STUDENT COUNCIL TAKES UP CHEERING PROBLEM

Committee Recommends New System To Select Leaders By Popular Vote

WOULD AWARD "S" ON KEYSTONE AS INSIGNIA

The Student Council has undertaken to draw up a set of rules for a new cheering system and the committee in charge announces the following as a tentative draft, to be subject to change by Council, and finally offered as a recommendation to the Athletic Association:

- NEW CHEERING SYSTEM**
- 1—Repeat Article 5 of the Athletic Association by-laws, in its entirety, and substitute the following:
 - 1—There shall be one head cheer leader and two assistants, all from the Senior class.
 - 2—It shall be the duty of one of these assistants to act as the college song leader.
 - 3—All other assistant cheer leaders shall be Juniors. The number shall be governed by the head cheer leader.
 - 4—Within two weeks after the opening of college, the head cheer leader shall issue a call for Junior candidates for assistant cheer leaders and assistant song leaders. Candidates for song leaders are to be members of the College Glee Club.
 - 5—The head cheer leader and the two Senior assistants, with the aid of the varsity captains shall, by the end of the football season, select not less than three (3) Junior assistant cheer leaders, and not less than two (2) Junior assistant song leaders who shall compete until the elections are held.
 - 6—The Senior cheer leaders and the Senior song leader shall be chosen by ballot by the student body at the time of the election of the Athletic Association officers in May.
 - 7—In the election, the names of eleven candidates shall be supplied by the then Senior cheer and song leaders, and placed upon the same ballot with the names of candidates for association officers. Votes shall be cast for a head cheer leader and a song leader, and the cheer leader being chosen from the remaining Junior assistant cheer leaders, and the song leader being chosen from the remaining Junior assistant song leaders. The Junior assistant cheer leader receiving the second highest number of votes shall be the Senior assistant cheer leader.
 - 8—The standard cheer leader's uniform shall be white flannel trousers and a white V-neck sweater trimmed in blue, and the song leader's shall be white flannel trousers with a white V-neck sweater trimmed in blue, with an extra band of blue, one and one-half inches wide, encircling the neck.
 - 9—The head cheer leader shall be awarded a three inch white block letter "S" mounted on a five inch keystone-shaped field, to be worn on the left breast of his sweater.

With the failure of the "varsity captain cheer leading system" to meet the approval of the student body last Wednesday morning, the Student Council in its organization meeting that same night got busy on the formulation of another scheme for the selection of college cheer and song leaders, the text of which is reproduced above.

This proposal is offered by a committee of three Council members appointed Wednesday morning, the Student Council in its organization meeting that same night got busy on the formulation of another scheme for the selection of college cheer and song leaders, the text of which is reproduced above.

The proposed system differs from the present system in that it will provide for the selection of a head cheer leader, the song leader and the Senior assistant cheer leader by vote of the student body instead of selection by "varsity captains and managers. This will assure the selection of the most popular men for the work, combining some ideas of the present system with those of the one that failed in adoption last week, with the object in view of securing men to lead the cheering who will be popular with the students and at the same time be efficient in their manner of handling the work.

FRESHMEN OPEN WITH VICTORY

Bethlehem Prep Shows Strong Defense But is Defeated by Score of 13 to 0

The freshman football season was opened last Saturday afternoon on New Beaver Field when the eleven from Bethlehem Preparatory School was defeated 13-0 in a hard fought game. The promising huskies of Coach Martin's squad were met by an unexpectedly stiff defense and were able to carry the ball over the line for only two touchdowns, although play was confined entirely to the visitor's territory and the freshmen were at all times within striking distance of the goal. The Bethlehem boys had a feeble attack and a weak line, but they played a determined defensive game and aided by the fine punting of Mellinger, they were able to hold the freshmen scoreless in all but one period. The visitors aided by a penalty were able to score only one first down, all of their rushes being smothered before they were fairly started. The freshman attack was, however, varied and effective. For so early in the season they had fine interference and an aerial attack that left nothing to be desired. Frence and Crum showed much ability on the receiving end.

The game was started by Bethlehem kicking off and immediately the yearlings made two long runs which put them near the goal. They were stopped, however by penalties and fumbles and at the end of the quarter they still were one yard from a touchdown. When play was resumed French was given the ball and on two bucks off tackle he carried it over. Gehling kicked the goal. The next score came soon after several long end runs and a forward pass, Rittner to French, noted sixty yards from where French again took the ball for a touchdown and the last score of the game.

**SOPHS AGAINST FROSH IN
GIRLS' HIKING CONTEST**

Not to be outdone by the male members of the Sophomore and Freshman classes in holding a cross-country sweep race, the girls of these two classes are to have a contest of their own. Plans have been set for a "hiking" contest to be held on October 27th.

STATE MAN DIES IN FRANCE

Word was received here yesterday that C. Emerson Simpson, '16, had died on his way to France, or shortly after his arrival there with an American unit. The cause of death was caused by cerebral spinal meningitis, and no further details were given. He was a resident of Williamsport, a graduate of the School of Forestry, and a member of Alpha Zeta fraternity.

