#### "DADDY" GROFF AT **WORK IN FLORIDA**

Penn State's Canton College Representative Writes to The

Miami, Fimida, Nov. 23, 1917
To the Editor of the Collegian.

It has occurred to me that Penn State has a right to keep an eve on het "John Chinaman" when he is in the Middle Kingdom.

At the present moment I am in beautiful halmy, tropical Flyidh, comfortation of the control of the control

Watner, a 'I man, who has been doing some fine work in the struggle aguinst this enemy. In 1916, Dr. Walter T. Swingle, of the Office of Crop Physiology and Inteeding investigations of the Department of Agriculture went to China. Japan and the Philippines and found the disease there. He also found some varieties of purmmele very resistant to the canker. In case enadication falls, the only alternative will be to secure for the grower canker resistant sorts of citrus fruits Our part of the program is to help chase down these forms in the Orlent. And I am now down here studying canker and citrus hybrids preparatory to returning to China. I had made all plans-to sail December 6, but I have just fearned that I am to be held over here a little longer. China has much to offer the United States along these lines but we are going out there pirmailly to give and not to get If Penn State is to have a part in, this exploration work, as things are now shaping up, we must home and the properties of the continues of stress and strain, we must not neglect to keep China in line afficient in the spirit of out times I feef we must keep men on the firing line there as well as in Europe Someday we will get our old voild spinning as he ought to spin

#### Dedicate LaVie To "Boys In Service"

The 1919 LaVie will be dedicated to the "Boys in the Sevice." This was the unanimous decision of the Junious at their class meeting last Thui sday Elections held at the same time for various athletic managerships resulted in the selection of H. R. Lowrie in wrostling. F. C. Young in Basketball, H. C. Erskine in Soccer, G. Cress in La Crosse, and H. C. Markle in Boxing. Frank Unger was chosen to take the place on the Interclass Sports Council made vacant by the leaving of Shields

J. A. Turner, read the Class Budget for the year, stating that the assessment per man would be \$2.50, of which one dollar has already been paid This will be acted on in two weeks as well as the question of an increase in the saliny of the Interclass Treasurer. Shields gave a report of the Interclass Sports Council Finances B. P. Wolster made an appeal for assistance in securing advortisements for the Lavie and announced that an extra copy would be given to all who secured one or more pages of advertising.

#### BIG PICTURE COMING

DIG PICTURE COMING

One of the biggest attractions of the current season is announced for Wednessy, Dec. 12 at the Pastime when L. V. Griffith's "Intolerance" reaches here, This is the wonderful new art form which Griffith has worked out since his success with "The Birth of a Mation". It tells four stories of as many different ages linking the modern with Paris in medieval days, Palestine at the dawn of the Christian era and ancient Rabylon during the time of Belshezar's famous foast, and the dewnful of that seenh of early civilization. It is the largest theatrical undertaking over seen and its impress has been fot around the world.
