

Are You Going to Celebrate On Washington's Birthday?

Penn State Collegian

Well, the Five Didn't Make Such a Bad Showing After All

VOL. XIV. No. 5

STATE COLLEGE, PA., WEDNESDAY, FEBRUARY 5, 1919

PRICE FIVE CENTS

STATE FIVE BREAKS EVEN ON EASTERN TRIP

Blue and White Team Registers Victories Over Muhlenburg and Lehigh

WOLFE, AND KILLINGER STAR IN CLOSE GAMES

The Penn State basketball team returned home on Sunday afternoon from its annual eastern trip, after having won two of the four games played during the four days this invasion lasted. The State five emerged victorious in the games with Muhlenburg and Lehigh, but the experience and greenness of the team was responsible for the defeats which were met at the hands of the University of Pennsylvania and Lafayette. The result of this trip increases State's number of victories to four and makes two defeats which the Blue and White five has met so far during the present season.

WRESTLING STARS STRENGTHEN SQUAD

Return of Garber, Shaulis, and Mills Add Greatly to Penn State's Prospects on Mat

Since the opening of the second semester the wrestling prospects for the Penn State varsity have considerably brightened. A number of old wrestlers has returned and these with the available material developed in last Saturday's interclass meet should enable Coach Yorgor to round out another intercollegiate champion wrestling team.

CADET REGIMENT IS ORGANIZED

Lower Classmen Are Now Drilling Every Afternoon—Former Army Men Act as Officers

The student cadet regiment including all the male members of the Freshman and Sophomore classes has been formed and is now at work every afternoon in the week. As soon as the vacation was over, it was decided by the Council of Administration that a regular drill which was part of the curriculum before the coming of the S. A. T. C. Under the Land Grant Act, it is necessary that every male student in the regular classes shall spend at least five hours per week in military drill and it was to fulfill this provision that the student regiment has again been formed.

RAILROAD STATION WILL BE MOVED

Made Necessary to Accommodate New Engineering Buildings—Will Build New Units

The Bellefonte Central Railroad Passenger and Freight Station will be moved to some other location, according to the present plans, in order to accommodate the new engineering buildings. Through the cooperation of the railroad, the Power Plant and the School of Engineering, and the Board of Trustees, the contemplated location of the Power House which is to be built on a separate tract on the north-east corner of College Street and Burrows Street, which will therefore necessitate the removal of a building and buildings for the present location. The main building, however, is to be on the west side of the main entrance. Both buildings will be constructed of native limestone as much as possible.

GENEVA TO MEET STATE ON FRIDAY

Western Pennsylvania Champions Come With String of Victories Behind Them

The next game of the present basketball season will be played on Friday evening when the State five will meet the Western Pennsylvania College quintet on the Astor floor. This will be the first time that the Blue and White team will have seen action since their return on Sunday from their eastern trip. The State team has had considerable practice since its last appearance on the local floor and with the experience which it gained during its invasion of eastern territory there is no doubt that a good team will be ready to meet the Western Pennsylvania Champions.

PLANS BEING FORMED FOR WASHINGTON'S BIRTHDAY

Army Officers Will Review the Battalion—Penn Wrestlers and Pitt Cage Men to Appear

HOLIDAY TO START AT CLOSE OF SECOND HOUR

SOPHOMORES WIN INTERCLASS MEET

Wrestling Team of Second Year Men Has Little Difficulty in Overcoming Three Opponents

The Sophomore wrestling team fully lived up to all expectations last Saturday afternoon, when it won its annual interclass wrestling meet by a large margin. The Seniors, however, proved a disappointment, for when they had counted upon to enter at least three men in the finals, they succeeded in placing only one. In the final outcome, the Sophomores scored 25 points, while the Seniors scored 5, while the Freshmen failed to score.

PLANS BEING FORMED FOR WASHINGTON'S BIRTHDAY

The program as outlined tentatively for Washington's Birthday on Saturday, February 22, shows a wide variety of events occurring within the shortest possible time. In accordance with the plan of the college this year to have as much of a semester actual work as possible, only two hours will be omitted, the celebration starting at the close of the second hour. This was made necessary by the fact that it has been decided to start the all week recess at Easter, which it had been contemplated cutting down considerably this year.

The game opened with a great deal of dash, but for the first fifteen minutes the Blue and White quintet swept its opponents completely off their feet and captured an early lead which was not overcome until the close of the first period. Killinger was the star of the game, managed to catch a pair of passes during the first few minutes of the opening period and was the only Blue and White man who was able to pierce the defense of the Pennsylvania five. The passing and team work of the State team during the first period was the best which has been seen this season and Sweeney, star forward of the Red and Blue quintet, was the first Penn man who was able to secure a goal from the field. This came during the end of the first period and was quickly followed by a pair of points from free throws which evened up the score and from this point on, the Blue and White five was never able to secure the lead again.