PENN STATE MEN IN CAMP WANT MAGAZINES

Letter Comes From Lonesome Camp— Alumnus Comments on Attitude

AN/APPEAL

I want to talk to you about some Y. M. C. A. work. Of course, you have some idea of what the Y. M. C. A. is up against here. It is the chief source of amusement for the men, and I wonder if the fellows would be willing to contribute a small sum for the purchase of magazines and the like, for the use of the men.

"You fellows up there cannot appreciate how much good you could do in that way. There is so much to interest one at school that you do not know what it is to be lonesome, but here it is different. That is the proposition.

The above is an extract from a letter that was handed to the Editor of the COLLEGIAN, and it comes from L. A. Spencer, '18, who is located at Camp Lee, Va. The appeal contained therein is self evident.

The short end of the largest football score ever tallied against a visiting team on New Beaver field was handed to Gettysburg last Saturday. Never in the six years that the gridiron sport has been staged on that field has a Penn State "varsity eleven been able to approach the 80 to 0 score that was run up against the Battlefield team in the first home game of the season. The 70 to 0 score against Gettysburg last year in a sea of mud was thought to be about the limit.

But Penn State's "green" team showed unexpected ability on Saturday, and from beginning to end outclassed its lighter opponents in every department of the game. Had it not been for the second halves of the game, it would have been difficult for the spectators to keep account of the score. Touchdown after touchdown was scored by the new Penn State team with a regularity that approached monotony. The scoring was evenly divided between the first and second halves of the game, though almost every substitute on the Penn State bench was in the game during the second half.

Gettysburg from the very start gave evidence that she lacked the strength of other years. She was by no means strong enough to give the Blue and White a fair trial to test its strength. It was Gettysburg's first game of the year, and their first game under a new coaching system. Needless to say, the Battlefield boys miss "Punk" Berryman as their leader, for the former State star made a great name for himself as coach at that college last year.

It was an utter impossibility for the Penn State team to show its real strength against Gettysburg last Saturday, and it is to be considered unfortunate that the team cannot be put to a real test prior to the Washington and

**Major Baylies Now
In Charge of Drill**

With the arrival of Major Baylies, the new commandant, last Friday, military activities about the college began to assume a more organized form. With the routine drill in the gymnasium in the same manner as under the direction of Mr. Thompson, the new commandant has already begun to put into practice some ideas of his own in reference to the conduct of drill.

Y.M.C.A. CAMPAIGN TO START TONIGHT

Will Last Over the Week-end— All Students To Be Visited Personally

The Membership Committee of the Y. M. C. A., headed by Phil Sprengle, '18, has chosen a part of this week for a special campaign for new members. The campaign will begin tonight when a second visitation will be made at which time cards showing the basis for membership and what is required of a student as a member will be distributed. On Sunday a large committee will cover the town in an effort to see every student and his wife during the campaign to a close.

The general attitude seems to be that since membership has been broadened to include every student, it should be a high water mark in the number of men belonging to the Christian Association. Neither financial consideration nor religious preference will prevent a man from being an active or associate member. It is to be remembered also that each membership card signed entitles the man to a traveling privilege card, acceptable in every Association Building in the world.

Is It Worth While—

To add 500 men secure room and board upon arrival?

To distribute 2200 Freshman Bibles?

To secure employment for 476 students, netting them about \$1,000?

To write all new incoming men during summer?

To tender a reception to 700 new men?

To conduct six rural Sunday Schools in outlying districts?

To conduct two Boy Scout troops and Keystone Club?

To have an organized high school group?

To send ten student deputation teams to neighboring communities?

To have 300 student Bible study classes meeting weekly?

IRVING IS SUNDAY SPEAKER

George Irving, editor of the New York American Student National Magazine will be the college speaker for Sunday. Mr. Irving has served in the capacity of the local student secretary, state secretary, and national secretary, and is now president of a very large committee of all its student organizations. He comes with a wide experience, and intimate knowledge of human nature.

WHY NOT?

The Penn State Athletic Association owns a "Push Ball." The ball is six feet in diameter. A crew of husky Freshmen can inflate the ball in a few hours. The ball is now valued at about \$400 or \$500. For two years Penn State has made no use of the ball. But OTHER colleges DO have use for it!

General opinion has it that Penn State's two underclasses lack that curious thing known as "class spirit." The same kind of opinion is responsible for the idea that a "good class scrap" would correct this deficiency. Would it? Well, why not try it?

Picked teams of from ten to twenty men each could "push" that big ball in relays and avoid all danger of injury. (Dangerous class scraps have been eliminated at Penn State.) Why allow that \$500 push ball to lay around collecting dust year after year with no benefit being derived from its possession?

Student Council has a committee on the job. Talk your ideas over with your Council representatives. T. D. Hill '18, is chairman of the committee. Give him your ideas for a class scrap, or write them to the COLLEGIAN.

Let's have a "good old class scrap" before the snow flies!
