Penn State Collegian

More New Uniforms To Be Seen On The Campus

VOL. XIII. No. 27

STATE COLLEGE, PA., WEDNESDAY, APRIL 3, 1918

PRICE FIVE CENTS

BIG WRESTLING MEET IS PLANNED

Former Stars of Blue And White Teams Invited To Participate In Event At Commencement

If present plans materialize, the students of Penn State may be given an opportunity to see a real wrestling meet before the close of the present year—a meet along side of which the Intercollegiate will pale. The meet will be held at the "Come Back of the Old Timers" on some such title, and it is planned to hold it on Monday afternoon of Commencement week.

Arrangements for this grappling contest are being made by Dr. Stecker and Manager Johnson of the "Varsity" team. The affair will be held at a Red Cross tent and all of the proceeds will be turned over to the Penn State Branch of that organization. The time of the meet has not yet been decided upon nor is it known just what provision can be made with regard to dismissal from classes on the afternoon in question. As is always the case, the meet will be staged in the Army.

Former Stars Invited
Invitations have been sent out to "Dex" Verry, 115, former 155-pound wrestler; Shollenberger, 12, former captain and 146-pounder; Brown '16, brother of the present "Varsity" wrestler and former 125-pound man, "Shorty" Long '16, the original "Shorty" who was captain of the 125-135 team; Pickett, '15, whose favorite hold was the scissors; and several former wrestlers of the Blue and White. It is just possible that "Doc" Lewis may be able to come up for the meet, in which case he will probably wrestle.

Definite plans are not completed but it is hoped to lay more stress upon individual bouts than on team competition. Several of the former stars have already expressed their willingness to compete and answers are expected from the others in the near future. The majority of the men are in good condition although they will not be down to the weight required in their former classes, with the possible exception of Verry who has been doing considerable wrestling at Pittsburgh during the past winter.

JUNIORS HAVE FIRST MILITARY "NIGHT OUT"

Members of R. O. T. C. Take Hike To Baulsburg and Pine Grove—Amusing Incidents Occur

The Juniors of the Reserve Officers' Training Corps received their first practical experience toward becoming officers last Saturday and Sunday, when a hike taken along military lines, was conducted to Baulsburg and thence to Pine Grove Mills. The men were under the direct command of Major Bayless and Senior officers.

They left town about half past two and advanced by way of Lemont and Oak Hill, the work during this part of the trip consisted of advanced guard and patrol work, and as twenty-four men had been sent on ahead to act as the enemy, it was the duty of the patrol to capture these if possible. Baulsburg was reached at six o'clock, when an elaborate supper at a nominal sum was served by the ladies of the Baulsburg Red Cross Auxiliary.

Immediately afterward, outposts were placed to guard against any surprise attacks by the Baulsburg garrison, and fifteen men were sent out to try to creep in as spies without being discovered. The patrols were relieved every hour and it must have been at one of these intervals that four of the "spies" were fortunate enough to get inside the lines without being discovered. Certain it is that this unfortunate event occurred, but, sad to relate, in so doing it was necessary to cross, snake-like, Baulsburg's principal river, and the unavoidable consequences occurred. The unfortunate "spies" were "doused to the skin." This all came under the evening's entertainment, however, and at eleven, those who wished to come home were allowed to do so, while the others bivouacked for the night in buns especially designed for this purpose.

Sherman Was Right
Watchers were placed, and this was indeed fortunate, for more than one brave cavalier endeavored to court the fair sex of the Baulsburg population, and more than one brave cavalier also woke up to the fact that all "is fair in love and war," but when it comes to

(Continued on Last Page)

SENIOR NOTICE

The last opportunity to pay Senior Class Dues will be on April 3rd, 4th, and 10th from 7:00 to 8:00 o'clock at the Co-op.

According to the Interclass Constitution Art. 2 Sec. 6—"Any Senior who shall be delinquent in the payment of dues, assessments, or fines on the fifteenth of May prior to Commencement, shall not participate in any class procession, class day exercises, or any other class function."

Due to the shortened semester this year, the final date for the payment of class dues has been set as April 10th.

SCRAP BETWEEN LOWER CLASSES ON SATURDAY

Annual "Tug-of-War" Between Freshmen and Sophomores To Be Held On Old Beaver Field

As was announced last week, the annual "Tug-of-War" between the Freshmen and Sophomores will be held on Saturday, April 6, at 1:30 p. m. on Old Beaver Field. D. T. Hill, '18, is the chairman of the committee which has had charge of the class scraps this year, and this committee working under his supervision has made the final plans.

