

# Penn State Collegian

Don't Forget To Turn Your Clock Ahead Saturday Night

Hail To The New Intercollegiate Champions!

VOL. XIII. No. 26 STATE COLLEGE, PA., WEDNESDAY, MARCH 27, 1918 PRICE FIVE CENTS

## COUNCIL DECIDES ON MOVING-UP DAY

### Will Be Held As Part of Patriotic Carnival On April 13—Circus Tomorrow Night

At the last meeting of Student Council, it was officially decided that Saturday, April 13 will be "Moving-Up Day" at Penn State, and at five o'clock in the afternoon, the Freshmen will assume Sophomore customs and the other classes will each move up a corresponding peg. As this date has been selected for the carnival and barbeque, the moving-up features will furnish part of the entertainment, and it is expected that each class will pull off some individual stunt. The Freshmen will probably bury their "dinks" in the afternoon. There was some opposition at first to holding the moving-up day so early, this soon was overcome when the many advantages were presented. It is felt that by having a week of Sophomore privileges, the Freshmen will be more likely to return in the fall and also that they will have grown somewhat accustomed to their release from first-year rulings and will be more satisfied down when they return next year. The same benefit is expected to be felt by the other classes also.

### Zarnes' Circus Returns

Tomorrow night will witness the return to town of "Zarnes" and his circus, and the "big tent"—meaning the Army—will be open at seven o'clock. The band will be on hand as will also the "varsity quartet, and many new and interesting features have been added to the show. It is the desire of the owner of the circus that the patrons be sure to bring their "lady friends" as they did on the former appearance of the show in State College.

### Tomorrow night's event is to be held as a Red Cross benefit and the proceeds will be turned over to the Penn State branch of this worthy organization. In order to further the campaign for books for the soldiers and sailors, it is proposed that all those who desire to contribute will bring their contribution with them and provision will be made to take care of any books that may be brought.

### Last Week of the Contest

The "College Split Definition Contest" will close on Saturday night, and no definitions will be received after that time. They must be written on the cards which were provided and must be dropped in the COLLEGIAN box in Old Main. The judges have been selected for the contest and their decision, together with the prize, will be given at the class meeting on April 13th. The judges will be H. Walton Mitchell, president of the Board of Trustees, Dr. Sparks and Dean Holmes of the college, C. A. Niekke, valedictorian of the Senior Class, and R. E. Clark, editor of the "1918 La Vie".

### A Patriotic Gathering

It is proposed to make the carnival of April 13 a huge, patriotic gathering, and with this end in view, plans are being made to secure an English army officer to come here on that date to describe the great and stirring events which are taking place in the surrounding country will be invited to attend and the affair promises to be a huge success.

Tickets for the carnival and ox-roast will be on sale within a week, the price being fifty cents. This will entitle the holder to partake plentifully of the ox and also to witness the varied program of events that is being arranged. It is hoped to have a band from the Major Bayliss and the cadet regiment as an added feature to the patriotic program.

### Many Events Planned

The co-eds are expected to hold their annual cake and candy sale on the "fair grounds" and there are to be many, varied vaudeville and side show events. In this connection, the committee is desirous of having students who can pull off some stunt volunteering to perform on that day. The "Moving-Up Day" stunts are to be held toward the close of the afternoon and they are expected to be of great entertainment. While the plans are still incomplete, various committees are at work on the different events for the day, and with the co-operation of the students and the people of B. B. Baker.

## WILSON TO CAPTAIN

### NEXT YEAR'S FIVE

At a meeting of the basketball men and athletic committee last Friday evening, L. L. Wilson '19, was elected to captain the five for the next year. Herman Huttenmaier '19, was chosen manager, and P. T. Tyson '20, J. S. Martin '20, and J. McClellan '20, assistant managers. W. H. '19, was elected Freshman manager for next year.

The "varsity" five was awarded to the following men who played in a sufficient number of games: R. D. Blakeslee '18, C. H. Platt '18, L. L. Wilson '19, F. C. Young '19, and W. D. Mullin '20. F. N. Wolfe '20, was also granted the "B" for his work on the team.

