Gettysburg Easy Prey
 (Continued From First Page)

Jefferson gave one week from next Saturday. Nevertheless, this game developed the all important factor that Penn State this year possesses a line that is capable of diagnosing the plays of the opposition, with sufficient weight to hold its own. The development of new methods of attack for the backfield appears to be working wonders for the entire team, and this department shows great promise for the future.

While every wearer of the Blue and White had a chance to shine in this game, the stellar performers appeared to be Way, Robb, Wolfe, Gross, Conover, Pond and Acting Captain Czaneck. The open field running of Way was the biggest sensation of the day, rivaled only by the terrific charging of Robb who registered six of the twelve touchdowns.

Scoring Easy
 State gained 239 yards by rushing the ball against a total of 16 yards for the Gettysburg eleven. The first tally for State was made in less than two minutes of play, when Robb carried the pigskin across the opponent's goal line. It took about two more minutes for State to register its second score, and White seemed to score systematically from this time on. Wolfe made one of the most sensational runs of the day when he covered a distance of seventy yards for a touchdown. Gross also showed up well in this game, and he at one time carried the ball for a fifty yard run through the entire Bethlehem eleven.

Robb, the sensational Gettysburg quarterback, played his usually consistent game in the earlier stages, but was handicapped by the inability of his teammates to produce. He made some excellent tackles, but never had a chance to get away with the ball.

The game had scarcely been in progress for five minutes before the eventful outcome was evident. Gettysburg kicked off, and the Blue and White machine simply ripped its opponents' line to pieces. After Robb carried the ball 10, 20, and 3 yards on successive plays, Wolfe advanced it to within halving distance of the goal posts, and on the next play Robb carried the pigskin over the line for the first time. Conover attempted to kick the goal, but missed by a small margin.

Robb Goes Over Again
 In five minutes, seven more points were added to Penn State's score. Robb again being the man to cross the last chalk line. This time Conover booted the oval squarely between the posts. Before the quarter ended Way received a kick from Robb in the middle of the field, and dodged his way through the onrushing opposition. But State was penalized on this play, the ball returning to the thirty yard line. Soon after this Robb squeezed himself over the line for his third touchdown.

The second quarter was a repetition of the first. It had scarcely started before "Charlie" Way sailed around right end for a touchdown. And on top of this Wolfe received another one of Robb's punts on his own 40 yard line, and ran 70 yards to a touchdown. McKelvey also crossed the line in this quarter. When the whistle blew the score stood 10-0.

State Subs Go In
 In the last half the ball was carried down the field at will, and was ever in State's territory. Following a steady advance down the field Wolfe tore through the Gettysburg line for six points. After intercepting a pass and being penalized, Robb again carried the ball over. Substitutes for Penn State entered the game at the end of nearly every play, and before it could be realized Robb had scored his fifth touchdown. Soon after this Gettysburg punted to State, and Pond carried the ball 38 yards to another touchdown.

For a few minutes Gettysburg braced, and successfully completed two forward passes for a gain of 15 yards. But when she tried another, Harry Robb intercepted it, and carried it a mere 40 yards, registering six more points. The game finally ended with the ball in the middle of the field.

CHURCH RECEPTION FRIDAY.
 All churches of the borough will hold informal receptions to students on Friday night at 8 p. m. Freshmen especially are invited to attend. The Reformed Church reception will be held at the house on the corner of Beaver and Allen streets.

Cheering System
 (Continued on Last Page)

signs to the head cheer leader. It is planned to give a three inch white block "S" that will be mounted on a solid blue keystone-shaped field. The keystone will be about five inches in height, and the whole will make a very attractive combination. It is thought this will be given as an award of merit to the head cheer leader, and by making this provision in the system, the committee feels that more good men will be induced to try out for the position. Provision is also made to distinguish the song leader by an extra band of blue wove about the neck of his sweater. These changes, together with the manner of selecting the leaders, are practically the only ones that make the proposed system differ from the present.