In previous years, there has always been some difficulty in securing the rope which is used in the Tug-of-War. Up until this year the rope has always been secured from out of town, and for this reason, there was always some uncertainty whether it would arrive in time for the scrap. But this possibility has been eliminated this year by using a rope which is in possession of the college. While this rope is not so large as those previously used, it was thought better to use a fewer number of men in each pull and hold more pulls, than to have a hundred men on each side as was the original plan. The idea of using fewer men was first tried out in the scrap held last spring and the fact that the scrap was one of the most exciting and closely contested held here in a long time points to the success of this plan.

The Tug-of-War was substituted for the old time Flag Scrap when all scraps as formerly held were abolished by vote of the Student Body. It was thought that the danger element in the scraps was too great, and accordingly the Tug-of-War was substituted. This scrap is in every way as exciting as were the ones previously held and it is evident that it is not nearly so dangerous.

Rules for the Scrap
Many inquires concerning the rules under which the scrap will be held have come to the COLLEGIAN office and in order that everyone may know the exact rules they are printed here as they were adopted when the scrap was being considered.

1. The place of the scrap shall be between the Track House and Professor Diemer's residence.

2. The scrap will consist of three periods and the class winning in two of the three periods will be declared the winner of the scrap. The class winning the scrap shall have the privilege of choosing Freshman colors.

3. Each period shall be five minutes unless one side is able to pull the other side completely over the center line on the road before the expiration of this time. In case of a tie, an extra three minutes will be allowed, which must be taken after the period is over.

4. The rope shall be not for the side in whose territory the center of the rope is at the end of the period. It will count one point for the side that is able to pull the other past the center mark on the road.

5. There shall be no previously arranged footings. There shall be no mechanical means for holding the rope. Everyone will be compelled to wear rubber-soled shoes, shirt or jersey, and trousers.

6. All male members of the Sophomore and Freshman class, except those on the approved athletic list or those physically incapacitated are eligible, but those who are not on the approved athletic list will be given an equal number on each side and a deficiency, if any, chosen from men of the first period.

Another difficulty which has always resulted in this scrap is the fact that the number of Sophomores who turned out to participate in the scrap was not sufficient to make up fifty men for each of three pulls. It is plainly stated in the rules that even a man in the Sophomore class is eligible except those physically unable and those on the approved athletic list. However, it is to be hoped that the Sophomores will turn out in sufficient numbers this year.

PRESIDENT'S MEDAL AWARDED TO CO-ED

For the second time in the past two years, the President's Medal, which is awarded to the student having the highest scholastic standing at the end of each semester, has been presented to a girl. Miss Edna Sell '21, was awarded the medal for the first semester this year. The highest grades were made by J. A. Ballado, '19, but since he has gone to the service, Miss Sell, who stood second, was declared the winner.

PHI KAPPA PHI MEETING

The annual meeting and initiation of the Phi Kappa Phi Society will be held in the Auditorium Tuesday morning, April 23, at 7:30 sharp. This is the only notice that will be given to the members.

MAKING PLANS FOR MONSTER CARNIVAL

Patriotic Barbecue To Be Run On Elaborate Scale—Entertainment Features Arranged

Do you have your ticket for the big patriotic carnival and barbecue yet? If not, you had better get busy for they are sure to get like hot cakes, and if you do not have a ticket, you do not get any of the monstrous ox and all the trimmings that go with it. Tickets only cost fifty cents and the committee claims that they would be cheap at twice the price. Of course you know the date—April 13th—and the stage will be set on the hill field behind the Army. The time is from two o'clock "on", depending on how long the ox takes and other things of less importance.

Of course you can bring a girl! That won't cost you any more than one of these "Hitler Dances," and in fact, not nearly so much. The local states or well as in the surrounding county, and they may also be obtained from any member of the "Stick-Together" Committee.

While the original idea was to limit the "Stick-Together" events primarily to students, it is hoped to make this final event of the campaign a great patriotic gathering of all the people from the surrounding county as well. And while the day will be devoted to a general good time for both young and old, the patriotic and more serious element will also be present in the speeches that are to be given.

Milton Watt, of the British Army, who is in this country as a member of the British War Mission, has been secured as a member of the British War Mission, has been secured as the chief speaker and his talk will take place in the afternoon. Efforts are also being made to secure several famous orators of the day for this date and if the contents to come here, his talk will be given in the evening, probably in the Auditorium. It is also planned to have other speakers here on that day.

No plans are being spared to make the entertainment features of the program a success. It is proposed to rope off a large rectangle about the center of the field where sports of all kinds will be held. As much as this will also be "Moving-Up Day," each class is expected to furnish some "stunt" to add to the program, and it is to be hoped that the classes are making arrangements to do so.