## Honor Society Elections

### FAIRMOUNT ELECTIONS

Herman Huttenmaier '19 D. D. Detar '20 I. W. Brown '20 W. W. Lilly '20 C. P. Morell '20 W. M. Fitching '20 C. A. Way '20 W. B. Mullin '20

### DRUID ELECTIONS

W. C. Gehring G. A. Snell  
T. H. Riner W. W. Lilly '20  
R. H. Henry Howard Hager, Jr.  
H. M. Parent S. C. McCollum  
E. L. M. Garman S. C. McCollum  
H. N. Bontz R. K. Williams  
J. B. Moore H. D. Newcomer  
N. R. Korb

## TUG-OF-WAR TO BE HELD ON APRIL 6

### Annual Scrap Between Lower Classes Promises Great Excitement

According to the rules adopted concerning class scraps, the Student Council, upon the recommendation of the committee which had charge of the "Tie-up Scrap," has decided that the annual Tug-of-War between the two lower classes will be held on the afternoon of April 6. In these rules it states that the time of the scrap shall be sometime after April 15, but on account of the shortened semester and events already planned after the fifteenth, it was decided to hold the scrap at an earlier date. This event will probably cause a great deal of interest among the students and guests who may be here on account of the Junior Prom on Friday and will add some excitement to the events planned for Saturday, which is "Win-the-War-Day." The class which wins the scrap will have the privilege of choosing the colors of the present Freshman class.

The rules concerning the scrap are as follows: The scrap shall consist of three periods, each five minutes in length, unless one side completely pulls the other side across the line in less than that time. One point shall go to the class that pulls the other across of its own territory. The rope is at the end of the period. All previously arranged footholds are destroyed and there shall be no mechanical means for holding the rope. All male members of the two lower classes are eligible, except those on the athletic list or those physically disabled, and all are required to wear rubber-soled shoes, shift or jersey, and tights. Any deficiency in men for the last period will be filled by those who took part in the first period.

### Sophis Anxious To Win

It will be remembered that the "Tug-of-War" takes the place of the Old Flag Scrap and the last spring caused a great deal of interest and excitement among the contestants as well as among the spectators. Since the Sophis have already just one scrap to their credit, they are sure to do their utmost to win the Tug-of-War.

## SAVING DAYLIGHT PLAN WILL BENEFIT STUDENTS

### Under New Provision, Evening Hours Can Be Devoted To Recreation

On April 18, 1917, the editor of the COLLEGIAN outlined a plan whereby the hour of daylight might be turned forward one hour and an hour of daylight be saved for recreation purposes. The plan was feasible because of the location of State College. There were several reasons why the plan was not adopted, but now, we note that the national government at Washington has just passed the "Daylight Saving Bill" and that it has been signed by President Wilson, to go into effect on March 31. All of which merely proves the saying that "the great one from a little one grows."

But to look at the matter from a more serious side, the "Saving Daylight" measure promises to be of inestimable value to the students of Penn State. While the purpose of the bill is to give an hour more of daylight in which to carry on the great work of war preparation, it cannot fail to be a boon to college students all over the country, and particularly to those at Penn State.

### Turn Your Watch Ahead

The plan will go into effect on Sunday, and when you go to bed on Saturday night, just turn your watch and clock forward one hour, and then do nothing. You will get up the next morning at the usual time (by the clock) but it will really be one hour earlier. While this effect may be confusing at first, it should only take a day or two for the sensation to wear off.

At Penn State, the provision will mean that classes will close for the day at 4 o'clock, although the clocks will then point to 5:30. Dinner should be over by five o'clock, which will give over two hours of daylight for recreation, such as baseball, tennis, running, and so on. It will be almost impossible to complete full-length games of baseball, and this should greatly encourage interclass and inter-fraternity games. And then, when eleven o'clock rolls around, we will not stop to consider that it really is only ten, but we will be off to bed just as before an hour of sleep will be lost in the morning but regained at night.