Suggestions Welcomed
 The outline of this new system is published in this issue of the COLLEGIAN in order that the sentiment of the student body may be secured upon it. It is merely the recommendation that the Council committee will make to the main body at its next meeting on Tuesday or Wednesday night of next week. The committee report will be made at that time, and the system will then be revised, if found necessary, and any further change or recommendations will be considered by the entire Council. As it now stands, the proposed system can be changed in any way at the discretion of the Council. With the final approval of the Student Council on the new system, it will be brought before the student body as an amendment to the Athletic Association by-laws. Any further suggestions for the improvement of the proposed change will be welcomed by members of the Council and the special committee that has the work in charge. This committee consists of D. M. Cresswell '18, chairman, H. A. Billing '18, and H. A. Robb '19.

A Suggestion
 One good suggestion was received yesterday by the chairman of the committee, which if added to the proposed system will make the selection of the cheer leader even more general with regard to popular choice. This suggestion would provide for the nomination of about twenty members of the Sophomore class as candidates for Junior assistant cheer leaders, prior to the general association elections. At the time elections are held for the Senior or cheer leaders, this plan would call for the selection on the same ballot of ten or twelve of the Sophomores nominated, those selected in that manner to take up the work of Junior assistant cheer leaders in the fall. To make the system even better, these men could be started in at once on leading cheers at the track meets and baseball games in the spring, so as to have that much more experience for the football season. Other suggestions are desired by the committee in order that the new system can be made as nearly perfect as possible.

The first, second and third sections of the new system are almost identical with the corresponding sections in the present system. In addition, it is recommended by the committee that the last two articles of the old system be dropped entirely. The five dollar prize for the best song submitted each year is considered to be rather insufficient to cause any special effort on the part of would-be song writers. The last section could be dropped at this time to

avoid any further red-tape when the time comes to change the Old College Yell. This section is really unnecessary.

The Present System
 The rules that govern the present method of selecting the college cheer leaders, comprising Article 5 of the A. B. Y.-Laws, stand as follows:
 1. There shall be one cheer leader, and two assistants, all from the Senior class.
 2. It shall be the duty of one of these assistants to act as the college song leader.
 3. All other assistant cheer leaders shall be Juniors. The number shall be governed by the senior cheer leader.
 4. The three senior cheer leaders shall be chosen by the retiring cheer leaders, the graduate manager and the managers of the three major sports.
 5. The elections are to take place during the first two weeks in May.
 6. Each senior cheer leader shall receive from the Athletic Association at the opening of the first semester a white V-neck sweater trimmed in blue.
 7. The standard cheer leader's uniform shall be white flannel trousers and the white V-neck sweater.
 8. A prize of five dollars shall be awarded for the best college song submitted each year.
 9. The Old College Yell and the Alma Mater are always to remain as the official yell and song of the college.

Horts Complete Extensive Trip

Approximately seven hundred miles entirely by auto, covering almost half of the State of Pennsylvania and limited areas of New Jersey and Maryland is the record of the Senior and Junior Horts who went on an inspection trip last week, leaving State College on Tuesday and returning on Saturday night. The trip was under the supervision of Dr. S. W. Fletcher, head of the Hort Department, assisted by several other members of the agricultural faculty. Dean and Mrs. R. L. Watts also took the trip.

Russian Orchestra
 (Continued From First Page)

and it is a most delightful illusion. It is everywhere praised for supplying an evening of pure entertainment. He will give either the "Message from Mars," by Richard G. Anthony, or the "Sky Pilot," by Ralph Connor. In the former sketch Mr. Newens portrays sixteen characters. The latter presented a distinguished personnel comprising Emily Stokes Hagan, Soprano, Marie Stone Langston, Contralto, Harry Guerny, Tenor, and David Griffin, Baritone, with William Silvano Thunders, Pianist and Accompanist. Each member is a soloist who has won laurels in the field of concert, recital, and oratorio, and their musical standing is convincingly demonstrated in the engagement of each artist as soloist with the famous Philadelphia Orchestra. Other appearances have been made with such noted organizations as the Chicago, Victor Herbert, and Russian Symphony Orchestras, as well as with many choral and oratorio societies of the eastern part of the country.