Shaulis is probably the strongest contender for the 175-pound class. While he was unfortunate last year in breaking his shoulder, he has nevertheless returned to the game and easily disposed of his opponent in Saturday's meet. Mills was a 135-pound wrestler on the Blue and White team several years ago, and his return will greatly strengthen the team. He has doubtless gained in weight and will likely be the choice for the 145-pound position.

Return of Garber, Shaulis, and Mills Add Greatly to Penn State's Prospects on Mat

Among those who have returned their studies are Garber '20, Shaulis '21 and Mills '19. Garber was the 115-pound wrestler on the Sophomore team of last year, and according to his work in the interclass meet Saturday, he is almost sure to hold down the 125-pound class on the varsity team this coming season. However, he will have a strong opponent for this position in F. L. Watson '21, who is a clever little wrestler and who may Garber extend himself to the limit to win last Saturday.

RAILROAD STATION WILL BE MOVED

The Board of Trustees will meet the architects in Philadelphia, considering plans for the building. The Board of Trustees have approved the erection of units "A" and "C," which will be paid for by the insurance received on the building. Material has already been ordered for the construction work and the weather permits the former unit "B" with the stone masonry, which will be completed in the near future. The ground having already been cleared for this purpose.

GENEVA TO MEET STATE ON FRIDAY

By virtue of its extraordinary performance last year the Geneva five claimed the championship of Western Pennsylvania. During last season the Geneva five met and defeated the teams from Allegheny, Pittsburgh, and W. and I, besides registering defeats over smaller colleges in the western part of the state. The Geneva five caused considerable favorable comment from several well-known sporting writers and the team which will meet the State five on Friday night will be the same as that which captured the Western State championship last year.

SOPHOMORES WIN INTERCLASS MEET

Wrestling Team of Second Year Men Has Little Difficulty in Overcoming Three Opponents

The Sophomore wrestling team fully lived up to all expectations last Saturday afternoon, when it won its annual interclass wrestling meet by a large margin. The Seniors, however, proved a disappointment, for when they had counted upon to enter at least three men in the finals, they succeeded in placing only one. In the final outcome, the Sophomores scored 25 points, while the Seniors scored 5, while the Freshmen failed to score.

PLANS BEING FORMED FOR WASHINGTON'S BIRTHDAY

The program as outlined tentatively for Washington's Birthday on Saturday, February 22, shows a wide variety of events occurring within the shortest possible time. In accordance with the plan of the college this year to have as much of a semester actual work as possible, only two hours will be omitted, the celebration starting at the close of the second hour. This was made necessary by the fact that it has been decided to start the all week recess at Easter, which it had been contemplated cutting down considerably this year.

During the second half, the Penn team managed to maintain its lead which was slightly increased by the foul shooting of Sweeney. McNichol secured two field goals during this period while the Blue and White engagemen were unable to locate the basket. The final score of the game, 23 to 14, falls to impress the hard fought character of the game, and the State five put up one of the hardest fights which has been seen on the Weightman Hall floor in a long time.

There is still much discussion regarding the holding of the intercollegiate on March 21 and 22. Some of the members of the intercollegiate Wrestling League are in favor of holding them while others seem to be opposed to them. It is found advisable to postpone the match this year, it is probable that negotiations will be undertaken with Iowa State University for a meet to be held on the latter's floor some time during the latter part of March.

FEW MEN REPORT FOR TRACK TEAM

Only Twenty Candidates Out for Blue and White Cinder Squad—One Year Ruling Not in Effect

Track practice was begun last week when about twenty candidates reported and were put to work. This number is smaller than in previous years, and the number of years, and if the varsity team is to come through this season as successfully as it has those of former times, about three or four times the number of men will be required. For the present the men will do light work, such as running cross country, in order to get them into shape for more strenuous practice later on. It is smaller than in previous years, and the number of years, and if the varsity team is to come through this season as successfully as it has those of former times, about three or four times the number of men will be required.

MAN OLD MEN RETURN FOR SECOND SEMESTER

Approximately three hundred old students have returned to college at the beginning of the present semester, according to figures from the Registrar's office. In addition to this, fifty new Freshmen have matriculated. The Registrar has suggested that this sentence in a letter written by them to return to school. He cited the instance of one man in Italy who was absent from college for a year and a half, and would have been here for the present semester, had it been possible.

Dr. Fletcher Leaves For Work Overseas

Dr. S. W. Fletcher, head of the Department of Horticulture, left on Monday evening for New York where he will take passage for France in the course of a week or ten days. Dr. Fletcher will take up educational work with the overseas forces as soon as his present duties are completed. He has completed a year's intensive training in New York City. Arrangements for Dr. Fletcher's leaving have been completed for some time. In fact, the Y. M. C. A. under whose auspices he is going, has been in touch with him for over two months, but it was not until Monday that Dr. Fletcher received word to report in New York. He has been granted a leave of absence until September, at which time he will return to Penn State to resume his duties as head of the Horticulture Department.