### ARMY MEN WILL COME NEXT WEEK

Regarding the enlisted men who will be sent here in a short time, a telegram was received Saturday saying that the number fixed, 180, will arrive between April 6th and 7th. The contract for the instruction, lodging, and other matters pertaining to the men has been signed by the college and the government, which removes every possible doubt as to the coming of the men.

By terms of the contract, the government has agreed to furnish two hundred coats as well as a sufficient number of uniforms suitable for work. Tentative plans for the feeding of the men are being considered by the college authorities, and some definite line of action will probably be decided upon within the next day or two. Hence, if nothing serious intervenes, the first of the enlisted men for this place will arrive before the last of next week.

### ELECTED TO TRIBUNAL

At a meeting of the Student Council held last Friday, R. K. Cochrane '18, and C. A. Brumbaugh '20, were elected to the Student Tribunal to take the place of L. S. Clark and D. C. Dunbar who have left college.

## PENN STATE WRESTLERS WIN CHAMPIONSHIPS

### Six Blue and White Matmen Capture Individual Championships

### DETAR FORFEITS LEHIGH, NAVY AND CORNELL DEFEATED

### By Special Correspondent

Intercollegiate Wrestling Champion, 1917-1918—Penn State. So stand the records as a result of the gruelling contests held last week at Columbia University in New York City. Five teams fought for supremacy, but when all was over, the point score showed Penn State the real master with six individual champions and 14 points, the highest score ever made in this classic event. Far behind Captain Long's team and tied for second place, were Cornell and Lehigh with 17 points each. Penn finished with seven points, Columbia with two, while Princeton was unable to defeat a team in the big event.

Six Blue and White grapplers won the right to wrestle in the finals and each man came through without a single defeat. Nelson, Czarnicki and Shultz won on clean-cut falls, while Captain Long, Horst and Down earned decisions over powerful opponents. Deini, who was elected captain for next year, put up a terrific fight in the preliminaries and secured a draw against Penn in the initial nine minute bout. Because of his injured shoulder, however, he was unable to continue and the bout was forfeited to the Penn grappler.

### Title Event To Come Here

Penn State made a wonderful showing in its first appearance as a contender for the intercollegiate wrestling title. Coach Yeager has developed a team which holds an undisputed first place among the colleges, and he deserves a great deal of credit for the work of the team. As a tribute to the Penn State wrestlers, the Intercollegiate Wrestling Association at its business meeting, voted to hold the championships at the latter institution next year. As a result, the State students will be enabled to witness the great annual wrestling classic in the Armory. L. R. Lovitt '19, was elected manager for next year.

Of Penn State's total score at the intercollegiate "Tommy" Nelson accounted for seven points, and his showing was without doubt the big surprise of the meet. Competing in three bouts, he secured a fall in every case. His notable victory being over Huntington of Cornell in the finale. Huntington had already defeated Nelson on two occasions. Czarnicki's great superiority over his opponents showed him an easy way to the title.

### Bevier Wins Title

The only other college to secure a first place was Lehigh. Captain Bevier, in the 125-pound class, threw Ross of Penn in the finale, after having previously defeated Ackerly of Cornell in the semi-finals. As Detar defeated the Blue and White captain two weeks ago, Penn State's title was in jeopardy that had the star 125-pounder not been injured, another title would have come to Penn State.

Horst eliminated Rosenkewitz of Columbia in the preliminary, and Detar of Cornell, his old rival, in the finale. This bout was the most exciting of the whole meet, and Horst gained a decision only after 21 minutes of hard wrestling. The first bout of nine minutes was an extra bout of six minutes.

## FRESHMEN DOWN SOPHS IN SCRAP

### First Year Men Overcome Stiff Resistance Offered By Sophomores—Score Is 29 To 21

The annual scrap basketball game between the Freshmen and Sophomores was held last Friday evening and resulted in a victory for the first-year men, 29 to 21. The outcome of the game, however, was at all times uncertain, even started, and the score at the end of the first half was 11 to 7 in favor of the Freshmen. With the start of the second half, however, the Sophomores took a decided start and were able to equal the score of the first half. The Blue and White were able to overcome the lead which the Sophomores possessed.