No matter if either Colonel Goethals, Ex-ambassador General Hiram Johnson, or Samuel Gompers are secured for one of the course events, a good entertainment is assured as all are big men in their own particular field. They are all practically universally known and the audience will be assured of a very interesting talk from the one who is finally secured.

Y. M. C. A. Campaign
 (Continued From First Page)
 To conduct special campaigns for students?
 To have 15 Penn State men at the Northfield Summer Conference?
 To have meetings each Sunday evening led by prominent men from all over the country?
 To continue a student mid-week prayer meeting?
 To have an entertainment course of six numbers during the winter?
 To distribute over 1400 Pocket Testaments, to have over 1500 members in the Pocket Testament League?
 To raise \$2,800 cash for relief of student prisoners in foreign camps?
 To have a foreign mission study group?
 To conduct student entertainment courses in rural communities?
 To maintain a clearing house for lost and found articles?
 To supervise the raising of the \$2,011.95 given by the students chapel collections to mission work?

SIRLOIN CLUB MEETS.
 At the first regular meeting of the Sirloin Club on Wednesday evening J. N. Robinson, '18, was elected treasurer to succeed Raymond Waltz, who has not returned to college.
 The date for the smoker and feed which is given annually to the Animal Husbandry students was set as Thursday, October 11, in the Stock Judging Pavilion.

ST. BONAVENTURE NEXT FOR STATE MACHINE

Wyoming Seminary Coming With a Strong Team to Meet the First Year Men

Prospects seem bright for another walk-away for the 'varsity football men on New Beaver next Saturday. When St. Bonaventure will be the opponent. Little is known regarding the merits of their team but the fact that they came off at the small end of a 32 to 0 score with Geneva last week, seems sufficient evidence, especially if the result of Geneva's game here last year is taken into account. It will be remembered that Geneva was bested by a 79 to 0 score in a "water-battle" on New Beaver.

The Freshman game with Wyoming Seminary bids fair to be interesting and well-fought, if reports of their team are correct. It is claimed that they have the best team this year than any since 1915. Especially great things are expected of the four backs, Davis, of last year's varsity, and Gdaniec, for the last two years a star at Conway Hall, will probably occupy the left half and full back positions. Captain Croop, who played end last year, has been moved to right half back and is doing particularly good work at that position. Young, of the Springfield X. M. C. A. college, is reputed to be a real find and handles himself like a veteran at quarter.

Kohl and McHale will in all probability fill the end berths. Considerable difficulty has been experienced with the line on account of the light weight and inexperience of the candidates.

ELECTRICAL ENGINEERS HOLD ANNUAL FEED

The annual Electrical Engineering banquet was held last night at the University Club. There was a good attendance, practically all the upper classes in this course being present as well as a large number of the faculty. Addresses were made by President Sparks, Dean R. L. Sackett, Professor Kinisole, Head of the Department, and others.

Freshmen Open
 (Continued From First Page)

The second half again found the Freshmen able to pierce the Bethlehem line almost at will but somehow they were unable to go beyond the ten yard line. McEllinger, time after time, booted the ball back when a score seemed imminent and it was due to his fine work alone that further scoring was prevented. The game ended with the ball close to Bethlehem's goal line!

RUMORED PENN STATE MAN KILLED IN FRANCE

It has been rumored during the past week that Lieutenant William R. Pentz '18, was killed in France while driving an ammunition truck from the base of supplies to the front line trenches, but it cannot be definitely substantiated. On inquiry, it developed that his parents have received no word of the occurrence.

Pentz enlisted in the American Ambulance Corps and was sent to Europe, where he was serving under the French flag, and while engaged in his perilous work, was supposed to have been struck by a piece of shrapnel and to have died a few hours later in one of the base hospitals.

COUNTY CLUBS.
 The COLLEGIAN will be glad to print all notices of County Club meetings each week. Such notices should be left at the office before 9 o'clock on Tuesdays. A list of club officers is desired from each organization.
