

### It Stands to Reason

that the tobacco store that turns their stock every few days and devotes their full time to the care and selling of tobaccos, Cigars, Pipes and confections will give you better, cleaner goods and the service to which you are entitled, than the store that does not. Ask our patrons.

**GRAHAM & SONS, On the Corner**

### CHANGES TO BE MADE IN LIBERAL ARTS FACULTY

Beginning next semester, there will be a number of changes in the faculty of the Liberal Arts. With the departure of Mr. A. T. C. and the resignation of Mr. C. C. C. in the department of English, several new instructors have been added while a number who have been teaching rhetoric will be transferred to the department of romance languages.

### BISHOP DARLINGTON TALKS AT BOTH CHAPEL SERVICES

The Right Rev. James H. Darlington, Bishop of Harrisburg, was the college speaker at both chapel services last Sunday. In his address at the Freshman meeting, he strongly advocated the policy of liberal-mindedness in religion, and not narrowness. Along this line he said: "Attendance at the college chapel probably does a man more good than to go to a denominational church, for at the chapel he hears men of all religious denominations. He can pick out the good points in the religion of others and, on the completion of his college course, will be the more able to help his home church, and make needed criticisms. It is not sacrilegious to attend Sunday musical entertainments, etc., for one of the highest forms of religious expression is music. The educated man is never bigoted."

### "HOT" EDGERTON VISITS STATE

Ensign Robert H. Edgerton of the class of 1917 was a visitor at Penn State for a few days last week. He will be remembered by the older students as one of the star football men during his undergraduate days. At present he is stationed on a submarine at New London, Connecticut.

### Y. M. C. A. TO HOLD STUDENT NIGHT ON SATURDAY

Secretary Donor, of the Y. M. C. A., has completed the program for the student night which will be held on Saturday night in the Auditorium immediately after the basketball game. Several interesting features are being planned and indications point to a good program.

### L. P. A. MEETING

The Penn State branch of the Inter-collegiate Prohibition League will resume its meetings on Monday, January 27, at 6:30 p. m. in Room K of the Library. The officers elected at the close of last year, none of whom were in college during the first semester are all expected to be present, together with a large number of the old members.

### CONOVER RETURNS

"Larney" Conover, captain of Penn State's 1917 football team, who has been in the army at Camp Hancock, Ga., has returned to college and expects to enter regularly next semester. Conover played center and also captained the team. It will be remembered that his team defeated the one captained and coached by Howard Berry, the former Penn star, in a service game last fall. Conover will be eligible for the Blue and White 'varsity' next fall and should be a big help to Coach Dezelak.

### NEW METALLURGY INSTRUCTOR

Mr. O. A. Knight has been appointed instructor in metallurgy. Mr. Knight comes from Watertown Arsenal, Massachusetts, where he has been doing government work. He is a graduate of Ohio University and was a post-graduate student at the Harvard School of Mines.

### DEBATING RESOLUTIONS UNDER CONSIDERATION

The candidates for the debating team met Saturday afternoon in the Foyer of the Auditorium for the purpose of discussing the resolutions for debate proposed at the meeting Monday evening, January 13th. Each candidate had written a letter to Professor Marshman, expressing his views on one of the resolutions. The majority wrote on the resolution which proposed a national debate will be chosen until next Saturday. Gettysburg and Swarthmore have asked for dual debates but no meeting has as yet been arranged. The roster is still open and any other person desiring to become a candidate must be present at the meeting in the Auditorium next Saturday at 1:30 p. m.

### FORMER CARTOONIST DEAD

R. B. Henschen '18, of Harrisburg, died on October 11, 1918, at Boyertown, of the Spanish influenza. While in college, Henschen was cartoonist on the COLLEGIAN staff for two years, and a frequent contributor to "The Froth." He was a graduate of the department of agronomy.

### LOST ARTICLES AT Y. M. C. A.

The following articles have been turned into the Y. M. C. A. where they may be secured by their owners: fountain pen; pair cuff links; watch crystal; two knives; two note books; two trigonometry books; descriptive geometry; differential calculus; "Nature and Development of Plants"; "Plant Breeding"; and "Soils."

### ALUMNI SUCCUMBS TO "FLU"

Word has been received of the death of Edward C. Lee '08, on December 16 from influenza and complications. Mr. Lee received his B. S. degree in 1908, and the degree of Mining Engineer in 1913, and was employed as assistant to the Director of the Department of Inspection and Safety, of the Associated Companies at Pittsburgh, Pa.

### ORCHESTRA TO RENDER CONCERT NEXT SUNDAY

The second of the series of Sunday afternoon concerts will be given by the college orchestra next Sunday at half past three. An interesting program has been arranged, varying from Herbert's opening march to a fantasia on favorite melodies. The next concert, on Sunday, February 2, will be in the nature of community singing, accompanied by the college military band.

### Fine Reconstructed Rubies

set in substantial well made mountings. YOU HAVE SEEN reconstructed stones containing enough bubbles to appear as though some puppy had been "treading water" in them—not so, with these stones which are carefully selected as to texture, color and cutting—they are the best reconstructed stones known to science. Shuey's Jewelry Store

### BOXING PRACTICE IS PRODUCING GOOD RESULTS

Boxing practice is being held every evening in the Armory under the direction of Coach Harlow, and the men who are out for this sport are making very good progress. Although there are many candidates in the field the most of them are under-classesmen and several Juniors and Seniors are needed for the boxing events which are planned for next month.

About the middle of February there will be preliminary bouts in which men will be tried out for the exhibition tournament which will be held on Washington's Birthday. Anyone who has had any experience in boxing may enter these preliminaries. About the middle of March there will be an inter-class scrap meet between the Freshmen and Sophomores, and an all-college tournament is planned for the latter part of the same month.

### BERKS COUNTY CLUB MEETING

There will be an important meeting of all students from Berks county in Room 121 Old Main Thursday, January 23, at 6:45 p. m.

### PROFESSOR TOMHAVE WINS FELLOWSHIP IN SCIENCE

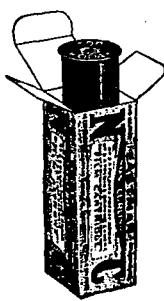

A member of Penn State's faculty was highly honored recently when Professor W. H. Tomhave, head of the department of animal husbandry, was elected a Fellow of the American Association for the Advancement of Science. Elections to this body of noted American scientists are made only upon the recommendation of a special committee which investigates the records of the men whose names are proposed. To be elected a Fellow of the Association a man must have accomplished some noteworthy scientific work. Professor Tomhave's election is in recognition of the valuable experiments which he has been conducting along agricultural lines. Distinction must be made between a Fellow and a member of the American Association for the Advancement of Science. Anyone may be a member of the association by paying annual dues but only a person who has done extensive scientific research work may be elected a Fellow.