The Freshmen started out strong and ran up a big lead before the Sophomores even started, and the score at the end of the first half was 11 to 7 in favor of the Freshmen. With the start of the second half, however, the Sophomores took a decided start and were able to equal the score of the first half. The Blue and White were able to overcome the lead which the Sophomores possessed.

### Ritner High Scorer

Ritner was the high scorer for the Freshmen, securing fifteen points for his team in the form of six two-pointers and three goals from free throws. Metcalfe, Bevier, and Wolfe were responsible for the majority of the scoring done by the Sophomores. Metcalfe scored three goals from the field, and Bevier and Wolfe each two, while Wolfe added to his score by netting three goals from the key.

## MIRACLE PLAY WILL BE PRESENTED SUNDAY NIGHT

The student members of St. Andrew's Episcopal Mission will present before the college on Sunday night in the Auditorium, the old York Mile Play of the Resurrection. The cast will be composed of students of St. Andrew's, assisted by four ladies of the Mission and the chorus which is under the direction of Professor Robinson. The play will be presented in the Auditorium of St. Andrew's Episcopal Mission. The cast will be composed of students of St. Andrew's, assisted by four ladies of the Mission and the chorus which is under the direction of Professor Robinson.

## DUTY OF COLLEGE MAN IN WAR IS DESCRIBED

### President Sparks Says We Must Learn Lesson of Unit Movement—The College Man's Time Is The Property of the Government and He Is Bound To Use It Wisely And To Eliminate Minor Detail

My message from the camps is that the great lesson of unit movement versus mass movement, the good of the individual merges itself into the good of the whole. The one great admonition I heard in the military camps was "You must always move together. If one man goes over the top before the others, he will concentrate all the fire upon himself and with almost certain fatal results. You are to be 300 meters to travel with them and not behind them."

Coupled with this thought naturally came that of preserving the prestige of the college which you represent. A fine individual of a soldier or a college man might suggest a line of conduct or action which would gratify his personal wish but that wish he must always place second to a consideration of the patriotic duty he owes his country, the obligation to preserve the prestige of his regiment and his company, together with the moral obligation to maintain the good name of his college.

"May no act of ours bring shame to one heart that loves thy name" is the Penn State call to that loyalty which exercises a restraint on impulse, calls for sober, second thought in time of excitement and makes public opinion the final mentor of conduct.

Final Test Is Self Control

Five men are at the present time confined at the college infirmary with measles and mumps. They are R. R. Moss '21, C. K. Taylor '21, R. T. Vandergift '21, and D. W. Dilsall '21.

## PLAN ADDITION TO COLLEGE CUSTOMS

### New Ruling Requires Members Of Freshman Class To Speak To Each Other When Passing

As a final result of the "Get-Together" campaign of a few weeks ago, Student Council at its last meeting unanimously approved an addition to the college customs that will require Freshmen to speak to one another when they pass upon the streets or walks of the campus. The campaign was launched by Council as a means for promoting better fellowship and comradeship among the students of all classes, and the ultimate outcome in this addition to the Freshmen regulations is aimed at a continuance of that feeling in the future.

This step follows a suggestion on similar lines that was made by the COLLEGIAN in a recent issue and it met with hearty approval in Council. If found necessary, the addition to the customs will be presented to the student body in mass meeting for final approval in the near future.

Over 300 at the organization meeting of the Freshmen classes, the new rule is urged by the Junior officers to speak to every other man wearing a green "shirt" and the new ruling will make this compulsory. It is thought that a better feeling of fellowship will be the result of this custom, and it will undoubtedly be carried through the remaining years of each class, and avoid the chief causes that existed this year for the necessity of a big "get-together" for that purpose.

The new custom which will be printed with other Freshman regulations in the "Y. M. C. A. Handbook" where every Freshman will be able to see it, is as follows:

"Freshmen shall speak to each other in passing on the street."

