this year. The senior class in two days had raised a sum of approximately \$4,000.

At a meeting of 250 undergraduates last week the Cornell Aviation Club was organized and officers were elected. Immediate steps will be taken to establish a course in aviation in the University.

Reginald DeKoven, speaking in College Hall at the University of Pennsylvania last week attacked the idea that there was such a thing as American music. To lack of national unity he attributed the absence of musical character. Ragtime he characterized as "ineffectual glee."

By vote of the student body it was decided to install a course in military training at Washington and Jefferson College. It is probable that two units of the United States army officers corps will be organized.

The use of Locker Number 13 in the gymnasium of the University of Minnesota has been forbidden. The following is a list of the misfortunes which have occurred to the men who have used this locker in recent years: 1914, Al Quist, end, scalded under hot water shower.

ENGINEERING NEWS

N. H. Miller, President of the Carbondale Machine Co., Carbondale, Pa., was here March 19th, to speak to the Mechanical Engineers, and to interview certain members of the Senior class who desire employment in refrigeration. He is president of the American Society of Refrigerating Engineers.

Dean Sackett has been asked by the United States Government to serve as an expert in certain subjects.

J. T. Harris, Electrical Engineer, '07 and Mr. Young, of the Bell Telephone Co. of Harrisburg, were here recently to interview Senior Electricals concerning positions with that company.

H. M. Stecker, who delivered the Senior Engineering lecture March 23rd is a graduate of State College, from the Highway Engineering course. In the class of 1915. He is now an Engineer with the Portland Cement Association of America. The subject of the lecture was "Concrete Road Work."

STOCK BREEDING DISCUSSED

At a regular meeting of the Sirloin Club in the Agricultural Building last Friday afternoon, E. S. Bayard, a member of the board of trustees of the college, delivered an address on the problem of stock breeding. Mr. Bayard is president of the Pennsylvania Breeders Association and also editor of the National Stockman and Farmer. He emphasized the fact that the utility side of breeding is the essential aim and more attention should be paid to it.

RIFLE CLUB STANDS FIFTH

At the close of the sixth match, the Penn State Rifle Club now stands fifth in its class in the Intercollegiate League. The team has advanced from sixth to fifth place and is close on the heels of Williams College which occupies fourth place. However, when compared with the teams in the other classes, for her standing in that case is but twenty-third.

Excavations near Matthews hall at Harvard University revealed the skeleton of a domestic pig, a large iron kettle and a rusty cannon ball. Connections have been established between the pig and the kettle but the part played by the cannon ball in the animal's untimely end has not yet been determined.

Officers of the Yale Alumni University Fund Association are making arrangements to meet an extraordinary deficit in the operating expenses of the university this year. It is estimated that one third of the students may enlist if war comes. Such action would result in reducing the annual revenue by \$250,000 in tuition and rentals alone.

Action taken recently by Freshmen and Sophomores of Washington University seems virtually to have abolished the annual class rush between the two lower classes.

Bread and milk is the menu for the annual banquet at which the Freshmen are entertained at the University of Wisconsin.

Students at the University of Texas sprang an entirely new excuse on their professors last week. The elevator in the main building stuck between the first and second floors. The students who were in the elevator stayed there for some two hours, and were supplied with everything from candy to magazines by their sympathetic classmates.

LIFE AT PLATTSBURG WILL BE DESCRIBED

In furtherance of the campaign for men to attend the Summer Military Training Camps at Plattsburg this summer, a meeting will be held in the Auditorium or Old Chapel. It is hoped that a number of lantern slides from Philadelphia will be here in time to be shown at this meeting. These slides depict various phases of camp life. The meeting is open to all who are interested. Captain Ahrends and Colonel Roberts will be present and explain the work of the camps and give a general idea of what is expected of its members. In this way prospective attendants will secure "hope" to present to their parents while at home at Easter time.

Luther Creseman '18 a first lieutenant in the Cadet Regiment, who attended last summer, was elected chairman of the advertising committee. The enrolling will be done by a committee consisting of a member of each class, who in turn will be chairman of subcommittees composed of members of their respective classes.

FRESHMEN DOWN SOPHS IN BASKETBALL SCRAP

Annual Classic On Gym Floor After Hard Fight Goes to First Year Men by the Score of 29-25

The Freshman basketball five last Thursday evening defeated the Sophomore quintet by the score of 29 to 25 in the annual classic scrap game. There was no sensational playing at any stage of the game, but both teams played consistent ball. The game was a close one throughout, with the Sophomores taking the lead soon after the opening and retaining it until the beginning of the second half. Many long shots were attempted by both with little success.