PLANS BEING COMPLETED FOR SUMMER SESSION

Plans for the 1919 summer session to be held at the college from June 20 to August 8 are progressing rapidly and the indications are that a number will attend the session this year much larger than any since the war began. At the present time the preliminary arrangements are being prepared and when completed over 15,000 will be sent out to the public school teachers and educators of the state. The annual bulletin announcing the courses, faculty, and a large number of these will then be sent out.

COLLEGE IN NEED OF 1918 CATALOGUES

The supply of the 1918 edition of the Pennsylvania State College catalogue is exhausted and new catalogues cannot be had before May 1919. The student demand for these is at the present time and lack of the catalogues lessens the prospect for a large Freshman class next September. The Registrar is desirous of having all copies of this edition returned to his office immediately so that the demands of prospective students for catalogues may be supplied. It was announced by the Registrar that 5000 copies of this catalogue had been printed for use, but this supply is now exhausted and unless catalogues are provided, the size of the Freshman class next September will be smaller than usual. Many of the catalogues which are in possession of the students are of no value to them, but are invaluable to the college and the students can render the college a great service by returning these catalogues to the Registrar's office immediately. They may also be left at the COLLEGIAN office.

PROGRAMS COMPLETED FOR FARMERS' WEEK

The programs for Farmers' Week to be held here February twenty-four to twenty-eighth have been completed and are now being distributed in all parts of the state. This year's lecturers will emphasize very strongly rural life problems, and some of the most prominent agricultural men in the country are to give addresses.

State Man Head of Poison Gas Factory

Colonel W. H. Walker, a Penn State graduate of the class of '90, will reportedly be in charge of the new factory at the Massachusetts Institute of Technology, has been credited with being responsible in a large measure for the bringing about of this immense project. This factory will produce a large amount of mustard gas. He is in charge of the largest poison-gas factory in the world which met the requirements of the Allied nations and the United States. The factory was brought to a successful termination.

PROMINENT LAWYER TO BE CHAPEL SPEAKER

The Hon. Charles D. Beury, a prominent lawyer of Philadelphia, will be the speaker at both chapel next Sunday. He will talk on the present conditions in Europe. Mr. Beury is well qualified to speak on this subject, having written several books on the subject. One of his most recent works, "Russia and the World," has been translated by Dr. Sparks, as a complimentary copy for the library.

PLANS BEING COMPLETED FOR SUMMER SESSION

Plans for the 1919 summer session to be held at the college from June 20 to August 8 are progressing rapidly and the indications are that a number will attend the session this year much larger than any since the war began. At the present time the preliminary arrangements are being prepared and when completed over 15,000 will be sent out to the public school teachers and educators of the state. The annual bulletin announcing the courses, faculty, and a large number of these will then be sent out.

INTERESTING CONCERT ARRANGED FOR SUNDAY

The next of the series of Sunday afternoon concerts will be given next Sunday in the Auditorium at 3:30 p. m. when J. L. Wilsbach '11 will render an organ recital, a cycle of songs will be presented by Charles W. Dorn, and recitations will be given by the varsity quartette. Mr. Wilsbach is the college organist and also the accompanist of the Glee Club, while Mr. Dorn is the director of the College chorus, the Freshman choir, and the Glee Club, in the absence of Dean Robinson. An attractive program has been arranged, and this concert will give promise of being up to the standard of the preceding ones.

STUDENT COUNCIL MEETING

The regular meeting of Student Council will be held tonight at 8:45 in room 121 Old Main. All members are expected to be present.

Referee, Carl Wright, Umpire, Carnay. Time of halves, twenty minutes.

SECOND GAME BRINGS VICTORY

The second game of the trip was played in Allentown, where the Blue and White engagemen defeated Muhlenburg by a score of 33 to 15! The outcome of this contest was no period in doubt and the entire State five contributed to its final score of thirty-three points. The Muhlenburg team was unable to score a single goal from the field during the entire first period while the Blue and White quintet was able to score six of the two pointers. Mullan, Ritts and Wolfe contributed to the State score to the greatest degree, being responsible for twenty-nine of State's thirty-three points. Killinger and McMillin were able to guard the Muhlenburg forwards so closely that they were unable to register a single goal from the field. Mayor proved to be the best point-getter for the Allentown five, securing nine of his team's total of fifteen points. Green, Schuler, and Feldman were each able to score one of the two pointers. Ritts did the foul shooting for State during this contest and managed to get seven points by this method. Wolfe proved to be the man best able to pierce the Muhlenburg defense and managed to get six goals from the field, while Mullan registered four and Ritts two.

MAN OLD MEN RETURN FOR SECOND SEMESTER

Approximately three hundred old students have returned to college at the beginning of the present semester, according to figures from the Registrar's office. In addition to this, fifty new Freshmen have matriculated. The Registrar has suggested that this sentence in a letter written by them to return to school.