## TRACK MEET IS GREAT SUCCESS

### Many Men Report And Much Interest Taken—More Men Urged To Come Out

The first of the weekly handicap track meets which have been arranged by Coach Martin was held last Saturday on New Haven, and some good material was uncovered. The handicaps, in most cases, were well made, so that the races were all very interesting. Most of the varsity men showed up exceedingly well, particularly Way, Merrill, K. A. Uley, and Orr. While they were not all victors, they ran in very fast time being because of the handicaps. Some of the new men also showed lots of promise. Maxwell winning the mile and Bailey, the half in the quarter, Demming with a five yard handicap, just missed out Merrill, who was a sixth man.

Although Ganzmuller won in his semi-finals of the 100 yard dash, he did not clear the hurdle in this grade. The other contestants in a better chance, and Schuler, having a handicap of ten yards, took first place. Uley won the 220, five feet away with both the hurdles, and McCollum, with a handicap of 25 yards a mile in track in the two mile. In the field events, the pole vault, the high jump, and the running broad jump were the most interesting. First place in the pole vault was taken by Wilcox, who cleared the bar at ten feet. His handicap was five inches. "Charles" was pulled first place in both the high and the running broad jump. With a handicap of five inches in the former, he jumped six feet six inches. In the running broad jump although not up to his standard, he jumped 21 feet nine inches. First places in the shot put, hammer throw, discus, and javelin throw were taken respectively by Tittel, Emory, McCollum, and Potter. All of these men, with the exception of Emory had handicaps.

The purpose of these handicap meets is to give every man a chance to show what he can do in track, and they will be held every Saturday, week to week, including April 17. It is hoped that many will enter next week. Potter, who won the javelin throw, was not entered in the meet but was merely throwing the javelin back to the contestants. It was noted how fast he threw it, and on being invited into the contest, he came out in first place.

## CLASS CONSTITUTION WILL BE REVISED

### Changes Necessary For Complete Harmony Between Constitution And Budget System

The proposed amendments to the Interclass Constitution, which were placed before the student body in a mass meeting this morning while of minor importance in themselves, are nevertheless essential to more clearly define certain duties of officers and committees, and to clear up certain obvious omissions, and to bring the constitution into line with the budget system.

The proposed amendments to the Interclass Constitution, which were placed before the student body in a mass meeting this morning while of minor importance in themselves, are nevertheless essential to more clearly define certain duties of officers and committees, and to clear up certain obvious omissions, and to bring the constitution into line with the budget system.

## SENIOR CLASS WILL BUY LIBERTY BONDS

At the last meeting of the Senior Class held in Old Chapel on Friday evening, it was decided that the money for a class memorial should be invested in Liberty Bonds. The conditions of the Senior Class of last year to purchase Liberty Bonds, and it was their request that the class of 1918 make a similar investment if the same conditions existed. This action of the class met with the approval of the President. The money will be used to improve the campus in some way after the war, probably in conjunction with the 1917 class.

From a list of those eligible for the Senior I. W. White Fellowship of \$100, the following ten names were selected to be presented to a Faculty Committee on Scholasticity: C. A. Niekke, H. A. Williams, S. J. Zimmerman, A. H. Doyle, M. J. Jones, D. D. Packenthal, R. D. Lewis, R. V. Jones, Miss M. I. Zimmerman, J. F. Kray, and P. D. I. Derr. The committee will select two from this list, the same notice being awarded the J. W. White Medal. The names of the two who will be presented to President Sparks, after which they must be ratified by the general faculty.

The finance committee announced that the last annual and Senior class meeting would be held on Saturday, March 30th. The Honor System was then discussed and an appeal was made to the seniors to help in maintaining it.

## Dr. Sparks Is Welcomed Home

An enthusiastic reception was given to Dr. Sparks by the entire student body, when he arrived home last Tuesday evening, after his lecture tour of the southern training camps. When Dr. Sparks was received by the President, he was accompanied by a large number of students, and a large number of students, and a large number of students.

## JUNIORS ATTENTION

There will be an important meeting of the Junior class in Old Chapel tonight at 8:30. Nominations for next year's officers will be held.

### LA VIE CANDIDATES REPORT

All candidates for the editorial and staff of the 1920 La Vie are urged to report to Room 475, Old Main, tomorrow evening at 7 o'clock.