To second half began in much the same manner as the first, but soon the Freshmen came into their own and played to true form. During this period they caged six field goals to four for the Soph quintet. A quick survey of the game shows how the Freshmen five took the lead during the second half. During the initial period the Sophs scored six baskets from the floor and added one more point from the foul line while the first-year men dropped three through the netting from play and Mullan managed to increase this with four one-pointers. The score book at the final of hostilities, however, gives the Freshmen squad credit for nine baskets against the Sophomores' nine with the Freshmen making eleven points from free tosses while the Second-Year men made seven.

For the Freshmen, Mullan and Muschitz were the individual stars, Mullan caging four duces from the floor and Muschitz three.

The lineup and summary follows:

Freshmen—29	Sophomores—25
Muschitz F	Young Smith
Mullan F	Moore
Kincald C	Eichelberger
Brown G	McFadden
Wolfe G	

Field goals—Sophomores: Young, 3; Smith, 2; Moore, 2; Eichelberger, 1; Freshmen: Muschitz, 3; Mullan, 4; Kincald, 1; Wolfe, 1.

Foul goals—McFadden, 1 out of 6; Smith, 5 out of 8; Moore 0 out of 1; Young, 1 out of 5; Mullan, 11 out of 17.

Substitutions: Sophes: Fond for McFadden; Fresh: Mearkle for Brown; Referee: Walton. Time of periods 20 minutes.

STATE MASTERS OF THE GRANGE SPEAKS HERE

J. A. McSparren, master of the Pennsylvania State Grange, delivered an address on the value of a grango to the college man, in the old chapel Friday night before the Agricultural Society. Mr. McSparren explained the many benefits which the rural population of the county has derived from being actively engaged in the work of the grange.

"Many persons" he said made their maiden speech from the floor of a grange hall. Furthermore, an opportunity is offered for country people to come together and to discuss matters of vital importance to themselves and to the grange is the fact that it gives the farmer a chance to act as a unit in matters which they want to present to the public."

The coming of Mr. McSparren at this time has been a decided help to the membership campaign which the grange is conducting. At the close of Mr. McSparren's address, Dean Watts offered a few suggestions concerning the campaign. He expressed himself as being desirous of seeing a large and active grang in operation here.

ATTENDED CONFERENCE

Dr. W. R. Crane, Dean of the School of Mines spent March 20 and 21 in Harrisburg attending a mining conference with the State Department of Mines.

CHAPEL ATTENDANCE

Owing to the fact that monitors will not make their report until April first chapel attendance standings will be given out only from 8 to 12 a m on April 3, 4, 12, 13, and 14 at Dean Holmes office.

FOR RENT

Social Hall and Basement of the new Odd Fellows Building on East College Avenue. Dancing space 63 feet x 38 feet. Chairs, ladies' and gentlemen's rest rooms and kitchen in the building.

APPROPRIATE FOR DANCES

Banquets or any other kind of social gathering

For particulars apply to H. E. Womer at the Postoffice.

DR. HART ADDRESSES CHEMISTRY SOCIETIES

Dr. Edward S. Hart, Professor of Industrial Chemistry at Lafayette College, delivered an address before the members of the chemistry societies on Wednesday evening in the Amphitheatre on the subject "Chemical Wastes." He related in detail the manner in which many waste products could be utilized, and showed that at the present time American manufacturers are wasting millions of dollars annually.

Dr. G. G. Pond, Dean of the School of Natural Science, and Dr. William Freese, head of the Agricultural Chemical Experiment Work, delivered short addresses. About 250 students were present.

JOSEFSON WITH GIANTS

"Red" Josefson, former star outfielder of the Penn State varsity nine, was given a try-out by the New York Nationals this spring, and has just been released to the Rochester team of the International League. Josefson reported late to the Giants because of an operation, but after his arrival he played good ball. However, there was small chance for a recall to obtain an outfield berth on the team this spring and "Red" was farmed out for further seasoning.

NEWS PICTURES

The Evening Ledger Photograph Patrol is the only automobile of its kind in the world, and a distinct innovation in newspaperdom.

Manned by staff photographers and equipped to make speed, it gathers rapid-fire news pictures and rushes them to press.

It's necessary to make speed when securing Evening Ledger photographs, for the Evening Illustrated Ledger prints six editions daily, some of which are held for last-minute photographs fresh from the street!

When things happen, when there's a "news break"—fire, accident, ceremony, procession, parade, etc.—Evening Ledger photographers are there.

The Pictorial Section of the Evening Ledger illustrates the news of the State and the nation each day.