A big parade is to precede the carnival and arrangements for this are now in the making. It will end over on the hill field. There, the customary country fair stunts will be pulled off. There will be the usual number of sack races, potato races, and so forth, for which the prizes will be the grand prize with a \$25 gold piece on top, and the grand prize, which will lead its pursuers a merry chase before being caught.

Girls To Take Part

The girls are to have a prominent place in the day's events for they will be in charge of the candy, candy ice cream and the like home-made candy and cake will be for sale, and there is not the shadow of doubt but that these tables will be one of the centers of attractions. Under the direction of Miss Water, it is also hoped to have the girls take part in a folk dance.

Military features are also to be added to the program and in order to accommodate the large crowd that is expected to be on hand, it is probable that one of the R. O. T. C. companies will be called upon to do police duty about the grounds. The college authorities are co-operating with the student committee and intend to see that the affair will be a housing success in every respect.

NOMINATIONS MADE FOR SENIOR OFFICERS

The Junior class held a very important meeting in the Old Chapel last Wednesday evening, when nominations were made for Senior officers. According to the Interclass Constitution, the elections must be held on Wednesday night. The nominees for president are: H. D. Robb, R. E. Chrysler, B. P. Webster, C. W. Votis, G. W. Sullivan and C. W. Brown were also nominated but withdrew their names.

Freshman Class Holds Nominations

The Freshman class held a class meeting in the Chemistry Amphitheater last Wednesday evening, at which time officers were named for the coming year. An exceedingly large number of candidates was named for each office, so that the election will require several ballots. They will be held in about a week.

The nominees for president are: J. B. Demming, J. L. Packer, C. I. Roberts, W. C. Gehring, F. B. Roelker, R. E. Scheldomantel, II. N. Bentz, G. A. Snell, L. W. Krieger, J. K. Phillips, H. S. C. French, T. H. Ritter, R. K. (Continued on last page)

BIG PATRIOTIC MASS MEETING THIS EVENING

Lieutenant Perigord Of French Army To Speak--To Announce Winner Of Definition Contest

BASEBALL SCHEDULE UNDER CONSIDERATION

Home Games May Be Arranged With Dickinson, Lehigh And Gettysburg

A monster patriotic mass meeting is scheduled to take place in the Auditorium this evening, starting promptly at 6:15 and the chief speaker of the evening will be Lieutenant Pierre Perigord, of the French Army. The meeting will be a combined "Stick-Together" celebration and a patriotic demonstration, and the self-organized feature will be the awarding of the prize for the best definition of Penn State which will be held on Saturday.

It was originally planned to hold a patriotic meeting on Saturday, which will be "Win-the-War Day" throughout the county, but for several reasons it was thought advisable to combine such a meeting with the one originally scheduled for this evening particularly exciting and decide whether or not they will play any inter-college games. A tentative date has been arranged with Dickinson for Wednesday, April 17th, and Gettysburg are also under consideration. However, it is impossible to arrange a full schedule of only a few games can be scheduled at this late date.

There is much good material competing for the "Varsity" team, although there has been very little outdoor practice due to weather conditions. McCaughey and Burroughs are working behind the bat and both have shown up well this far. Johnson and Gramley have done the majority of the twirling both of them being in fine condition for so early in the season. Captain Wheeling, Mingle and Meakle look good for infield duties, while Guibb, Coolidge and Mallan have been showing up well in the outer garden. The majority of these men were of last year's "Varsity" team, while several of them played on the strong Freshman team. There is also a large number of other competitors and it is quite probable that the best of them will be selected to represent the college in the "Varsity" team.

"Bull" McCleary to Aid Coach Harlow

Considerable effort is being exerted in organizing sports class teams and all of the classes have a large number of candidates in competition. An interschool schedule is being arranged and it is hoped to start the games in the near future. In the absence of the regular "Varsity" games, the class teams will furnish the greatest amount of entertainment in this sport.

COLLEGE PREPARING TO TRAIN ARMY MEN

First Quota Expected To Arrive Here Within Next Week—More Equipment Being Purchased

Arrangements have practically been completed for the 189 U. S. Army men who will arrive here the latter part of this week or the beginning of next. The contact with the college for the training of the first quota was signed by the college authorities and especially by the Interclass Committee, which has charge of coaching the backfield men for the Blue and White "Bull" team down the football berth on the State campus for several years, and he has been in coaching during the seasons 1910 and 1911, and he was highly successful in this work. McCleary will not report for spring practice this year, Coach Harlow carrying on this work alone.

