

LETTERS FROM THE FRONT

1918 MAN EXPECTS TO GO OVER THERE VERY SOON

My dear Dr. Crane, When I enlisted last May, as I wrote in my letter to you of May 21st, I expected to sail soon for France...

When I went to Port Slocum I changed and entered the Infantry in the Signal Corps. At that time there was hope of an early sailing...

Near the end of September the regiment was divided most of the companies going to the Mexican border...

POOR ATTENDANCE AT FRESHMAN MEETING

There was a freshman class meeting on Thursday evening, Jan. 10, but it seemed to be known by less than half the class.

The motion to increase the Inter-class Treasurer's salary from \$150 to \$300 was carried unanimously.

W. C. Shultz, freshman wrestling manager, reviewed the freshman-sophomore scrap meet, indicating results obtainable in a short time, with good coaching, and urged more men to come out.

AMBULANCE UNIT RETURNS TO CAMP

Penn State Unit Left For Allentown Last Thursday—Letter From Lieutenant Lawyer

After a stay of not quite two months at State College, the Penn State Ambulance Unit, now known as Section 529 of the United States Army Ambulance Service, left last Thursday morning for Allentown.

The unit, consisting of about forty men, was composed almost wholly of State men, and was commanded by First Lieutenant Edwin B. Lawyer.

Personally and on behalf of the enlisted men of Section 529, Army Ambulance Service, I wish to thank you all for the splendid way we have been treated during our stay here.

Edwin B. Lawyer, 1st Lieut. A. A. S.

COUNTY AGENTS BUSY DURING HOLIDAYS

The annual meeting of the county agents of the various Penn bureaus was held under the direction of the Department of Agricultural Extension from Saturday, December 29th until Saturday, January 5th.

The purpose of this meeting of the county agents, which is annual and is always held immediately following Farmers' Week, is to bring the men of the various counties together at the headquarters of the extension work...

The conference was pervaded by a real war-time atmosphere and special attention was given to methods of increasing the production of grain, pork and beef without requiring any extra help or the expenditure of more money than usual.

ANNOUNCES RULING CONCERNING ORGANIZATIONS

On account of the fact that many of the county clubs are continually disbanded and new ones are being formed without going through the necessary procedure of notifying the Faculty Committee on Student Organizations, this committee desires the following notice to be published:

By the provisions of Rules 34-37 of Regulations Affecting Students, the Faculty Committee on Student Organizations and Publications has jurisdiction over existing or contemplated student fraternal organizations, County (and similar) clubs, entertainments given by student performers to which an admission fee is charged, and all student publications.

The committee requests that all such organizations now existing send to the secretary of the committee the names of its president and secretary. The formation of any new student organization may be expedited either by formal written application or by personally communicating with the chairman of the committee, Dr. E. S. Moore.

Dr. W. P. Winter, Sec'y.

1647 TEACHERS NEEDED In 24 Hours

AVERAGES OF UPPER-THIRD OF GRADUATES SINCE 1908

The ruling of the War Department allowing all engineering mining and industrial students with a grade equal to that of the highest one-third of the graduates in those courses of the past ten years, to enlist in the Engineers' Reserve Corps and thus be allowed to complete their courses before being called has enabled the Registrar's office to compile some interesting figures on the scholastic records of the graduates of those schools during the years 1908 to 1917 inclusive.

The records show that in the last ten years, the class of 1916 has had the highest average in its upper third. The average that year was \$3.7 which is 1.56 higher than the ten year average of \$2.11. Five other classes averaged over \$2.0 while four classes were under the mark. The class of 1913 was the lowest with an average of \$1.0.

The yearly averages are given below:

1908 \$1.3, 1909 \$1.9, 1910 \$2.9, 1911 \$1.3, 1912 \$2.5, 1913 \$1.0, 1914 \$1.6, 1915 \$3.7, 1916 \$2.2, 1917 \$2.6, Average \$2.11.