Practices are being held daily for the football men and each afternoon they are being drilled in the fundamentals of the game. The men are showing up well in their studies, and especially in the case of some of the Freshman representatives, Coach Harlow will be forced to form a new nucleus for an eleven next year as many of the former guardsmen have enlisted in the service. Captain Robb, Was, Fischling and Wolfe have been doing very good work in practice and Osborne has also been showing up well.

ALUMNAE RETURN

Several of the Penn State alumnae returned to spend Easter at the college. Among them were Miss Florence Vogel '16, Miss Agnes Reynolds '16, Miss Margaret Erwin '16, Miss Elizabeth Trembly '17, Miss Marian Callaway '17, and Miss Grace Schaeffer '17.

FAST TIME MADE IN HANDICAP MEET

Track Coach Martin Is Delighted At Performances Of Men Who Have Reported

The second of the all college handicap track meets which have been planned by Track Coach "Bill" Martin, was held on Saturday and was a success in every way. The day was ideal for holding such a meet and a fair sized crowd of students was on hand to witness the competition. The handicaps which the contestants had were determined at the previous meet held two weeks ago and at the first handicap meet last week. During the intervening time, however, it has been possible to give the men more fatherly handicaps and consequently the events were much more evenly contested than last week.

There were good sized entry lists in all of the track events, and in spite of the fact that many of these men failed to appear, the meet was a success. In the 200 yard dash, Krall ran a pretty race and he was able to win in the final heat in twenty-three and four-fifths seconds. On a pretty race in the mile but was unable to overcome the handicap which some of the contestants had and consequently failed to place in the two mile, one of the most exciting races of the afternoon was seen. There were but five contestants, with one winning from scratch, and Miller, who had a handicap of 100 yards was just able to win from McCollum, who was a scratch man. The race was very closely contested and McCollum came in only a few yards behind Miller.

The field events were not so closely contested and there were fewer competitors, some of the events being awarded to the only man who was entered. The 200 yard dash, 1st, Krall, 2nd, Sholli, 3rd, Adams. Time, twenty-three and four-fifths seconds.

100 yard dash, 1st, Sholli, 2nd, Skene, 3rd, Jefferson. Time, nine and four-fifths seconds.

200 yard dash, 1st, Krall, 2nd, Sholli, 3rd, Adams. Time, twenty-three and four-fifths seconds.

100 yard dash, 1st, Grimes, 2nd, Krall, 3rd, Williams. Time, fifty-two and one-fifth seconds.

800 yard dash, 1st, Johnson, 2nd, Bailey, 3rd, McMillin. Time 2 minutes.

1 mile run, 1st, Stickle, 2nd, Mack, 3rd, Newhouse. Time 11 minutes 38 seconds.

Two mile run, 1st, Miller, 2nd, McCollum, 3rd, Jones. Time 21 minutes, five and three-fifths seconds.

3.20 yard high hurdle, 1st, Wolf, 2nd, 3rd, disqualified. Time, seventeen and two-fifths seconds.

Big Alumni Rally At Commencement

The Alumni Rally will be the main feature for the commencement celebration, which will be held from April 21 to 23. The committee in charge is leaving nothing undone to make the affair a huge success. President Sparks has approved the work of the committee in urging a get-together of Penn State alumni for the commencement period, and an excellent program has been worked out.

The celebration will open with the commencement sermon on Sunday morning and a band concert will be rendered in the afternoon. Monday will be inspection day and at this time the alumni will be privileged to see the student body at work, for college will be open as usual, and none of the classes will be suspended. A lunch program has been arranged for Tuesday, Alumni Day, opening with a review of the entire program and the R. O. T. C. Athletic events of all kinds will be run off in the afternoon and the alumni will be privileged to look Penn State's material over. There will also be an informal dance and reception on Tuesday evening, as well as many other events for the entertainment of the returning alumni. The celebration will close with the alumni athletic events, which will be held on Wednesday afternoon. The graduation exercises will be held on Wednesday morning.

There is also a probability that many of the classes will hold convocations during the celebration, but no definite information has been received on this point as yet. The entire celebration will be in keeping with the "economy" urged by the government, and no expenditures will be made for lavish commensals. It will be strictly wartime commencement, and the alumni who return will be shown the part Penn State is taking in the "winning-the-war" program.

CHAPEL SPEAKER TO TELL OF CONDITIONS IN AFRICA

The college speaker for next Sunday will be Dr. H. K. W. Kumm, F. R. C. G. of Summit, N. J., general secretary of the Council of the American Branch of the Student United Mission. Dr. Kumm will also speak at 6:15 on Saturday evening in the Liberal Arts Assembly Room and again in Old Chapel at Sunday vesper.
